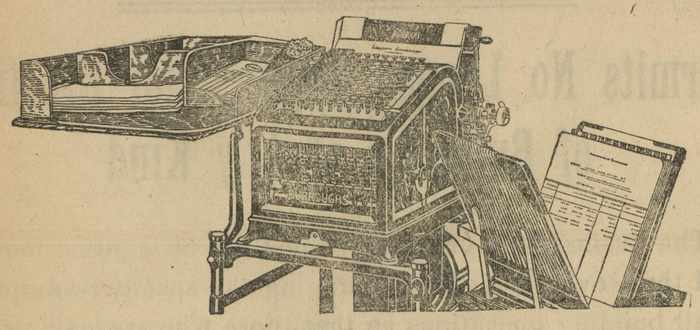
VOL. 79. CHESTERTOWN, MARYLAND, NOVEMBER 30, 1918. NO. 28



How a Machine Does Our Bookkeeping

A short time ago we installed a remarkable machine in our Accounting Department—a machine which adds and subtracts, tells the date, keeps our books and gets out monthly statements. It does all this work much faster than any bookkeeper could, and has never been known to make a mistake.

The installation of this Burroughs Bookkeeping Machine means that our accounts will be handled just as rapidly and accurately as those of the largest and most up-to-date banks in the country.

Insures Accuracy

The fact that our figure work is done on a Burroughs is a guarantee to our customers of absolute accuracy in the handling of their accounts. The machine method of ledger posting makes it impossible for a mistake to get past unnoticed. This accuracy insurance alone is important enough to you and to us to justify the use of the machine method, but there are many other advantages.

Better Service to You

The Burroughs will handle our figure work in less time than was formerly needed. This gives us more time for other things—time to improve the service in every department of the bank.

Come in and see our machine bookkeeping system in operation. We shall be glad to show you how the machine makes entries in our books, how it automatically adds in one column, subtracts in another and so on, and it makes mistakes impossible. You will be welcome any time.

We don't want you to think of this bank just as a place to deposit your money, although of course we are glad to have you keep as large a balance with us as possible. It is our desire to render our patrons every service and accommodation that can be reasonably expected of us.

Talk over your business problems with us. It is part of our work to study business and financial conditions, and it may be that we can suggest some ideas that you will find worth while. Please feel free to consult us at any time.

CHURCH NOTES

A union Thanksgiving service was held in Chestertown M. E. Church Thursday in which a large audience participated. Dr. T. H. Lewis, President of Western Maryland College, was the speaker and in his usual superlative style delivered a strong address "Reconstruction." He divided his prophecies of what is to be built again into four groups—Physical, Social, Theological and Ecclesiastical—and presented each with a vision of great things. He emphasized the fact that the motto of the future will continue to be "Work or fight" and the man who only lives for self—a consumer only—will have no standing among men. It was a great address on a great theme, by a great man and enjoyed greatly by a grateful people. Revs. T. F. Beauchamp, J. L. Ward and Edwin Gardner took part in the service. Miss Helen Rouse sang a sweet solo. A collection of $53 was raised and donated to the American cause. Dr. Lewis addressed Christ Church congregation at night in the regular prayer service.

A splendid service was held at Union M. E. Church, Worton, Sunday afternoon when a service flag with five stars was unveiled. Ralph Williams made the presentation speech while Rev. Mr. West accepted same. Mrs. Harry Williams and B. F. Rash also spoke. Messrs. Chapman, Perkins, Sparks and Thompson sang a quartette selection.

Miss Avis Sheppard lead the Epworth League service at the Chestertown M. E. Church Sunday evening and had an interesting program.

Rev. Mr. Arters, of Washington, D. C., preached in the M. E. Church Sunday evening. He is a fluent speaker always receives a warm welcome here.

Mrs. C. C. Jones conducted a Thanksgiving service in Christ M. P. Church Sunday evening at the Young People's hour. She read a fine paper and solos were sung by Mrs. J. W. Russell and Mrs. Fred. G. Usilton. Charles N. Satterfield and C. C. Jones also took part.

Rev. A. Norman Ward, pastor of the M. P. Church at Salisbury, has been elected head of the Kansas City University. He can fill the place.

Powermaker

As simple as A B C—as strong as iron and the best grade steel can make it—more easily handled than any other piece of farm machinery—less wearing on your car and tires than an ordinary 25-mile-an-hour spin—and capable of more work per day than six good men—that is the

OWERMAKER

It weighs only 110 pounds and can be handled easily by one man.

Your car and a POWERMAKER give you a portable power plant for all kinds of farm work.

The cost is low. Think of it—with your Car and the Powermaker you have an outfit that will do any job up to 10-horse power.

The price of the POWER MAKER is only

$37.50

We sold one the day it was demonstrated to us. Our own opinion is that it is the most practical tool that has yet been devised to be used with a car to furnish power for other work.

Don't wait until the day you wish to use it, as our supply is limited and we expect the first lot to go quick.

Statement

showing the steady and healthy growth of the Chestertown Bank of Maryland for the past EIGHT YEARS:

	DEPOSITS	RESOURCES
Sept. 5th, 1911	$377,209.41	$479,301.21
Sept. 5th, 1912	411,938.44	506,875.37
Sept. 5th, 1913	421,290.63	516,980.21
Sept. 5th, 1914	450,662.56	533,147.00
Sept. 5th, 1915	467,253 03	563,794.08
Sept. 5th, 1916	596,082.90	692,863.85
Sept. 5th, 1917	698,237.46	856,293.26
Sept. 5th, 1918	**960,058.12**	**1,142,192.62**

You will see by the above statement that the increase since September 5, 1911, in deposits has been **$583,273.71**, and in resources **$662,891.41**, a splendid showing of which we are proud. Thanks to our friends and patrons.

We have established branch offices in various sections of the county in order to afford our patrons every facility for doing business with as little loss of time and expense as possible, and the excellent showing above indicates how our friends have taken advantage of it.

If you are not doing business with us we extend to you a most cordial invitation to open an account, large or small. It will be appreciated.
