GREATEST SHOW ON EARTH HERE SOON

Rumor Now Confirmed. Biggest Circus, Ringling Bros. and Barnum & Bailey Headed This Way

Bringing more than eight hundred of the world's premier men and women stars, three hundred and fifty performing horses and many big, new foreign features, the Ringing Brothers and Barnum & Bailey circus is to give performances at Baltimore, May 11, 12 and 13.

Here is a partial list of its wonders: One hundred railroad cars. Five rings in place of the three heretofore used. Six arenic stages. One hundred and fifty trained horses presented at one time in a magnificent "Equine Ballet." High-wire acts introducing no less than nine of the world's most famous dancing, somersaulting and bounding-wire artists in a single display. Five herds of trained elephants. A troupe of twenty leaping and long-distance jumping horses and many other imposing acts and features.

Among the host of noted performers are the Australian Colleano, the Spanish wizard, Mijares, Maximo, Naida Miller and Berta Beeson who head the congress of high-wire artists. May Wirth, the George Hannaford troupe, "Pril the marvel," the Ernestos and the Rieffenach sisters are among the seventy bare-back riding champions. Lillian Leitzel, Mlle. Fillis, the Clarkonian-Nelson troupe, the Siegrist-Silbons and the Rooneys lead the aerial display.

Entire families of famous gymnasts are being presented. These include the Colleano family of eleven remarkable athletes, the Nelson family, world's greatest acrobats and tumblers, the Picchianis troupe who have come from Italy to astound with their gymnic feats, the Medinis who perform upon ladders as high as the tent top, the Junetro troupe, acrobats who wear tali stilts, and a host of others.

The addition of two more circus rings has been effected by setting the circular curbs on two of the elevated stages. This makes it possible for Ringling Brothers to present for the first time in history, five seperate companies of performing horses at one time
