We know you like good, pure Ice-Cream, and you should do so

Pure Ice Cream! Has the thought ever entered your mind, while enjoying a plate of cream under what conditions it was manufactured?

Did you ever investigate the plant in which the cream you have been in the habit of buying is made?

Do you appreciate the fact that there are different qualities of Ice Cream sold at exactly the same price that good, pure cream can be obtained for?

To produce absolutely pure, wholesome Ice Cream, the manufacturing plant and general conditions must be sanitary from the foundation. Cleanliness must be the watchword. Good material the substance. Careful and clean help in attendance.

Ice Cream is a Pure Food Product—a Wholesome Product—an Appetizing Product—if you know that is manufactured under absolute cleanly conditions.

Ice Cream manufactured by the Chestertown Candy Kitchen at their establishment on the corner of High and Cross Streets, is made under strict sanitary conditions, from the best products the markets afford, and cost you no more than the inferior grades sold elsewhere.

The Chestertown Candy Kitchen solicits your business for home use. They serve the family trade as well as dispense their Pure Ice Cream and Fancy Ices in boxes or packed, Soda Waters, Fancy Sundaes, etc., at their store at High and Cross Streets.

WASHINGTON WINN

Beat M. A. C. By Score Of 12 to 6 and Play Mt. St. Joseph a Tie Game For 13 Innings

Maryland Agricultural College lost to Washington College, of Chestertown, 12 to 6 Saturday in a game marked by heavy hitting, sensational fielding feats and daring base running.

Derrick, who started on the mound for the Farmers, got away well until the third session, when the Eastern Shore men by virtue of a fusillade of knocks combined with several bad errors by the Aggies, registered five scores. Chichester, who relieved him, although effective at times, was batter for safeties when hits meant runs.

Biddle, the Washington College team's star twirler, despite a bad start, settled down after the initial inning and was practically unhittable thereafter. W. Wallace, the visitors' second baseman, played brilliant ball, as did also Siegert at the second station for the Aggies.

In the seventh inning, with the bases loaded, Wallace made a circus catch of Day's apparent hit over second, preventing several runs and nipping in the bud what looked like a rally for the Aggies.

Washington pulled off a squeeze play and otherwise played a heavy brand of ball. Spedden and Derrick starred with the willow, each getting three safeties. Spedden hit twice for extra bases, while Frampton for the visitors clouted to deep right-centre for the circuit in the third inning, scoring two of his teammates ahead of himself. This hit was one of the longest ever made on College Field.

Especially For The Members of The Modern Woodmen.

The following is from the Head Clerk of the Modern Woodmen of America:

"This paragraph is written in the hope that it will reach the eye of the individual member of the local camp more particularly than that of the camp Clerk Every month the Head Clerk is called upon to mail out suspension notices to members who have failed to pay their assessments on time. Upon receipt of these notices it is no uncommon thing for the recipient to address a red-hot letter to the Head Clerk, protesting that his suspension was arbitrary and uncalled for because he had been given no notice either by the Society or the Camp Clerk that he was in arrears. It should be impressed upon the mind of every member that an assessment is due *every* month; that it is levied by the by-laws without requiring publication notices, and that the individual himself is responsible for knowing his exact standing as to the discharge of his obligations. The member should not expect to be told that his assessment is unpaid. It is up to him to keep track of his payments, and if he will do this there is little likelihood that he will ever be annoyed by the receipt of a suspension notice. A word to the wise is sufficient."
