PULLMAN WILL BE SOLD.

City Erected Within Chicago by the Palace Car Magnate to Be Disposed Of.

The "Chronicle" says: The dream of George M. Pullman's life has been shattered. The fenced-in model town of Pullman is to become a free community. The anomaly of a city within a city is

at an end. The Pullman Palace Car Company has accepted the decision of the Supreme Court of Illinois sustaining the contention of Attorney-General M. T. Malony. The Pullman Company has instructed its attorneys to cose the suit. The terms of the decree are now being prepared. The decree will divorce the great corporation from everything save the busi-

ness for which it was corporated. Thus will end as a feudal institution the town of Pullman. Its churches and schools, its hotel, its magnificent arcade hall, the market house, the publie library and 2,000 brick residences will be sold to the highest bidder. The Pullman Iron and Steel Company will b reorganized.
