William B. F. Cranor
versus
Hattie P. Cranor.

In the Circuit Court for Kent County' in Equity. No. 2046.

THE object of the Bill filed in the above entitled case is to procure a Divorce, "a vinculo matrimonii," for the Plaintiff, a resident of Kent county, Maryland, from the Defendant.

The Bill states:

1st. That for the past ten years your Orator has been and still continues to be a resident of the State of Maryland, and now resides in Kent county.

2nd. That on June 14th, 1893 he was married to his wife, Hattie P. Cranor, with whom he resided in the city of Wilmington, Delaware, and Kent county, Maryland, until February, 1906.

3rd. That, though the conduct of your Orator towards his wife, the said Hattie P. Cranor, has always been kind, affectionate and above reproach, the said Hattie P. Cranor has, without any just cause or reason, abandoned and deserted him, and has declared her intention to live with him no longer, and that such abandonment has continued uninterruptedly for at least three years, and is deliberate and final, and the separation of the parties beyond any reasonable expectation of reconciliation.

4th. That your Orator and the said Hattie P. Cranor have had one child born to them from said marriage, who is now over twenty-one years of age and married.

It is thereupon this 26th day of April, A. D. 1918, ordered by the Circuit Court for Kent county, in Equity, that the Plaintiff by causing a copy of this order to be inserted in some newspaper published in said Kent county once in each of four successive weeks before the 27th day of May next, giving notice to the said Hattie P. Cranor, non-resident Defendant, warning her to appear in this court, in person or by solicitor, on or before the 12th day of June next, to show cause, if any she has, why a Decree ought not to be passed as prayed.

ATTENTION! Sick Women

To do your duty during these trying times your health should be your first consideration. These two women tell how they found health.

Hellam, Pa.—"I took Lydia E. Pinkham's Vegetable Compound for female troubles and a displacement. I felt all run down and was very weak. I had been treated by a physician without results, so decided to give Lydia E. Pinkham's Vegetable Compound a trial, and felt better right away. I am keeping house since last April and doing all my housework, where before I was unable to do any work. Lydia E. Pinkham's Vegetable Compound is certainly the best medicine a woman can take when in this condition. I give you permission to publish this letter."—Mrs. E. R. Crumling, R. No. 1, Hellam, Pa.

Lowell, Mich.—"I suffered from cramps and dragging down pains, was irregular and had female weakness and displacement. I began to take Lydia E. Pinkham's Vegetable Compound which gave me relief at once and restored my health. I should like to recommend Lydia E. Pinkham's remedies to all suffering women who are troubled in a similar way."—Mrs. Elise Heim, R. No. 6, Box 83, Lowell, Mich.

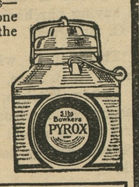
"For Potato Blight, I don't think PYROX can be Beaten."

"I have used Pyrox this season against bugs and blight. It certainly does the trick with the bugs, and *for blight, I don't think Pyrox can be beaten.*"

Such is the experience of Mr. E. R. Dissinger, Campbelltown, Pa., who ends his letter by saying—"I certainly would not do without Pyrox when growing potatoes."

No Fruit or potato grower can afford to overlook Pyrox. The fact that it serves two purposes is not a mere chance—but the result of scientifically uniting powerful insecticides and fungicides—thus making the one application do the work of two.



We shall be glad to send you the Pyrox booklet, and can supply any quantity you want, in small crocks, kegs, or barrels.

Pakro Seed Tape

AND SEEDS

"Every one who creates or cultivates a garden helps, and helps greatly, to solve the problem of the feeding of the nations."
—THE PRESIDENT

Why don't you and the kiddies have a PAKRO garden this year? Planting Pakro Seedtape is so easy—so simple that children can get expert results with it.

No measuring—no guessing—just plant a whole row at a time. After placing the tape in the furrow—pour water into the furrow and after water has seeped into ground—cover with earth.

The seed is contained in the paper tape which absorbs and holds the moisture around the seed—insuring the highest possible germination.

With Pakro Seedtape you get a more even stand—a more luxurious growth, a better garden than you've ever had before.

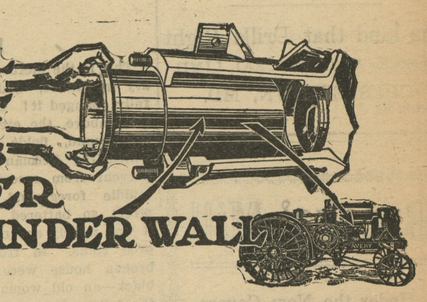
PULL OUT THIS INNER CYLINDER WALL



Here is an exclusive feature in tractor construction that you get only in an AVERY TRACTOR. It is the best idea that has ever been developed for a tractor motor.

The most vital spot in any motor is the inside of the cylinder wall. It gets the hardest wear of any part of a tractor and the Avery Tractor is the only tractor in which you can take care of this wear by slipping in a renewable wall whenever it should be necessary.

Whenever the inside of the cylinder wears or becomes scored in any way you don't have to buy a complete new cylinder casting as must be done with other tractors. Just get a new inner wall which can be bought at very much less expense and put it in and your motor is as good as new.

Because Avery Kerosene Tractors have renewable walls they can also be made of much harder material and will wear longer, can be machined better and make the motor run cooler.

This is only one of the exclusive features in the construction of the Avery Kerosene Tractors. They also have patented sliding frame transmissions are equipped with Duplex Gasifiers, a new device which turns Kerosene into gas and enables Avery Tractors to burn ALL the Kerosene.

Come in and see our sample tractors and find out all about the wonderful exclusive features that make the Avery Tractor the best buy on the market.
