The Big Show Is Coming.

Ringling Bros. and Barnum & Bailey Bring Entire Shipload Of Novelties From Europe.

Made even more tremendous than in 1921 by the recent addition of many more trained-wild animal displays and the purchase of Europe's biggest horse show, Ringling Brothers and Barnum & Bailey combined will exhibit at Baltimore, May 18th, 19th and 20th.

All who glance over the cable news or who read the magazines must have noted the many contracts entered into by the Ringling Brothers for foreign talent last winter. A special ship was

chartered this spring to bring the hundreds of human performers, trained animal acts and equine displays to America. More than a million persons saw the mammoth new circus of 1922 during the weeks that it exhibited in Madison Square Garden, New York. Now this marvelous exhibition is touring the country abroad five great railroad trains. It is a third bigger than the Ringling Brothers & Barnum & Bailey show of last season. It is ten times larger than any other circus now on tour.

Big as this wonder circus of 1921—with its more than twenty trained wild-animal displays in steel arenas, fully 150 wonderfully schooled trick horses, 700 men and women performers, 100 clowns, and scores of features—the price of admission is no more than before. And though the trained animal numbers and the immense horse show were circuses in themselves while touring Europe, they are not offered as separate attractions by the Ringling Brothers and Barnum & Bailey combined shows. Instead all are on one gigantic program. Everything is in one mammoth main tent. One ticket admits to all and includes admission to the tremendous double menagerie. There are more than a thousand animals in the zoo of this circus and these include a tiny baby hippopotamus only recently born, and accompanied by its three-ton mother. Another remarkable zoological feature is an armored rhinoceros, the only one known to exist and for which the Ringlings recently refused an offer of \$39,000.
