American Union

Thursday Morning Feb. 22 1877.

THE Orphans' Court of Caroline county will meet on Tuesday, 27th of Feb., 1877.

The Editor's Hash.

—Crabs have made their appearance in the Baltimore market.

—Several of the citizens of Middletown, Del., talk of going to Texas.

—During the Lenten season codfish and potatoes will be in demand.

—Ex-Governor Groome has been suffering with sore eyes, but is now improving.

—An election for Mayor and City Council of Philadelphia was held on Tuesday.

—Over $200,000,000 is annually spent in the United States for tobacco and cigars.

—Flocks of wild geese are passing to the North, an evidence that winter is passed.

—This is the season for planting shade and fruit trees. Attend to it before it is too late.

—Since the ice disappeared the tributaries of the Chesapeake bay have been full of wild ducks.

—The commissioners of Queen Anne's county have resolved to expend $8,000 for repairs of the county court house.

—The Missionary collections of the M. E. Church and Sunday School at Dover, on Sunday week, amounted to $340.

—The Democrats at Chester, Pa., have nominated a colored man for a member of the City Council.

—An exchange says Baltimore is waking up. It is about time she had her eyes open. She is more than nine days old.

—The protracted meetings at the M. E. Church, Smyrna, has resulted in the conversion of over fifty persons.

—Chestertown is about to emerge from darkness into light. Lamps illuminated with coal oil is the transforming agent.

—Oysters must be a drug on the Crisfield market. They have been selling in that town as low as 12 cents a bushel.

—Bishop Ames will preside at the coming session of the Wilmington Conference to be held at Milford on the 7th of March.

—Wm. Skinner Stam, son of John L. Stam, aged 42 years, died suddenly at the residence of his father in Chestertown, last week.

—We should not suffer from a Cough, which a few doses of Ayer's Cherry Pectoral will cure. Time, comfort, health, are all saved by it.

—The town of Camden, Del., is without a public school at this time, the tax for carrying on the same having been voted down last Spring.

—A supper for four fashionable Baltimore fops a few evenings since cost $51.50. And yet some people complain of hard times.

—Messrs. Thompson & Kersey, Easton, offer inducements to purchasers in our columns. Their motto is "not to be undersold."

—The Stewards for the M. E. Church, for Denton Circuit, will meet at the Parsonage in this town, on Tuesday next, at 2 o'clock, P. M.

—A flock of turkeys, numbering 1000, were recently driven into Baltimore.—They came from Columbus, Ohio, and had been driven a distance of 500 miles.

—Crowell's large saw and grist mill, at Cambridge, was destroyed by fire on Saturday. The loss is reported at over $20,000 and no insurance.

—The Kent County Levy Court last week paid B. F. Weldon, $192, Joshua H. Hill, $215, and Samuel C. Dill, $86—total $494—for 986 hawk and owl scalps.

—Sixteen thousand bushels of corn was shipped by Messrs. R. W. Reynolds & Co., of Frederica, during last week, to New York.

—The political cauldron has begun to seethe and boil in Dorchester. The position of State Senator is the political prize to be obtained.

—Send your orders for genuine seed Potatoes, New York and Maine Early Rose, to J. T. & D. H. Kenney, Commission Merchants, 305, North Water St., Philadelphia.

—The Stockholders of the Maryland Steamboat Company will meet at their office in Baltimore on Wednesday next, to elect five directors to serve the ensuing year.

—It has been about four weeks since we have had either rain or snow. The earth is becoming very dry, and warm showers just at this time, would greatly benefit the wheat crop.

—The store of Mr. B. F. Burton's, of Frederica, was entered on Sunday night week, at a late hour, by burglars, who relieved him of 200 muskrat skins, one revolver and several other articles.

—A Crisfield justice of the peace recently settled a disputed hog case between two litigants by having the hog killed, dressed and brought to his office, and finally taking the hog himself to pay the costs.

—Mr. John Jarrell, of Delaware, has invented a machine for kneeding dough and which promises a great saving to feminine muscle. It also works butter very nicely.

—I found Dr. Bull's Cough Syrup to be a most effectual remedy, and feel sure that the most stubborn cough and cold will yield to its healing influence.—*Frank S Price, New Orleans, August* 6, 1875.

—Joseph B. Sparks, Esq., of Centreville, has been appointed to a $1200 position in the Baltimore Custom House by Collector Wilkins. Mr. Sparks entered upon his duties on Monday of last week.

—Clipper, the Police Sergeant, arraigned before the Criminal Court of Baltimore for theft, and confronted with the strongest testimony of guilt, has been counted out by a returning board grand jury of that city.

—Rev. John Hough, formerly Presiding Elder for Easton District, but now holding that position for Dover District, has been very ill at his home at Smyrna. He has recovered and is now engaged in the round of his religious duties.

—We are indebted to Mr. Elias W. Williamson, residing near Potter's Landing for a quart of Early Truck Peas. He has about five bushels for sale and those in want of seed for the present season may be supplied by calling on Mr. Williamson.

—The religious revivals at the Methodist Churches at Chestertown, which has been in progress about four weeks, has thus far resulted in the conversion of about two hundred persons, and the meetings are progressing with great fervor and interest.

—The Kent County Railroad was sold at Chestertown on the 15th inst., and brought $33,450. Jay Gould, of New York, purchaser. This gives him the control of the route from the Chesapeake across Southern New Jersey to New York city.

—The dwelling house on the farm owned by Wm. McKenney and the late Lloyd Tilghman, where Wm. Higgins, Jr., resides, situated near Hall's X Roads, was totally destroyed by fire, on the 13th inst. Nearly everything was lost. Insured for $1125.

—An exchange says: "one hundred and seventy-five *convulsions* are reported as the net result of the recent revivals in churches at Chestertown." Conversions are meant of course, but there is a wide difference between *convulsions* and *conversions*.

—Printing of every description executed with neatness and dispatch at this office—cheap as the cheapest—lower than city prices. The neatest and most showy horse bills printed on the Shore. Give us a call in person and examine samples or send m your orders.

—A daily mail route between Federalsburg and Preston was started last week.—We distinctly remember when there was not a daily mail route in our county.—Daily papers from Baltimore and Philadelphia then were two or three days old when received—now they are received and read the same day they are printed.

—Capt. Nathan Corkran and crew of the lost schooner Richard Rhodes, abandoned at sea on the 5th of January last, arrived at Philadelphia on the steamer Indiana last week from Liverpool, where they were landed by the bark which took them from the wreck at sea.

—The *Sunday School Worker*, published at Wilmington, Del., of last week is an improvement upon former numbers.—It has a large wood cut illustration of the Prodigal's Father and interesting communications on Sunday School and other subjects.

—Mr. Chas. E. Shanahan, land agent at Easton, is contemplating a heavy business in the sale of land when the Spring is fairly opened. He receives from 25 to 30 letters daily from persons at the North and West who desire to purchase land in this portion of the State.

—The hard times it seems is no check to the matrimonial business. People marry and are given in marriage the same now as three thousand years ago. That man must have a stout heart, who without the means to pay the minister's fee, will hitch up in "double harness" and make a start upon life's highway, to be jolted and jostled at every step by the greedy and restless multitude.

—In a recent action in Washington county to recover damages for pasturage of trespassing cattle, the court decided that under the local fence law, before any one could recover such damages he must first show that he had a legal and proper fence. Under the common law what is called an "outside fence" is only an imaginary line, and therefore every person must see that his cattle are kept at home.

—The Mancha agency at Easton, Talbot county, has sold the following farms: Wm. Shakspeare's (not the poet's) farm, of 290 acres, to John Hatton, of Canada, for $2,850; J. G. Cumming's farm, 145 acres, to H. W. Derby, of New York, for $4,005; E. Eager's farm, of 74 acres, to S. Hitchins, of New York State, for $1,300; W. F. Goodwin's farm, of 133 acres, to Messrs. Aswell & Edington, of Pennsylvania, for $2,000.

Justice Bradley.

The Philadelphia *Inquirer* asserts the truth when it says:

"Mr. Justice Bradley is made the target for adverse Democratic criticism, simply because he happens to be the "fifteenth member" of the Electoral Commission, and has voted on the main questions at issue with the seven other Republicans in the tribunal. It is held by his political opponents that he allows partisan feeling to control his action entirely; but this allegation really has no force or foundation, since seven other peers of the commission vote with him, and the seven Democrats vote oppositely, but unitedly, for they have never conceded anything to the Republicans, although Justice Bradley has twice voted with the Democrats upon minor issues of the controversy. He is really the only member who has acted with any degree of independence in regard to the contest, and has fufilled the oath assumed by all alike, which was to try the case according to the evidence submitted. Beyond this, his actions and decisions have all been consistently legal, and he has invariably given his reasons for them, which have not been controverted. The truth is he is carrying out the provisions of the bill in letter and spirit, and if the plan is incomplete and its results unsatisfactory, it is no concern of his. He has performed his duty conscientiously and fearlessly, in accordance with the law—nothing more nor less."

Farmers, Mechanics,

and all people who appreciate the value of keeping a memorandun of business transactions, daily events, and items of interest or importance, for future reference, should call on their druggists and get Dr. Pierce's Memorandum book free. The Doctor's Grand Invalids' Hotel at Buffalo, which costs, when finished, two hundred thousand dollars, will be opened early in June next, for the reception of patients afflicted with chronic diseases and deformities. It will afford the most perfect facilities for the cure of such affections, and its Faculty of physicians and surgeons will embrace graduates from both American and European medical schools who have become distinguished for their skill. The People's Common Sense Medical Adviser, by Dr. R. V. Pierce, a work of over nine hundred large pages, illustrated by two hundred and eighty-two engravings, and elegantly bound in cloth and gilt, is sent to any address by the Author on receipt of one dollar and fifty cents. Almost one hundred thousand copies have already been sold.

S. A. CRAIG, Esq., druggist, of West Alexander, Pa., says: "I sell more of Dr. Pierce's preparations than all others combined. They give satisfaction in every case and I can cheerfully recommend them to the public."

TERRIBLE ACCIDENT.—The Belair (Md.) Ægis says that on the 12th instant, about four o'clock in the afternoon, a terrible slide of rocks and earth occurred at Thomas W. Jones & Co.'s slate quarries, in Harford county. A young man named Jones, who was employed at the works, was standing near the edge when the mass gave way beneath his feet. He succeeded, however, in catching hold of a rope that was attached to the derrick, and was swung out above the quarry, which is one hundred feet deep. He hung suspended over the terrible abyss but a moment, when the rope broke, and he was dashed to the bottom and buried under the debris. A number of hands were at work in the quarry at the time, five of whom were more or less injured by the falling rocks. On Tuesday morning hundreds of persons were on the spot to witness the sorrowful task of searching for the body of the unfortunate man, which was unearthed about ten o'clock.

GOVERNOR HAYE'S CABINET.—The *Tribune* says that much speculation is already indulged in touching the organization of President Hayes' Cabinet. A gentleman very near him personally and politically, and who is understood to speak by authority, says to-day that Gov. Hayes' position is this: He has mentioned no name to any person. He will not allow his mind to come to any decision touching Cabinet appointments until he shall be declared President elect. Then he will not reach any conclusions until after he has had a conference with leading men of his party from all section of the country. To effect this he will doubtless postpone changes in the present Cabinet. It may be said, on the best authority, that Governor Hayes has not yet decided upon a single person to whom he will offer a Cabinet position.

FISHING BY STEAMERS.—The porgy fishery, last year, was so successful that 52 steamers are to be fitted out for the coming season, on the coast of Maine. The Newfoundland seal fishery is now wholly carried on by steamers, and it is probable that the Gloucester fisherman will introduce steam for the banks fishing, this season. The gain in time would, it is thought, compensate for the extra expense, and there would be much saving in loss of life.

Col. Fred. Myers, a revenue agent, was shot and seriously wounded at Warrenton, Mo., on Friday, by Nat. C. Dryden, a lawyer. It is supposed the difficulty grew out of the seizure of some stills the owners of which had employed Dryden as their attorney. The ball from Dryden's pistol entered Myers's mouth inflicting an ugly wound. Myers is an old citizen of St. Louis, and Dryden is a son of Judge Dryden, a prominent lawyer of the same city.

Deaths.

STAFFORD.—At Marydel, Feb. 15th, ANNA, wife of Mr. Jas. Edward Stafford, aged 29 years and 6 months.

Spots upon the Sun do not visibly diminish its brilliancy, but spots, pimples or blotches upon the face, neck or arms seriously detract from female beauty. They may, however, be completely removed by the daily use of Glenn's Sulphur Soap. Depot, Crittenton's 76th Ave., N. Y. Hill's Hair & Whisker Dye, black or brown, 50 cts. [feb1-4w.

Scarcity of Money.

There is no doubt but the present condition of all kinds of business and industry is fearfully depressed, and it behooves every family to look carefully to their expenses.—Winter is coming on when children are liable to Croup, Whooping Cough, etc. Coughs and Colds will prevail everywhere, and Consumption, with other throat and lung diseases, will carry off many. These diseases should not be neglected. Doctor's bills are expensive, and we would advise our people to use BOSCHEE'S GERMAN SYRUP. It never has failed. One bottle at 75 cents will keep your whole family well during the winter.—Two doses will relieve any case. Sold in all towns in the United States, and by your Druggists, Dr. Fisher or Chas. Stevens.

A TIME-HONORED SPECIFIC.—The long and successful career of Dr. WISHART'S PINE TREE TAR CORDIAL as contrasted with the speedy collapse of nostrums devoid of efficacy which have from time to time been puffed into a brief notoriety during the twenty odd years that this celebrated medicine has been sold, affords a proof that the American public *continues* to repose its confidence in deserving articles only. The PINE TREE TAR CORDIAL has long been recognized as the leading specific for Consumption, Bronchitis, Coughs, Colds, Asthma, Diptheria, and all other diseases of the breathing organs. It is, moreover, a certain, speedy, and safe batonic remedy for Dyspepsia, Liver Disorders, Scrofulous Affections, Urinary Troubles, Gravel, Dropsy, Debility, Constipation, and Female Complaints. Constantly accumulating evidence of an unimpeachable character establishes the fact that it not only entirely eradicates the diseases to which it is adapted, but also that its action is remarkably prompt and thorough. The crucial test of experience has demonstrated its reliability in every particular. Sold by all druggists. Principal Depot, No. 916 Filbert Street, Philadelphia. [nov23-4w.

1877 THE SUN, BALTIMORE, MD. 1877

The Sun, from the geographical position occupied by Baltimore and its proximity to the National Capital, presents unusual advantages to all classes of readers, not only in the city of its publication, but in the surrounding States. It is emphatically a newspaper, and its reputation has been built up by the acknowledged excellence and variety of its news, both local and general. From its fairness and impartiality in discussing public questions, its circulation extends among men of all political parties, and has become, from the thoroughness of its information on all current subjects engaging popular attention, the favorite paper of the people. Everything worthy of special notice or record in the State of Maryland, the District of Columbia, and the States adjacent, will be found from day to day in a compact and readable form in its columns. During the session of Congress it gives special attention to the subjects under discussion, the introduction of important bills, and the pith of the debates. Its special correspondence embraces not only daily but letters and telegrams from Washington, but covers all the most prominent points in the Union, from San Francisco to New York, and the Eastern cities beyond. Its foreign news is the very latest received from day to day by cable. In its Commercial and Financial Departments the utmost pains are taken to secure perfect accuracy in the quotations, the fluctuations in all classes of public securities being carefully noted. Special attention is also given to the Breadstuff and Provision markets and particularly to the current prices each day, not only in Baltimore, but in other cities of the Union and abroad. For all the principal matters that enter into the business of the country it may be consulted with safety, both by producers and dealers. But aside from its political, financial and commercial features, the Sun has an established reputation as a family paper. As such the information it imparts, in the way of general news, is of interest to all classes of readers, nothing being admitted into its pages that may not be read by any member of the household. In religion its position is non-sectarian, with charity towards all; and in local as in federal affairs it regards an honest and economical administration, dealing justly by the people and respecting their rights, to be paramount to all other considerations. To those who desire a first class newspaper, up to the times, and sparing no expense to keep it so. The Sun will recommend itself; while to advertisers it offers the advantages of a large and widely extended circulation among all classes of readers

Ayer's

Cherry Pectoral

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

The reputation it has attained, in consequence of the marvellous cures it has produced during the last half century, is a sufficient assurance to the public that it will continue to realize the happiest results that can be desired. In almost every section of country there are persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs, by its use. All who have tried it, acknowledge its superiority; and where its virtues are known, no one hesitates as to what medicine to employ to relieve the distress and suffering peculiar to pulmonary affections. CHERRY PECTORAL always affords instant relief, and performs rapid cures of the milder varieties of bronchial disorder, as well as the more formidable diseases of the lungs.

As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of Childhood, it is invaluable; for, by its timely use, multitudes are rescued and restored to health.

This medicine gains friends at every trial, as the cures it is constantly producing are too remarkable to be forgotten. No family should be without it, and those who have once used it never will.

Eminent Physicians throughout the country prescribe it, and Clergymen often recommend it from their knowledge of its effects.
