Manufacturer and Dealer in
FARM IMPLEMENTS,

has to present to his friends and patrons a full line of such goods as are seasonable to supply the trade at all times of the year. We handle

The DEER CORN PLANTER,

which takes the lead in corn planting in this country for simplicity and accuracy.

Improved SULKY CULTIVATOR

One man can accomplish more work than two with the old 5-tooth, and can do it far better. We have secured a new style Spring-Tooth Sulky which excels anything now on the market, and which we are selling, to introduce them, at a very low price. Come and examine this tool and get our quotations. We can also furnish you the well-known "Iron Age" Sulky Cultivator from our stock at rock bottom prices.

The Deering Binders, Mowers, Rakes
AND TWINE

are the leaders in this line throughout the world, and we have represented them here for the past 19 years with the greatest satisfaction to ourselves and patrons.

BEST HORSE SHOERS

in the State, we will give your horse careful attention if brought to us. We have been established in Galena for

OVER THIRTY YEARS,

which is an assurance that we are here to stay, and if you will call here we will supply your wants in our line at short notice, and at the lowest prices. Your patronage of the years past has been greatly appreciated, and hoping that you will continue with us, thank you in advance for same.
Yours respectfully,
W. A. HYLAND, Galena, Md.

THE
"Good Times"

that we read about everywhere has succeeded in steadily advancing the prices of all Raw Materials (iron, steel, lumber, etc.,) used in the manufacture of

Sewing Machines,

and the time may not be far off when it will be *absolutely necessary* for us to raise our price at least Twenty Dollars. We hope not; but if you are thinking of buying a new machine, our advice is, do it now. The new ball bearing, light-running, No. 9 is the style to have.

THE BASE BALL SEASON.

Washington College Has Captured Everything in Sight.

The base-ball season opened on College campus, April 28th, with the Waverly Athletic Club. It was a one-sided contest, W. C. winning by a score of 24 to 2. The features were the battery work of Charles and Marine, the batting of Trenchard, Kirk and Powell, and the rapid fielding of the college boys, who played an errorless game. Kirnnear behind the bat, and Farrell at first, put up the best game for the visitors.

SCORE BY INNINGS.

W. C.	6 7 3 4 4—24
Waverly	1 0 0 1 0— 2

Two-base hits—Powell 2, struck out by Charles, 3; by McKenzie, 3. Sacrifice hit—Charles. Bases on balls—by Charles, 3; by McKenzie, 13. Left on bases—W. C., 9; Waverly, 3. Time of game, one hour and forty-five minutes. Umpires, Tracy and Dorsey.

On May 5, the Druid Outing Club was vanquished on college campus, 19 to 12. The visitors were easy victims to Charles' curves, while the college boys hit Woods at will. The heavy hitting of Capt. Burris and Charles, the base-running of Massey and Kirk, and the all-around playing of Marine, were the features for the college. Moore played an excellent game for the visitors; the batting of Homer was also good.

SCORE BY INNINGS.

W. C.	9 7 2 1 0—19
D. O. C.	0 0 2 0 10—12

Three-base hits—Charles 2, Burris, Homer, Clary. Two-base hits—Marine, Moore, Blake. Struck out—by Charles, 5; by Burris, 1; by Woods, 5. Bases on balls—by Woods, 7. Left on bases—W. C., 6; D. O. C., 2. Time of game, one hour and forty-five minutes. Umpires—Tracy and Maltz.

The following schedule of games is arranged for future dates:

Gallaudet College, May 19.

St. John's College, June 2.

All games except Mt. St. Mary's, are to be played in Chestertown.

The young ladies of Normal Hall have organized a tennis club, with the following officers: President, Miss McFeely; vice-president, Miss Crew; secretary, Miss Woodcock; treasurer, Miss Peddicord.

WHY BOYS LEAVE THE FARM.

The following is extracted from a paper read by R. M. Bell, of Decatur, Illinois, before the Logan County Farmers Institute:

"How few real homes we find on the farm. How often what we call home is a place to hang up your hat, get three meals a day and lie down to sleep; a place where father and mother and children stay. How few of these stopping places more than satisfy our daily physical wants' and utterly fail to supply our mental and better necessities. Is it any wonder our boys and girls make comparisons with the homes they imagine exist in the towns and cities? Home in its real sense is an inspiration to all boys and girls. If it exists on the farm it is an inspiration to a nobler, better manhood. If it is not on the farm, there grows up with the boy a resolve to get away from his crude evironments and try to find what his head and heart so yearn for. Home must be where love and confidence predominate, where the head and heart receive the first consideration, where the elements of the house, the yard, the barn, the field, are congenial to our circumstances and best natures; an environment where character can develop, where self respect is cultivated, and truth and justice are established in the fiber of the growing boy.

This ideal home need not be a place with costly appointments. I think I have seen as many pure, true homes in log cabins and cottages as in more pretentious houses. And the history of the great men in America will fully confirm this assertion.

A boy is a queer study. His prattle and rattle are evidences of enterprise. They are not evidences of cussedness and depravity. It rather indicates a want of judgment and a need of kindergarten inquiry to discover the inherent abilities of the boy and guidance into those lines. It is the general practice to curb all ebullition of the vigorous mind, hand and legs of the boy, and make him do as we want, whether he wants to or not.

A boy 10 years old nowadays knows more about what he wants than boys used to at 20 years of age. Do not forget that the 21 years to his majority is a tedious term to a farm boy. The farm boy imagines from what he sees of city and town young men that they must have a very much better time, and he desires to try it.—*Texas Stock and Farm Journal.*

Refrigeration on Warships.

Several governments are beginning to fit refrigerating machines in ships of war. During the last year the English vessels Niobe and Europa have been fitted with apparatus, working with carbonic anhydride by a Dartford firm, which also supplied machines for three warships of the United States navy, for a cruiser for the Russian navy and for three battleships for the Japanese navy.

A SORRY SIGHT

It is, to see a strong man shaken like a reed by a paroxysm of coughing, which leaves him gasping for breath. People have suffered with bronchial affections for years, with obstinate, stubborn cough, and growing weakness. They have tried doctors and medicines in vain. At last they have been induced to try Dr. Pierce's Golden Medical Discovery, with the general result experienced by all who put this wonderful medicine to the test—help at once, and a speedy cure.

For coughs, bronchial affections, weak lungs, spitting of blood, and other diseases of the organs of respiration, "Golden Medical Discovery" is practically a specific. It always helps; it almost always cures.

"I had been troubled with bronchitis and catarrh of the head for eight years; had severe cough, and at times great difficulty in breathing," writes J. W. Howerton, Esq., of Bigfall, Hancock Co., Tenn. "A portion of the time my appetite was poor and part of the time I was unable to do anything. I had been treated by our best country physicians for several years but with little benefit. I had been reading about your medicine for a long time but hadn't much faith in it. Last spring concluded I would try it, and before I had taken one-third of a bottle of Dr. Pierce's Golden Medical Discovery I began to mend. I continued taking it until I had taken several bottles. Took Dr. Pierce's Pleasant Pellets also. Now I feel like a new man, and can do as hard a day's work as any one."

Dr. Pierce's Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for paper covered, or 31 stamps for cloth binding, to Dr. R. V. Pierce, Buffalo, N.Y.
