INVESTIGATE

WHY pay more? In good many instances, for an article of less value. The only successful plan is—INVESTIGATE, learn by comparison, and learn just as a great number of clothing users in this locality are doing.

We Reiterate This Stubborn Fact

i. e.—we are making clothes to order. Fit, material and workship fully guaranteed for less money than you can NOW buy same qualities in ready-made for and we reiterate this indisputable reason, i. e.—no large stock to carry and carry over, large rents and up-keep generally.—THIS IS WHY.

We have a full line of—

Alpaca and Mohair Coats
Linen Dusters and
Rain Coats

from a specialty house. See them and compare prices.

LOCAL NOTES

THE lightning killed a fine horse for Mr. Richard Rasin, of near Kennedyville, Saturday, struck the steeple of the M. E. Church at rock Hall, killed several hogs near Millington and burned several shocks of wheat. The rain did great good.

E. R. Anthony, of near Chestertown, is erecting an immense tank at his farm in Queen Annes, near the bridge, which will hold 1700 gallon. From this reservior will run a piping system which will be used for the purpose of irrigation.

Mr. Anthony will start this scheme of furnishing water for his truck by using an acre and will increase the acreage if successful to a much larger area.

A gasoline engine will be used to pump water into the reservoir, from whence it will be forced through the pipes by air pressure, also furnished by an engine. The pipes will be about eight feet from the ground, about the same as he used in his hot house.

"ACHMINSTER," the estate of the late Henry A. Nowland, 2 miles north of Middletown, Del., has probably produced the banner crop of wheat in upper Delaware. There was produced 5234 bushels of wheat 192 acres of land, averaging 30¾ bushels. On one field of 42 acres the yield was 36 bushels to the acre. The variety grown was the Harvest King and Stoner.

DON'T forget the Salem M. E. Church excursion to Port Deposit on Monday, August 10th.

THE Chestertown barbers were called on to "bob" the hair of the dancing girls at the show at the Fair grounds this week. It was a new experience for Harry and Howard.

LOCAL grain buyers in Kent have bought over 250,000 bushels wheat thus far this season. Wm. Archibald, Metcalf & Co., C. W. Kibler, Finley Collins, Harry Jewell, A. S. Turner and others have been active in the purchase of grain. As high as 83 cents have been paid this week.

As advertised in last week's issue, Graham & Thomas held their annual clean-up sale last Saturday. While the approaching thunder storm drove many home, Mr. Graham says the sale was fairly successful, although not many of his carriages were disposed of.

THE personalty sales heretofore advertised in the NEWS have been well attended by bidders and stock has sold high, cows bringing $100 and horses up to $175, other fine personaltie's are advertised in this issue. There is a sale every day next week except Saturday.

A COLLISION occurred on the State Road in Queen Annes near the bridge Saturday night at about ten o'clock between two teams. Both were almost completely demolished. One lived in Kent and one in Queen Annes.

PAMPAS PLUMES

All the early travelers to South America, especially Peru, never forget to mention in describing that country the luxuriant Pampas Plumes that grow wild on the Pampas or plains. Later visitors to California were enthusiastic over the flower gardens. California, a country famous for flowers, where the Pampas Plumes are cultivated, they grow many times larger than in their native country, resembling a beautiful Ostrich Plume.

The manager of the California Cars that are to visit our city soon has been fortunate in securing a limited number of this beautiful product of nature, and will present one each to the first fifty married ladies who have paid admission tickets each day during their stay here.

A CARD TO CITIZENS.

Do not confound the North of Bay Counties Exhibit Cars with any other exhibit cars that have ever visited the city.

We are not selling land, neither are we advertising for railroads.

We are sent out by the twelve boards of trade, made up of the business men and ranchmen to promote immigration to our particular section of California, and show the products which we raise without irrigation.

We are here to show you what is being done daily in the land of sunshine, fruits and flowers, where the harvest starts on New Year's day and ends on New Year's eve.

The inducements we offer in our part of California in climate, soil and opportunities are unsurpassed in any other section of the west.

Our expenses are heavy. We pay for everything as we go, and we find it necessary to make a small admission charge, as do all world's fairs, to help defray expenses.

The two cars are filled with a grand array of fruits and vegetables, curios and relics from all over the world, including the largest shark ever captured, all going to make up what might be termed a little world's fair on wheels, and the most instructive exhibit that has ever paid your city a visit.

Two cars loaded with products from California will arrive in Chestertown with the regular Sunday evening train next Sunday at 7.28 p. m. It will stay at a siding the the Pennsylvania Railroad yards until August 4, exhibiting many things that are well worth seeing. The display, sent out by twelve commercial civic organizations in counties north of San Francisco, is made up of 1500 distinct exhibits, which include examples of Luther Burbank's success in experimental horticulture, many other interesting specimens of the California fruit industry and sevetal curiosities. Among the latter are a devil fish and a giant shark, preserved by the taxidermist's art and very lifelike. It cost the twelve commercial bodies $60,000 to assemble the exhibits and equip the two cars, which have been traveling over the railroads of the United States for nearly three years. There was a deficit of $16,000 in operating expenses for the first two years. Eight hundred men of northern California promptly made the amount good by contributing $20 each.

Where Shall I Go This Evening ?

To The Candy Kitchen

Hot weather has started and the taste for good, cool ice-cream is returning and the only place to get it is at the CANDY KITCHEN.

Our friends have noticed what a nice clean parlor we keep and have favored us all along with an ever-increasing share of their patronage. There is but one reason for this increase. We keep the cleanest, purest cream in town, as well as the best line of purely Home-made Candies.

Everything good to eat can be obtained at our parlors, and there is no better way to spend a few minutes these warm evenings than to come with your friends and hear the good music while you eat. New records every week.

Of course we keep a full line of cigars, cigarettes, and tobacco. We also handle all kinds of fruits in season, and we might remark that nothing but pure fresh fruits go into our ice-cream.

If there is a party, a festival, a picnic, or an excursion—remember that you can get a special discount on cream bought in large quantities. Shipped free over five gallons. This is a saving.

We are always glad to see you and your friends at all times. Come in and spend a while with us. Yours very truly,

Chestertown Candy Kitchen
