RUTS

The walking sick, what a crowd of them there are: Persons who are thin and weak but not sick enough to go to bed.

"Chronic cases" that's what the doctors call them, which in common English means—long sickness.

To stop the continued loss of flesh they need Scott's Emulsion. For the feeling of weakness they need Scott's Emulsion.

It makes new flesh and gives new life to the weak system.

Scott's Emulsion gets thin and weak persons out of the rut. It makes new, rich blood, strengthens the nerves and gives appetite for ordinary food.

Scott's Emulsion can be taken as long as sickness lasts and do good all the time.

There's new strength and flesh in every dose.

We will be glad to send you a few doses free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

TRADE WITH BALTIMORE.

We cheerfully give space to the following letter:

Baltimore, Md., March 1, 1904.

To the Editors. *Dear Sirs:*—The Merchants & Manufacturers Association of Baltimore wishes to call the attention of all those who in the past have favored this city with their trade to the fact that the temporary interruption to business by the great fire has passed, and to state that business has resumed its normal condition. While the section burned contained a large part of the wholesale district, no lives were lost, and it was necessary only to find other quarters.

In all large cities there is a belt of buildings that are neither strictly in the business section nor are they in the residential section. These have been brought into use and our business is now transacted as before, being removed only a few squares from its old location.

Since the fire the greatest energy and desire to get started again has been displayed, resulting in the collection of new stocks, and our merchants are now offering a perfectly fresh assortment of all kinds of materials.

With all our great loss we have not up to this time appealed to the Country for financial help but we do ask that you continue your trade with us and give us the means of helping ourselves. We can supply all your requirements.

Yours very truly,
E. STANLEY GARY, President.
C. H. Forrest, Secretary.

College and School.

Of the 1,120 students in the University of Kansas 460 support themselves.

New York's new high schools are models of architectural beauty and convenience.

William Rainey Harper, president of the University of Chicago, has been created by France a knight of the Legion of Honor.

The wealthiest educational institution in the word, the Leland Stanford, Jr., University, is located at Palo Alto, Santa Clara county, Cal. It has an endowment of over $30,000,000.

Flower Arrangement in Japan.

To such an extent is the art of flower arrangement carried in Japan that there are several different and rival schools, each founded by some eminent professor. In the typical Japanese room the single vase of flowers and the hang scroll are the only ornaments.

A Favorite Remedy for Babies.

Its pleasant taste and prompt cures have made Chamberlain's Cough Remedy a favorite with the mothers of small children. It quickly cures their coughs and colds and prevents any danger of pneumonia or other serious consequences. It not only cures croup, but when given as soon as the croupy cough appears will prevent the attack. For sale by M. A. Toulson, druggist, Chestertown, Md.

Parlimentary Ruling.

"He said he could not help kissing you," whispered the first congressman's daughter. "He said when he sat beside you in the conservatory and looked into your eyes he was moved by an irresistable impulse and simply had to kiss you."

"Did he?" smiled the second congressman's daughter, who was listening with some interest to the apology thus being made for the boldness of the handsome cousin of the other girl.

"Yes. He said it was you eyes that won him. He"—

"Well, he'll have to come around and correct the meetings of that meeting. The eyes won it, but the nose got it."—Jndge.

A Baffling Case.

Naggsby—And what would you say if I were to tell you that my wife and I had been married ten years, and had had our first quarrel only last night?

Waggsby—I might recommend some form of treatment for loss of memory and I might tell you what I really thought if you weren't in such confoundedly good condition.—Brltimore American.

Not in Training.

Jones—That's my boy, Tommy. Best football player in the high school—makes forty-yard runs every game he plays.

Smith—What's he looking so "grouchy" about.?"

Jones—Oh, his mother wants him to run an errand probably.—Judge.

Vanished Prestige.

"Who is that?" asked the bantam.

"That replied the brahmin, "is the famous goose that lays the golden egg."

"Well, she needn't put on airs. At current market quotations the hen that lays the plain old-fashioned egg is quite as valuable."—Washington Star.

Two of Them.

"May I ask," inquired the Melancholy Stranger, "what it your pursuit in life?"

"It depends," replied Subbubs, upon whether I'm going or coming. It's the 7.48 train in the morning, and the 6.12 at night."—Philadelphia Press.
