WALTER T. PIPPIN,

Contractor & Builder.

Plans and Specifications Made on Application.

I offer my services and only ask a chance to prove the following assertions:

I deal with mills that work clean and smooth materials.

I give my personal supervision to all my work.

My work is carefully constructed with care to last and give satisfaction.

I have had a wide experience in all classes of buildings.

I use nothing but Ash Posts and Balustrades in main stairway dwelling houses.

3 years experience in Washington city.

19 years experience in Chestertown and adjoining counties.

I employ the best mechanics the market will afford and compete for all classes of work.

I endeavor to advise my patrons to build in seasons that there will be no risk from chimneys falling to pieces and mortar falling off.

Respectfully yours,

WALTER T. PIPPIN,

The Secret of Long Life and How to Overcome Waste.

To "*Know thyself*," is to take advantage of life's secrets and equip one's self with an armor which will successfully resist the attack of disease in the battle of life. The old idea of fate or "kismet," and that a person always dies when his time comes, is now exploded. Every mechanism, whether made by God or man, has a definite amount of wear and its life can be lengthened or shortened according to the care that is given it. If accident or carelessness destroys the works of the watch or the human mechanism an end comes to its usefulness, but it has not actually "*worn out*." Man's system at times gets rusty like the wheels of the watch and only needs a little cleaning and oiling to put it in shape for life's battles.

An imitation of nature's method of restoring waste of tissue and impoverishment of the blood and nervous force is used when you take an alterative extract of herbs and roots, without the use of alcohol, like Dr. Pierce's Golden Medical Discovery. This vegetable medicine coaxes the digestive functions and helps in the assimilation of food, or rather enables the organs to take from the food just the nutriment the blood requires.

Hon. John E. Suitt, Registrar of Deeds, Court House, Durham, N. C., writes: "We have used Dr. Pierce's Golden Medical Discovery in our family, and have known of some of our neighbors using it. We have always found it to do all that is claimed for it, and feel confident that it is a splendid remedy."

Mrs. Bettie Mill, of Cotton, N. C., writes: "I procured Dr. Pierce's Golden Medical Discovery and took it for my cough. The medicine acted like a charm; cured my cough all O. K. I feel very grateful to you for your kindness. Use my name if you choose."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach.

Dr. Pierce's Pleasant Pellets, the best laxative for old people. They cure constipation and biliousness.

CLIFF CITY NOTES.

The June drop has left Quaker Neck fairly good. As to fruit both peaches and pears are thinned out enough in most orchards to raise fruit to the cocoanut size. Some others have big ideas of their crops that may be realized. Mr. Samuel Cranor on Wm. C. Townsend's farm, has been shipping from 10 to 20 baskets of early Alexander peaches daily—they are rotting badly. He expects to fill and ship 10,000 baskets of peaches and pears. All orchards in the lower part of the Neck are pretty good but when asked about the prospect the owners are non-committal, in fact one or two of them think that if the people of the world knew how much fruit "they" had it might lower the market a cent a basket, whereas their whole product would look like a fly speck in the aggregate.

The fishermen are supposed to have laid off for the month of July, but they still haul for eels. Of course any rock or perch caught are driven out of the net with clubs. Their season has not been a profitable one, the big fish just keeping outside their hauls. It is supposed that there is an immense amount of fish food in deep water, that, together with the very clear water in shore, keeps the fish outside the seineman's reach.

The visiting season is about opening and the Cliffs offer the greatest inducements for our city friends. Free from noise, noisy excursions and all objectionable things, it is an ideal place for rest for the weary. We ought to welcome our city friends with open arms. We go to them in the winter season when coal is high and gas has to be turned on early—they come to us when we can turn them out to grass and don't have to take them to the theatre or music halls. The best we can do is to take them to church to show off their new bonnets. So, we must not forget our last winters visits, but welcome them cordially. HIVER.

Woman Loses Her Life By Pouring Coal Oil On Fire.

Fire, caused by the explosion of a coal oil can, in pouring oil on a wood fire, at the residence of Frank H. Russell, last Thursday, at Dover, Del., almost destroyed the house and his wife died late that night in intense agony from burns which covered her body from head to foot.

Shortly after 4 o'clock, Mrs. Russell, in starting a wood fire to get supper, poured oil on the wood, not knowing that there was any fire in the stove at the time. No sooner had she begun to pour the oil than the can exploded and the burning oil enveloped her in flames.

She ran into the yard, her clothing all ablaze, and before help arrived, all of her clothing had burned from her body and her flesh presented a horrible spectacle. She was hastily picked up and carried to the home of a neighbor, and several physicians summoned who administered to her sufferings.

The house was soon ablaze, and owing to the stubbornness of the fire it was fully an hour before the flames were gotten under control. The house is almost a wreck, as the entire rear portion was burned to such an extent as to make it unfit for repairs. The loss will aggregate over $2,000.

BRAKEMAN KILLED AT PRESTON

K. S. Ewing Attempted to Make a Coupling and Fell—Both Legs Cut off—Resided at Pittsville.

Freight brakeman K. S. Ewing, on the B., C. & A. Ry., was instantly killed Friday afternoon at Preston, while attempting to couple two freight cars. He slipped in some manner and fell under the train, both legs being cut off. He was about 25 years of age, was married and lived at Pittsville. His wife is a daughter of Mr. J. G. Davis, Pittsville. He was a son of Rev. E. O. Ewing, pastor of Crumpton Methodist Protestant Church. A coroner's jury was summoned Friday afternoon at Preston to inquire into the manner of Mr. Ewing's death. His remains were afterward sent to his home at Pittsville.

The train was No. 16, west bound. It was in charge of Conductor Thomas Pruitt and Engineer Purnell McBriety. This was Mr. Ewing's second summer's employment on the B., C. & A. Ry. as brakeman.

BRYAN HOPED FOR A SURPRISE.

In a letter sent by W. J. Bryan from Lincoln before the convention to a friend in Washington, the Nebraskan said:

"Whether I shall be able to spring a surprise on the convention I do not know. I am getting a great deal of advice just now in regard to candidates, but I am almost in the condition of the old maid who went out into the orchard and prayed for a husband. An owl in the tree happened to be singing his evening song, 'hoo-hoo,' and she, mistaking it for an answer to her prayer, said: 'Anybody, Lord.' I am in favor of anybody whom the Democrats can support without apology."

SO WEARY.

Weary and worn out all the time. Back weak and lame and aching. Headache, Nervous, Restless, Excitable. The Kidneys are sick.

Doan's Kidney Pills

cure every symptom of Kidney Ills, from common backache to complicated urinary disorders.

Mrs. James Rodman, of No. 11 South Diamond street, Shamokin, Pa., says: "For over a year I had backache and lameness across my kidneys. I felt it most when doing any extra housework, but if I sat for any length of time I felt it catch me in the back when I attempted to get up. I had more or less pain in my head. My husband heard about Doan's Kidney Pills and brought me some from Smink's pharmacy. After taking them the languor and depression departed, as well as the pain, and I felt generally invigorated."
