Many New Fall Goods at Decidedly Less Than Present Market Prices

We're ready with tremendous assortments of new and dependable merchandise and sterling good value.

We're ready with the ambition to supply MORE people and serve them BETTER than ever in the past.

Market conditions today are the despair of many merchants. It has required months of thinking ahead and planning to overcome the higher price conditions.

Notwithstanding the general tendency toward advancing costs and threatened scarcity of some lines of goods, we've great lots of fresh, desirable and reliable merchandise to sell at LOW PRICES—in many instances at materially LESS than the prices asked today by the great majority of stores.

LEADER money-saving prices are a power of ECONOMY that even the purse of plenty cannot afford to overlook.

It will pay you to investigate and **it will pay you to OPEN A CHARGE ACCOUNT AT THE LEADER.**

A WORD FOR MOTHERS

It is a grave mistake for mothers to neglect their aches and pains and suffer in silence—this only leads to chronic sickness and often shortens life.

If your work is tiring; if your nerves are excitable; if you feel languid, weary or depressed, you should know that Scott's Emulsion overcomes just such conditions.

It possesses in concentrated form the very elements to invigorate the blood, strengthen the tissues, nourish the nerves and build strength.

Scott's is strengthening thousands of mothers—and will help you. No alcohol.

Mr. Watson, like thousands of other merchants, is saving moremoney by using a VIM. He writes in part as follows:

"Gentlemen:—I formerly employed a number of horses and wagons, but I am now making my deliveries with one VIM Truck. I should say it will easily do the work of two horse and wagon outfits, and costs about the same as one horse and wagon."
THOMAS WATSON, 324 N. 13th Street.

Mr. Watson is covering more territory, making more sales, developing more new business because he has a VIM.

He has a graceful, "classy" car that is advertising his business. He has a sturdy, durable, economical car that stands hard work. And besides he is saving real money. **You can do the same.**

HALF-TON CAPACITY VIM DELIVERY CARS

CHALMERS MOTOR CO. Detroit, Mich. U.S.A.

Quality First

After Nov. 30, it will cost you just $70 more to buy a 7-22 Chalmers. But the price on the 5-passenger 3400 r. p. m. Chalmers remains (for the time being) $1090 Detroit

Until midnight of Nov. 30 you can get a 7-22 Chalmers for $1280 Detroit—a car of rare ability, fascinating in body equipment, and, like a beautiful woman, of exquisite charm.

After that date the price becomes $1350 Detroit—$70 more. The $70 is just a few dollars less than the increase in cost of manufacture of this car since its appearance in June.

To those who have longed for the 5-passenger 3400 r. p. m. Chalmers—and have not yet possessed one, just a word of warning: the price remains unchanged just now—$1090 Detroit; we do not know how long this low price will continue. We reserve the right to increase the price without notice.

Only those who are buying materials such as go into high-grade automobiles can begin to realize the steady, upward trend of the materials market.

Just one condition today prevents a rise in price of the 5-passenger 3400 r. p. m. Chalmers—the fact that these cars are being made on a factory "work order" dating back several months.

Since the "work order" went through materials have jumped in cost again. When the current "work order" is completed and if materials remain at their present level or rise higher, only one course will be possible, an increased price.

Those who have been driving Chalmers cars know how diligent has been the Chalmers effort to set down cars of the quality kind.

They will understand how impossible it would be for Chalmers to dodge the increase-in-materials issue and maintain the prevailing price on the 7-22 Chalmers.

Lower the quality of the Chalmers car? Never. The Chalmers men take great pride, not only in the money the car makes for them, but in the car itself. And pride, as everyone knows, is a thing that can never be compromised.

It would be like Tissot trying to paint a picture to fit a price.

As long as there's a name "Chalmers", there will be a quality car, and as long as there's a quality car there'll be a price fixed—not by the Sales Department—but by cost accountants.

And there'll be a fair deal. Chalmers says these two 3400 r.p.m. models will be continued into next season. You can bank on that. So that a Chalmers car you might buy now will be exactly like the one you would buy next spring.

Remember the $70 you can save now by anticipating the rise in price. There's an old Scotch proverb that says "A dollar saved is a dollar earned". $70 buys a good suit of clothes, a good pair of shoes, a good hat and some good gloves. Also it just about pays your dues at the club for a year.

Or, if it's a 5-passenger 3400 r.p.m. Chalmers you want, our advice is to get one now.

We are not sure the price is going up and we are not sure that it isn't.

SERIES OF ACCIDENTS

Mr. Milton Baker has been suffering for ten days past with a broken rib. He was taken sick in the night and in moving about his room, fell and received the above named injury. He is able to be up at this writing.

Emory Hukill, the young Delawarean who was seriously injured in an automobile accident on the State road between Church Hill and Chestertown several months ago, is improving steadily. He left Pennsylvania Hospital, Philadelphia, last week, after undergoing treatment, and is now at his home in Middletown. Besides being painfully cut and bruised about the head and body, Hukill suffered a broken leg. He is still unable to walk.

Mr. George I. Harrison, of Crumpton, President of the Board of Election Supervisors for Queen Annes county, met with a painful accident in Centreville last Monday afternoon. In ascending the stairs leading to the office of the Election Supervisors in the Court House, Mr. Harrison slipped and fell against the balister, breaking his nose. Dr. W. H. Fisher rendered medical aid and Mr. Harrison is now recovering as rapidly as could be expected.

A little Ford that was rambling right along belonging to County Commissioner John Wood, of East Neck Island, Kent county, ran off the bridge at Tanktown hill about 2 miles from town Saturday night and had to be hauled to Stevensville by four mules to have a new front put on. No one was hurt, but the machine will be several weeks in the garage.—Queenstown News.

Florence Boyles, six years old, daughter of Ruhlie Boyles, near Starr, Queen Annes county, while returning home from school Monday afternoon was struck and killed by an automobile driven by Dr. Roe, of Caroline county. The accident occured near the child's home. The girl and a small boy were walking along the road at the time. As the machine came close to them they became frightened. The girl darted in front of the automobile and her life was crushed out. Dr. Roe placed the body in the machine and took it to her home.

The two-year-old son of Mr. and Mrs. Edward Smith had a severe fall on Monday and broke an arm.

KENNEDYVILLE

The Harvest Home and Home Coming service held in the M. P. Church last Sunday was quite a success. The Church was beautifully decorated for the occasion, music fine and a most excellent sermon by the pastor, Rev. Peter Schauer. Bro. Schauer is a earnest preacher.

Mr. Roger Kennedy and Miss Nellie Othoson spent Sunday at the home of Mrs. T. A. Godwin.

Rev. E. S. Fooks and family spent Monday with Mr. Will Hague and family.

Rev. Peter Schauer and family are spending sometime in Baltimore.

Grace Presbyterian Mite Society will meet at the home of Mr. and Mrs. William Krusen, Oct. 18th.

Rev. F. D. Reynolds while on a visit here was called upon to babptize James Edward, infant son of Mr. and Mrs. Jas. Weer. This was quite an event in the lives of these young parents. After the ceremony ice cream and cake was served to those present, consisting of the immediate family on both sides and Mr. and Mrs. E. T. Ohoson.

The Merry Makers met at the home of Mr. and Mrs. Robt. Hill.

The Grange will meet Monday evening and we hope to see a large crowd present as we are trying to have an extra program.

Mr. Richard Haggerty is spending some time in New York this week.

WOMAN NAMED FOR CONGRESS BY BIG MAJORITY

HELENA, Mont.—Jeanette Rankin, who has just been nominated in the Republican primaries for one of the two representatives-at-large to be chosen in Montana in November, led her ticket with 8000 votes to spare, and her election in November is practically conceded by those familiar with the political situation. She is running on a platform embracing equal suffrage by national amendment, state and national prohibition, and child welfare; and the overwhelming vote given her in the primary is thought to be indicative of the results of the prohibition referendum which is to be submitted to the voters of Montana in November.

Miss Rankin is the one woman credited above all others with having won the right of suffrage for the women of Montana two years ago, and for this reason women of every political faith are supporting her candidacy. She is a graduate of the University of Montana, the University of Washington and the New York School of Philanthropy. She is a native of Montana but has done sociological work in almost every state in the Union. As field secretary of the National Woman Suffrage Association, she has traveled from coast to coast, studying social and industrial conditions as she went. She has done settlement work in Chicago, and philanthropic work in California and Washington. As a representative of the national suffrage association she worked in the legislatures of New York, New Hampshire, Delaware, Florida, North Dakota and Montana. She also worked for the passage of the national suffrage amendment in the United States Senate during two sessions. She was chairman of the Montana suffrage association and was in charge of the campaign that carried suffrage for Montana in 1914.

Miss Rankin recently returned from New Zealand, reputed to be one of the best governed countries in the world, where she spent the winter studying industrial conditions.
