A Draft—You Catch Cold—Then Follows

Coughs, Cold Stiff Neck Neuralgia

Especially in the piercing pain of neuralgia or the dull throb of headache is Sloan's Liniment wonderfully relieving. Laid lightly on the part where the pain is felt, it gives at once a feeling of comfort and ease that is most welcome to the overwrought sufferer.

Hear What Others Say:

"There are no Liniments that equal Sloan's. My husband has neuralgia very often, he rubs Sloan's on his face and that is the last of it."—*Mrs. V. J. Brown, Route 1, Box 121, Halls, Tenn.*

"I have used Sloan's Liniment for family use for years and would not be without it. We have raised a family of ten children and have used it for croup and all lung trouble; also, as an antiseptic for wounds, of which children have a great many, it can't be beat. My wife sprained her ankle last summer and it was in bad shape. Sloan's Liniment applied enabled her to be as good as ever in a week. I have used it several times for sprains and rheumatism."—*John Newcomb, R. R. No. 2, Keokuk, Iowa.*

SLOAN'S LINIMENT

It works like magic, relieving Lumbago, Rheumatism, Sprains and Bruises. No rubbing—just lay it on. Price 25c. All dealers. Send four cents in stamps for TRIAL BOTTLE. Sent to any address in the U. S.

HER DEATH IS PROBED

Marks On The Head of Mrs. Rio J. Hudgins Leads The Coroner To Investigate.

Widow of the Late Washington Hudgins, of Chestertown.

As a result of an investigation of the death of Mrs. Rio J. Hudgins, widow of ths late Washington Hudgins, a former well-known Chestertown citizen, 72 years old, who was found in her room on the third floor of 1124 East Madison street yesterday morning, Coroner E. J. Russell, of the Northeastern district, last night asked Lieutenant Scott, of police headquarters, to assign two detectives to the case.

Detective Lieutenants Thos. J. Quirk and John Mintiens worked until an early hour this morning on the theory that the woman met death by other than natural causes.

The body is at an undertaker's chapel on North Broadway and an autopsy will be performed by Dr. N. G. Keirle this afternoon. For many years Mrs. Hudgins had lived alone. A bankbook found in her room showed a balance of $500 in a savings bank.

It was learned late last night that when the body was examined several wounds were found on the head. One wound indicates that the woman was struck with what seems to have been a claw hammer.

Mrs. Hudgins' body was found by a boy living in the house. Her feet rested in the bathroom and her form was lying across the doorway into her little room. It is said that the woman was thought to have been killed by gas, but Coroner Russell found that one light and a gas stove were burning in the room when the body was found.

The police were notified and the pulmotor of the Consolidated Gas Electric Light and Power Company was called, but the efforts of the operators were useless. Two $5 bank notes were found in the room by the police.

Mrs. Hudgins had been a widow for several years. She had been offered a home with relatives, but she refused. Before the holidays she drew a sum of money from the bank. She has one brother living in Cincinnati.

Detectives Quirk and Mintiens went to the house at midnight, after a consultation with Coroner Russell, and made an examination.—Sunday Sun.

It was decided by the coroner that she died from natural causes. The wounds on her head were caused by the disease she suffered with.
