DR. MANNY SPEAKS

Interesting Address Delivered Before the Federated Club.

Dr. Frank A. Manny, of Johns Hopkins University, delivered an interesting lecture Friday evening before the Federated Club at the home of Mr. and Mrs. W. W. Hubbard. About sixty were present, who enjoyed the occasion.

Mr. Raymond Moody, of Chestertown, paid a fitting tribute to the speaker in his introductory remarks.

Speaking of prisons, Dr. Manny said that he doubted that few people of this community realized the poor condition of Chestertown jail, which he visited Friday. He said that the place was very poorly ventilated and that the disinfectant spread about was hardly adequate.

The speaker also said that one prison he had visited on the Eastern Shore was a veritable hot-bed of tuberculosis and that he had been informed that many healthy negroes had been confined there one month and had contracted the dread disease in that time.

We are in receipt of a booklet explaining Dr. Manny's work in detail and, if space and time would permit, much of it no doubt, would be of great interest to our readers.

While in town Dr. Manny was the guest of Prof. W. Raymond Moody on Washington avenue.

CHURCH NOTES.

All invited to these services.

Revival meetings of nearly four weeks duration in Double Creek M. E. Church were brought to a close on Wednesday night with more than 70 conversions. Rev. C. T. Jones, the pastor, will start similar meetings at Union Church next Sunday night, November 1. Good singing and a spiritual time is expected. THE CHARM OF MOTHERHOOD

Enhanced By Perfect Physical Health.

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
