WELL ATTENDED

(Continued from Page 1)

while that of the Adult Division was in the hands of Mr. Brown and the county officers.

Rev. Omar E. Jones, Superintendent of the Middletown District addressed the convention on the subject "How to Increase Interest in Sunday schools." He said that the answer to this problem was to enlist the adult portion of he church and community in Sunday School work. That he believed it the duty of every man and woman to attend Sunday School and be a part of it. That organized classes, wherever possible, and in any event classes of adults for Bible study should be a part of every Sunday School. If Mother and Dad go to Sunday School the boy and the girl can be with reason approached with an appeal not to leave the school, but if the parental example does not lead them to Sunday school it is a hard matter to keep the boys and girls in the school.

Lunch baskets and boxes were again spread in the dining hall for the evening meal and a most enjoyable fellowship hour nsued. The interval before the evening session was spent in a troll about the town or an inspection of the appointments of the convention church, which is a modern church plant and gave valuable suggestions to the visitors of conveniences that might be installed in their home churches.

At the evening session unfinishd business was transacted and the report of the various committees received and adopted. Officers for the ensuing year were chosen as follows: County President, Geo. A. McDaniel, reelected; vice-presidetn and president of the Lord's Day Alliance, Wm. I. Norris, re-elected; secretary and treasurer, Wilmur F. Davis; assistant secretary, Theodore Orme, reelected; assistant secretary, Clarence Roe, reelected; pub l city secretary, E. D. C. Hegeman, reelected; supt, adult work, Rev. C. R. Curtiss; supt. Young People's work, Miss Lena A. Lewis, reelected; supt. home department, Rev. W. P. Taylor; supt. teacher training, Miss Edna Detwiler, reelected; Superintendent District Organization, Rev. George T. Fitz; dirctor of Christian Education, Prof. Paul Phillips, a new office.

Dr. Dager had for his subject at the evening session "The Bible School the Maker of Manhood" and from this topic he produced a most eloquent and impressive appeal for religious education showing how the vice records of America gave evidence that a very large percentage of the criminals had never known instruction in morality and religion and how the great characters and the men who had faced the emergencies in the history of the world have been men whose minds had been stored with the knowledge and precepts of Bible truth.
