American Union

Thursday Morning April 5, 1877.

THE Orphans' Court of Caroline county will meet on Tuesday 10th of April 1877.

The Editor's Hash.

—A good motto—"keep thy shop and thy shop will keep thee."

—J. M. Dunn has been appointed United States Marshal for the District of Delaware.

—Andrew W. Dennison, late postmaster of Baltimore, leaves an estate estimated at $400,000.

—Mrs. Forbes, of Wilmington, Del., was a graduate of the Women's Medical College, of Pennsylvania, last week.

—"Can animals communicate ideas?" asks an English writer. Come over, dear sir, and lamp up against an American mule.

—The small babe that we spoke of last week, died at the residence of its parents about a mile from town on Saturday night last.

—Jas. P. Dudley, Register of Wills for Queen Anne's county, died at his residence in Centreville, on the 27th ult., aged 70 years.

—Mr. E. K. Burnite, of Henderson, it is said made a brilliant speech at Felton last week, on the subject of Louisiana and her oppressed people.

—Thomas Hogan, the 17th ward rough, who murdered City Councilman Mulligan, at Raine's Hall, Baltimore, in December last, has been tried and acquitted.

—The several congregations of the M. E. Church composing Denton Circuit are pleased with their new preachers and speak in terms of praise of their pulpit abilities.

—There are twelve offices to be filled in Baltimore county and the Towsontown *Union* says it knows of thirty-four Democratic aspirants and the returns are not yet half in.

—A son of Mr. John Dillen, in Poplar Neck, in this county, was shot in the groin last week by the accidental discharge of a pistol he was carrying in his pants pocket. The wound is considered serious.

—The peach croakers have entered their protest against a full crop of this fruit.—Some of them have already objected to more than half a crop. There will be a full crop, gentlemen, and it is no use denying the fact.

—Opinion of a Baltimorean—I have used Dr. Bull's Cough Syrup for some time in my family, and found it the best remedy for Colds Coughs, &c., I have ever tried.—*Louis Bruning*, 26 *Caroline St.*

—Dr. Wm. A. Tatem, for many years a practicing physician of this place, but who removed in 1852 to St. George's, Del., died at Philadelphia last week. Dr. Tatem was well known in this community as a skillful physician; a man of probity and a christian gentleman.

—The steamer Highland Light will resume her trips to this place on Tuesday next. We give her a welcome to this place. The Company have had this steamer thoroughly overhauled and put in excellent order and with her polite and accommodating commander, Capt. Leonard, cannot fail to be a favorite in our waters.

—Our Choptank fishermen are thus far doing a poor business. Very few shad are being caught and herring, though more plentiful than last week, are still scarce and are selling at a high price—$1.25 per hundred—shad 40 cents per pair. Traders are numerous and cannot be supplied.

—Thompson & Kersey, merchants at Easton, again present inducements to purchasers in their Spring advertisement found in our columns to-day. Mr. E. L. White, formerly of this town, is again with this old established firm and will be glad to see any of our citizens and sell the best of goods at the lowest prices.

—The canal locks at Delaware City is becoming famous for the number of herring caught in them every morning after 12 o'clock, before opening the gates for the passage of vessels. Tuesday morning there were 7,400 caught at a single hall, that being the largest number ever known to have been caught.

—Our county Court has been in session since Monday last. Present at opening session his Honor Judge Stump, States Attorney Geo. M. Russum, Sheriff R. Y. Collins, Clerk J. W. Temple and the Bailiffs to the Court. On Tuesday Judge J. W. Wickes arrived and took his accustomed place on the Bench. See proceedings elsewhere.

—The Wilmington Daily *Commercial* has been purchased by the Every Evening Printing Company of that city and has been merged into the Every Evening and hereafter will be issued under the title of *Every Evening and Commercial.* Mr. Howard M. Jenkins, the editor of the Commercial, lays down the pen and retires from active labor. Mr. Jenkins in his retirement carries with him the good will and esteem of his editorial brethren.

—Mary E., wife of Burton Dickinson, of Stanton, near Wilmington, died on Saturday week. She weighed over 300 lbs.—For the past year she was unable to lie down in bed, but usually slept in a chair. She had tried various expedients to reduce her flesh all of which failed. Dr. Lukens made a postmortem examination of the body, and found the inside of the heart full of fat, shutting off the valves and preventing breathing and circulation of the blood.

—Some of our patrons have responded to our call of last week and have footed their bills. But quite a number have been deaf to our appeal and have not yet put in their appearance. We propose in a short time to revise our subscription books and some of them may not be surprised if they fail to receive the *Union* and should find an officer of the law prowling around their premises. We should regret to be compelled to pursue such a course, but patience sometimes ceases to be a virtue.

COMMUNICATED.

BISHOPVILLE, MD., April 2nd, 1877.

Mr. Editor:—In reading your paper, which is a welcome weekly visitor, I see communications from almost all parts of the Peninsula, and I have been thinking that a brief account of our village might not be uninteresting to your readers.

Bishopville is situated at the head of St. Martin's River, in the northeastern part of Worcester county. It has a population of about 200. There are six stores here, all of which appear to be doing a fair business; two of these stores have bought this season six thousand bushels of corn and paid for it in goods. We have one Church and good school house, three shoe shops, two Blacksmith shops, two wheelright shops and two Doctors. We also have a good water power, driving a saw grist mill; beside these there are two large steam saw and plaining mills which combined, manufacture at least two million feet of lumber yearly and give constant employment to thirty men.

Great numbers of Rock, Pearch and Pickeral are caught in St. Martin's River during the winter season and shipped to Philadelphia and New York. The Breakwater and Frankford R. R. is within two miles of this place, affording cheap and rapid transit to the markets named. With these advantages our village is growing—no less than nine dwellings have been built within the past year. M. S. L.

The Grand Jury has found three presentments.

SNEEZING.—As a rule, a sneeze is a warning nature gives that some part of the body is exposed to a cooler temperature than the other parts, and that the sneezer is "catching cold." Next to the warning what is the use of the sneeze? It throws open the pores of the whole body, and induces a gentle perspiration; in a word it throws off the cold. A child rarely sneezes more than twice. Perspiration is readily induced in youth; an old man on the contrary, sneezes half a dozen to a dozen times, with a loudly explosive "catchogue." It is harder to set him to perspiring. When one is sitting by open window and finds himself sneezing, nature is telling him he is taking cold. He should get up instantly, walk about, take a full glass of cold water to keep up the gentle perspiration that the sneeze set in motion. If he does this, he will not be telling an hour after, that he has a cold in his head, or chest, or lungs.—*Dr. E. Wentworth.*

THE FRIENDS AND THE INDIANS.—The late interview of a delegation of the Friends with the President ought to make a deep impression upon his mind, if he is disposed to use his executive powers wisely and beneficently. He could not hear advice from any quarter upon the Indian subject more disinterested and at the same time more practical. It will not do to talk of the Friends as theorists, or fanatics, or sentimentalists in this manner. They are a plain, common sense and businesss people, and their experience in Indian affairs is greater, longer and more intimate than that of any other class of people in this country. President Hayes could not have better advisers than the Friends on the Indian subject, and Gen. Grant, an old Indian fighter, seemed to recognize instinctively their competency to deal with this subject. The Indian policy was the one policy of his administration which all parties, and which posterity will recognize as the crowning glory of his administration. Let President Hayes imitate his example in this respect.—*Balt. Sun.*

Good Advice.

Now is the time of year for Pneumonia, Lung Fever, &c. Every family should have a bottle of BOSCHEE'S GERMAN SYRUP. Don't allow for one moment *that* cough to take hold of your child, your family or yourself. Consumption, Asthma, Pneumonia, Croup, Hemorrhages, and other fatal diseases may set in. Although it is true GERMAN SYRUP is curing thousands of these dreaded diseases, yet it is much better to have it at hand when three doses will cure you. One Bottle will last your whole family a winter and keep you safe from danger. If you are consumptive, do not rest until you have tried this remedy. Sample Bottles 10 cents. Regular size 75 cents. Sold by your Druggists, Dr. G. M. Fisher and Chas. Stevens.

False Impression.

It is generally supposed by a certain class of citizens, who are not practical or experienced, that Dyspepsia can not invariably be cured, but we are pleased to say that GREEN'S AUGUST FLOWER has never, to our knowledge failed to cure Dyspepsia and Liver Complaint in all its forms, such as Sour Stomach, Costiveness, Sick Headache, palpitation of the Heart, low spirits, &c., &c. Out of 30,000 dozen bottles sold last year, not a single failure was reported, but thousands of complimentary letters received from Druggists of wonderful cures. Three doses will relieve any case. Try it. Sample Bottles 10 cents. Regular Size 75 cents. For sale by Dr. G. M. Fisher and Chas. Stevens, Denton, Md.

A TIME-HONORED SPECIFIC.—The long and successful career of Dr. WISHART'S PINE TREE TAR CORDIAL, as contrasted with the speedy collapse of nostrums devoid of efficacy which have from time to time been puffed into a brief notoriety during the twenty odd years that this celebrated medicine has been sold, affords a proof that the American public *continues* to repose its confidence in deserving articles only. The PINE TREE TAR CORDIAL has long been recognized as the leading specific for Consumption, Bronchitis, Coughs, Colds, Asthma, Diptheria, and all other diseases of the breathing organs. It is, moreover, a certain, speedy, and safe batonic remedy for Dyspepsia, Liver Disorders, Scrofulous Affections, Urinary Troubles, Gravel, Dropsy, Debility, Constipation, and Female Complaints. Constantly accumulating evidence of an unimpeachable character establishes the fact that it not only entirely eradicates the diseases to which it is adapted, but also that its action is remarkably prompt and thorough. The crucial test of experience has demonstrated its reliability in every particular. Sold by all druggists. Principal Depot, No. 916 Filbert Street, Philadelphia. [nov23-4w.

Ayer's

Sarsaparilla

For Scrofula, and all scrofulous diseases, Erysipelas, Rose, or St. Anthony's Fire, Eruptions and Eruptive diseases of the skin, Ulcerations of the Liver, Stomach, Kidneys, Lungs, Pimples, Pustules, Boils, Blotches, Tumors, Tetter, Salt Rheum, Scald Head, Ringworm, Ulcers, Sores, Rheumatism, Neuralgia, Pain in the Bones, Side and Head, Female Weakness, Sterility, Leucorrhœa, arising from internal ulceration, and Uterine disease, Syphilitic and Mercurial diseases, Dropsy, Dyspepsia, Emaciation, General Debility, and for Purifying the Blood.

This Sarsaparilla is a combination of vegetable alteratives—Stillingia, Mandrake, Yellow Dock—with the Iodides of Potassium and Iron, and is the most efficacious medicine yet known for the diseases it is intended to cure.

Its ingredients are so skilfully combined, that the full alterative effect of each is assured, and while it is so mild as to be harmless even to children, it is still so effectual as to purge out from the system those impurities and corruptions which develop into loathsome disease.

The reputation it enjoys is derived from its cures, and the confidence which prominent physicians all over the country repose in it, prove their experience of its usefulness.

Certificates attesting its virtues have accumulated, and are constantly being received, and as many of these cases are publicly known, they furnish convincing evidence of the superiority of this Sarsaparilla over every other alterative medicine. So generally is its superiority to any other medicine known, that we need do no more than to assure the public that the best qualities it has ever possessed are strictly maintained.
