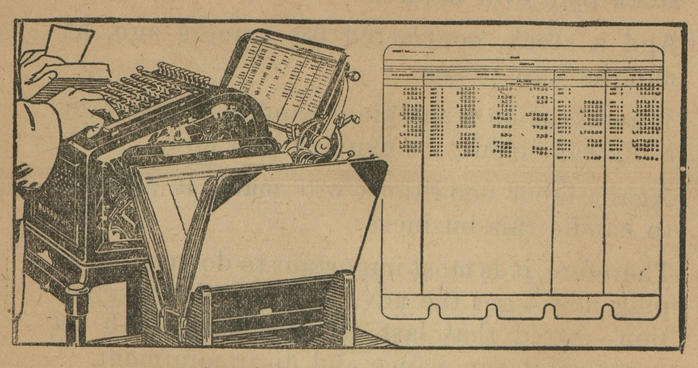
VOL. 79. CHESTERTOWN, MARYLAND, NOVEMBER 23, 1918. NO. 27



A New Machine at the Kent County Savings Bank

This machine is really a wonderful set of steel brains which we are putting to work in our accounting department.

With it we can handle our figure work faster than ever before and at the same time be sure that every item in our books is *right*.

Help Us Give You Better Service

By the machine method, every depositor's account is kept in balance *all the time* and there are no mistakes such as are unavoidable with other ways of handling figures.

The time saving made possible by the machine gives us an opportunity to improve the service to our customers in all departments of the bank.

Everything Is Done Automatically

It prints dates, adds your deposits to the old balance, subtracts checks, figures and prints your new balance. All of this is done automatically. The operator simply writes the amounts on the keyboard — the machine shifts from column to column and adds subtracts, or prints the date as desired, without the least attention being necessary.

Come In and See it Work

There is no method of posting ledgers known which equals this Burroughs Bookkeeping Machine in either accuracy or time saving.

Come in and see our new Burroughs at work in our accounting department.

LOSS BY FIRE

The fodder shed of Geo. W. Rash, on his farm near Worton Station, took fire about ten o'clock and was burned together with 200 feet of shedding, 40 loads of fodder, 6 box stalls in shed and silo. The herculean efforts and neighbors saved the big barn which was filled with hay and other valuable feed. A small shed connected with the stable and barn was up turned by a dozen men and this no doubt saved the building. Plenty of water was obtained by means of an engine used to pump water for stock. The loss of about $750 is partly covered by insurance in J. G. Beck's agency.

**All the outbuildings on Charles H. and Wm. R. Price farm, near Betterton, tenanted by John Robinson were destroyed by fire last Saturday. The origin of the fire is unknown. Mr. Robinson had gone to Wilmington and the boys were rabbit hunting, the ladies being the only ones home. The buildings were insured in the Kent Mutual of Chestertown for only $340.

TO THE MEN AND WOMEN OF KENT COUNTY

THE CHAIRMAN AND TREASURER OF THE UNITED WAR WORK CAMPAIGN FUND FOR KENT COUNTY ARE COMPELLED TO ANNOUNCE TO THE PEOPLE OF THE COUNTY A DEFICIENCY OF $1,500.00 UPON THE COUNTY ALLOTMENT OF $11,050.

THEY HAVE BEEN GIVEN AN EXTENSION OF TIME TO RAISE THIS DEFICIENCY UNTIL NOV. 30, AND THEY NOW EARNESTLY APPEAL TO THE LIBERALITY OF OUR PEOPLE FOR SUCH ORIGINAL OR ADDITIONAL CONTRIBUTIONS AS WILL INSURE THE NECCESSARY AMOUNT FOR THIS PURPOSE BY THE DATE NAMED, NOV. 30, 1918.

RESPECTFULLY SUBMITTED,
FRED. G. USILTON, Chairman,
JAMES A. PEARCE, Treasurer.

Powermaker

As simple as A B C—as strong as iron and the best grade steel can make it—more easily handled than any other piece of farm machinery — less wearing on your car and tires than an ordinary 25-mile-an-hour spin—and capable of more work per day than six good men—that is the

OWERMAKER

It weighs only 110 pounds and can be handled easily by one man.

Your car and a POWERMAKER give you a portable power plant for all kinds of farm work.

The cost is low. Think of it—with your Car and the Powermaker you have an outfit that will do any job up to 10-horse power.

The price of the POWER MAKER is only

$37.50

We sold one the day it was demonstrated to us. Our own opinion is that it is the most practical tool that has yet been devised to be used with a car to furnish power for other work.

Don't wait until the day you wish to use it, as our supply is limited and we expect the first lot to go quick.
