American Union

Thursday Morning August 2 1877.

THE Orphans' Court of Caroline county will meet on Tuesday 14 of August, 1877.

The Editor's Hash.

—Camden Camp commenced yesterday.

—Water melons are plentiful in this market.

—Wicomico county is building a new court house.

—The grape crop in this county is very promising.

—The early potato crop is of good quality and abundant.

—Cecil county is overrun with tramps—so says the Elkton *Whig*.

—The scarlet fever is raging in Berlin. Thirty cases were reported on Friday.

—Good peaches sold in Baltimore on Monday at $1.50 and $2.00 per box.

—A movement is on foot to organize a military company at Chestertown.

—It is a downwright insult to tell a man who is out of work to "mind his own business."

—Chase, the swindler, in prison at Easton, made a second attempt to break jail last week.

—Two colored men were put off the cars on the Queen Anne's and Kent railroad last week for disorderly conduct.

—The thermometer at this place, on Friday and Saturday stood at 99 in the shade, and 125 in the sun.

—Rev. J. D. Curtis, a member of the Wilmington Annual Conference, died at Wilmington last week.

—The Old Dominion Line, between Lewes and New York, carry peaches at 25 cents a crate.

—The annual "pony-penning" on Chincoteague Island will take place this year on the 8th and 9th of August.

—A new Catholic church is to be erected on the site of the present one, St. Peter's, near Queenstown.

—Wm. O. Redden, formerly a citizen of Georgetown, Del., and at one time Clerk of the Peace, died at El Dorado, Kansas, last week.

—Mrs. Mary T. Davidson, residing at Queenstown, aged 74 years, fell down stairs last week and injured herself so seriously that death ensued.

—The Delaware Annual Conference of the M. E. Church, (colored,) presided over by the venerable Bishop Scott, is in session at Chestertown.

—Mr. James E. Bishop, of Hillsborough, is announced as a candidate for Sheriff, subject to the Democratic nominating convention for Caroline county.

—The Dover *Sentinel* thinks the Kent county alms house a good place to live.—Ours is noted as a good place once a month for big dinners.

—Do not stupefy your baby with Opium or Morphia mixtures, but use Dr. Bull's baby syrup which is always safe and reliable and never disappoints. 25 cents.

—Wanted—every one to be free from pimples, blotches, boils, etc., which can be done by purifying the blood with Dr. Bull's blood mixture. Used everywhere.

—All the drinking houses in Baltimore were closed up during the strike—for about a week. With old topers this was a long time between drinks.

—Col. Jas. E. Douglass, at Preston in the 4th District, threshed his crop of wheat on his home farm last week, and from 56 bushels seeding gets 700 bushels in return.

—Crisfield is a local option town, but on Wednesday morning last five barrels of whiskey were landed at the wharf, consigned to citizens of that place.

—About one hundred tents have been erected on Concord camp ground. A large concourse of people is anticipated during the continuance of the meetings.

—A Baltimorean named Carroll has been arrested at Newtown for passing counterfeit money. It is stated that he circulated over $600 on the Eastern Shore of Virginia.

—When a lady (some ladies, at least) makes a dive and a grab at her skirt, a fellow feels very much like dodging, for she acts for all the world as if she was going for a brick.

—There is to be a Grangers "Basket Picnic" at Bridgeville, Sussex county, on Wednesday, September 5th, in which neighboring granges and the public are cordially invited to participate.

—The Chestertown *Transcript* has passed into the hands of Col. George A. Hanson; Mr. Perkins, who for the past fifteen years has conducted the paper, retires from the editorial chair.

—R. M. & W. T. Johnson, shoe manufacturers, Smyrna, Middletown and Dover, failed last week. Their indebtedness is about $10,000, and they offer to compromise with their creditors at 30 cents on the dollar.

—Concord Camp commences to-morrow. It is requested and expected that the tent holders will move in and occupy their tents during to-morrow, (Friday). Services will commence promptly at 7 o'clock on Friday evening.

—Mr. Jas. Park, left at our office a few days ago a specimen broom of his manufacture. It shows evidence of superior material and workmanship. Mr. Park manufactures a superior article and supplies the trade at fair prices.

—The editor of the Denton *Union* locates Deal's Island in Dorchester county. His knowledge of geography must be rather limited.—*Cambridge Democrat.*

While we do not profess to know everything, we think we know something of the geography of the Eastern Shore. We are subject, however, to errors as are other men and the editor of the *Democrat* has his faults too.

—Wednesday night a colored girl employed in the family of Mr. Earlickson, at Chestertown, threw a timbor containing phosphorus on the floor. Combustion took place and the house was with difficulty saved from destruction.

—Amos Davis, of Milford, being in poor health, was offered a home by William H. Smoot, of the Excelsior House. The grateful invalid robbed his benefactor of a considerable amount of money, and on being detected, restored $129 of it and departed.

—Mr. J. T. Sangston requests us to say that his name attached to the notice, signed by Thos. D. Case, Jas. B. Draper and J. T. Sangston is signed thereto without his knowledge, authority or consent and requests its withdrawl.

—The Baltimore Weekly *Sun* comes to us this week in quarto form making it a mammoth double sheet. It contains all the particulars of the recent strike, besides a large amount of excellent miscellany and choice literature. It is such a number as will suit the taste of its large number of country subscribers.

—The Corlett farm, containing 200 acres, on the borders of Queen Anne's county, near Templeville, was sold at public sale last week. John Daley purchaser, at $9.75 per acre. John Hann's farm, in the same neighborhood, containing 112 acres, was also purchased by Mr. Daley at $8.50 per acre.

—Up to Sunday the total shipment of peaches over the Delaware railroad aggregated 185 car loads. The Wilmington Commercial prints a letter from a peach grower who has peculiar facilities for learning the extent of the crop, declaring that the project is that the shipments will reach 3,800 baskets.

—Mr. John Geary, who drives the mail coach between Middletown and Sassafras, had his left leg fractured, on Thursday morning, by being kicked by his horse, which became frightened, owing to the breaking of the harness. He was conveyed to Warwick, where he received the surgical assistance of Dr. Wright, and is now doing well.

—The enforcement of the Internal Revenue laws is having the effect of breaking up the distillation of Apple and Peach brandies on this Peninsula. A number of those engaged in the business have ceased its manufacture and now Mr. Henry Gerker, the largest distiller in Delaware has abandoned the business and offers his stills for sale.

—Rev. John Brinkly, local preacher of the Methodist Episcopal Church, residing near Fruitland, in Worcester county, was thrown from his cart on Thursday morning and died a short time after. His horse became frightened at the cars, and Mr. Brinkly, having just recovered from a severe attack of rheumatism, lost his balance and fell to the ground.

—One day last week, an infant eighteen months old, started to cross the Junction and Breakwater railroad, about one mile below Milford, to go to its father, Mr. Nehemiah Sharp, who was at work in a field some distance from the house, and after reaching the track, either fell or laid down with its head across the rail, and the train approaching in a few minutes after, it was instantly killed.

—During the strike last week, the Philadelphia market was glutted with fruits and vegetables. Peaches sold as low as ten cents a basket, berries at one cent per quart, potatoes at fifty cents a barrel, and cabbage could not be given away. On Friday, as soon as the trains began to run to New York, peaches took a sudden jump to one dollar and have commanded fair prices since.

—The little busy *Bee*, published in Baltimore city, which has for several years past been gathering news and nickels from all directions, comes to us this week in an enlarged form and is now the best and largest one cent paper published in this country. Its general make up is attractive, its news articles short and pithy, and its editorial talent of the highest order. The vim and energy displayed in its conduct cannot fail of success.

—Last week the steamer Highland Light discontinued her trips, for the peach season, above Medford's Wharf. Until further notice she will leave Medford's Wharf on Monday's, Wednesday's and Friday's at 1 o'clock, P. M. The steamer Kent will continue to make her trips to this place, touching at All the landings, on Tuesday's, Thursday's and Saturday's, leaving Denton at 11 o'clock, A. M. The fare on the Kent is now $1.

—It is estimated by those engaged in wheat threshing that 40,000 bushels of wheat has already been threshed in Tuckahoe Neck, embracing an area of not exceeding six square miles, and it is thought when the crop is completed it will exceed 50,000 and may probably reach 60,000 bushels. We believe there was more wheat grown upon Caroline soil the present season than ever before in a single year.

—An apology is due our readers this week for the poor appearance of the outside of our paper. The excessive heat has so affected our rollers as to deprive them of the irelasticity, and after using every remedy to overcome the difficulty, we were compelled to succumb to the situation. It is a source of regret to us and we hope our readers will not attribute it to inattention to business or a lack on our part to give them a readable sheet.

—During a heavy thunder storm last week in Wicomico county, the wheat crop of one John Bounds, which had just been harvested and stacked in the field, was set on fire by lightning and entirely destroyed. The Centreville *Record*, in mentioning the fact adds: "He is the fellow who circulated injurious reports against Rev. Walter Graham some time ago." It is to be presumed that the reverend gentleman's character is now vindicated, or at least, that all injurious reports will be kept within bounds.

No Paper Next Week.

Having been our custom for years past to suspend the publication of our paper about the first week in August, no paper will be issued from this office next week. All classes of society have their seasons of recreation, and we too feel that a little relaxation from business is needful for those employed in this office. Those of abundant means seek relief from the cares and turmoils of life at the seaside and other places of resort. But not having the means to spare, and having no desire to put on aristocratic airs, we shall be content to spend our brief respite from editorial labors in the tented grove, with those assembled for religious worship. Our next issue will appear Thursday morning August 16th.

Encourage Home Enterprize.

The best evidence that can be furnished of the superior qualities of the fertilizer manufactured by White & Dunning, of this place, is furnished by the liberal yield of wheat grown by Mr. Jonathan Evitts, in Tuckahoe Neck, the present season. Mr. Evitts seeded 70 bushels, and last week threshed his crop, and received in return 1400 bushels of good merceantable wheat. This is a yield of twenty for one, all things considered, perhaps, the best yield in the county. A number of other farmers, in this vicinity, who used this fertilizer last season, are perfectly satisfied with results. White & Dunning are now receiving orders for the Fall supply and are offering it at 33 per cent. less than city prices. To insure attention orders should be sent in early.

A Sensible Move.

It has been determined by the official members of the church to hold a camp meeting at Beckwith's, Dorchester county, to commence on the 16th of August. At a meeting of the managers it was determined that every person desiring to do so, be allowed to keep either a public or private boarding tent, and that no bread tent, candy or case stand, oyster saloon or barber shop, nor anything of the kind will be allowed. This is a sensible move on the part of the managers and is going back to the first principles of Methodism. Modern camp meetings are conducted upon the plan of old time fairs, where the members of the church vie with each other in the display of their articles of trade, high living and fine clothes. If there is no way to check this growing evil, camp meetings had better be abolished.

Greensborough Items.

Last Friday was voted the warmest day of the season. The heat was so intense that a great many workmen, in this town and vicinity were compelled to cease work and to find comfort was almost an impossibility.

Mr. A. B. Roe lost a hog weighing 470 pounds, from the heat, on Friday.

The extensive cannery of Mr. A. B. Roe, commenced operation this morning on peaches and tomatoes. He is paying 2 cents per pound for tomatoes.

Messrs. Barnard and Culbreth's cannery, at Greensborough Station, will commence in a few days. Both of them are prepared to put up a large amount of fruit.

Barnard & Culbreth have put up about 25,000 cans of berries this season.

Work has been begun on the residence of Mr. Frank Moore, which is being erected on a lot purchased of Mr. Jesse L. Turner, on Front street.

Mr. A. B. Roe has about completed his drying house and is now ready to begin work.

An examination of applicant teachers, to teach in the public schools of this county, took place at the Greensborough Academy yesterday. Examiner, Rev. Geo. F. Beaven, was present. There were eleven applicants present. The session lasted four hours and a half. OBSERVER.

Greensboro', July 31th, 1877.

Ten Thousand Dollars for a Drink of Water.

In one of the hotly contested fights in Virginia, during the war, a Federal officer fell in front of the Confederate breastworks. While lying there, wounded and crying for water a Confederate soldier (James Moore, of Burke county, N. C.,) declared his intention to supply him with drink. The bullets were flying thick from both sides, and Moore's friends endeavored to dissuade him from such a hazardous enterprise.—Despite remonstrance and danger, however, Moore leaped the breastworks, canteen in hand, reached his wounded enemy and gave him drink. The Federal under a sense of gratitude for the timely service, took out his gold watch and offered it to his benefactor, but it was refused. The officer then asked the name of the man who had braved such danger to succor him. The name was given, and Moore returned unhurt to his position behind the embankment. Moore was subsequently wounded, and lost a limb in one of the engagements in Virginia, and returned to his home in Burke county. A few days ago he received a communication from the Federal soldier to whom he had given the "cup of cold water" on the occasion alluded to, announcing that he had settled on him the sum of $10,000, to be paid in four installments of $2,500 each. Investigation has established the fact that there is no mistake or deception in the matter.—*Raleigh News.*

A STEAMER THROUGH KENT NARROWS.—The steamer Olive made the first successful trip through Kent Narrows, which connects Chester river with Eastern bay, last Saturday, and experienced but little difficulty. A large mud scow was sunk in the new channel, and the steamer used the old one. The new channel will be completed this week, and the Olive will use that route to reach St. Michaels. A wharf will be built at the narrows, and will be used as a point for the shipment of peaches and other products. Col. Craghill, United States engineer, has charge of the improvement of the narrows.—*Balt. Sun.*

THE President has carried grief into the Departments at Washington, by declaring that the usual extra vacation of two or three weeks to go home and vote will not be granted in future to the clerks. It has been customary to give each clerk 30 days vacation and extra leave of absence at election time, but in future the election absence will be taken out of the 30 days, if it is taken at all.

INDIAN DYSENTERY REMEDY.—Root and leaves of blackberry bush boiled down; a gill before each meal and before going to bed.

PAY OF FIREMEN AND BRAKEMEN.—The strike on the various lines thus far is confined to the firemen and brakemen. The following schedule of the daily pay of these classes is furnished the New York Tribune by a railroad official:

	Firemen.	Brakemen.
Baltimore & Ohio	$1 45a1 75	$1 36a1 75
Phila., Wil. & Balt.	1 75a2 00	1 75a1 92
Phila. & Erie	2 00a2 50	
Penn., N. J. Div.	1 90a2 10	
Erie	1 75a2 24	1 75a2 00
N. Y. C. & H. R. R. R	1 25a1 75	1 65a2 15
N. Y., H. & Hartford	1 75a1 90	1 50

The day's work varies on different roads, and, of course, has its bearing on wages.—The day's run for these men is reported at 100 miles on the Baltimore and Ohio; at 100 for firemen and 150 for brakemen on the New York Central; generally a little less than 100 on the Erie, and in cases as low as 74 miles.

DROWNING OF A FATHER AND TWO SONS.—Alfred Davis, an English settler in Nansemond county, Va., and two sons, aged respectively 14 and 12 years, were drowned while bathing in Nansemond river Friday, one mile below Suffolk. The youngest boy ventured beyond his depth and called for assistance, which the father and other son attempted to render, when all three were drowned. The scene was witnessed by a third son, still younger, who escaped.

THE wheat crop of the United States of this year, it is estimated, will aggregate 225,000,000 bushels, against 280,000,000 last year. Of this year's crop it is estimated that not less than 100,000,000 bushels will be sent abroad.

Murder Will Out.

A few years ago "August Flower" was discovered to be a certain cure for Dyspepsia and Liver Complaint, a few thin Dyspeptics made known to their friends how easily and quickly they had been cured by its use. The great merits of GREEN'S AUGUST FLOWER became heralded through the country by one sufferer to another, until, without advertising, its sale has become immense. Druggists in EVERY TOWN in the United States are selling it. No person suffering with Sour Stomach, Sick Headache, Costiveness, palpitation of the Heart, Indigestion, low spirits, etc., can take three doses without relief. Go to your Druggist, Dr. Fisher, Chas. Stevens Denton, and J. H. Douglass, Preston, and get a bottle for 75 cents and try it. Sample bottles 10 cents.

How it is Done.

The first object in life with the American people is to "get rich"; the second, how to regain good health. The first can be obtained by energy, honesty and saving; the second, (good health,) by using Green's August Flower. Should you be a despondent sufferer from any of the effects of Dyspepsia, Liver Complaint, Indigestion, &c., such as Sick Headache, palpitation of the Heart, Sour Stomach, Habitual Costiveness, Dizziness of the Head, Nervous Prostration, Low Spirits, &c., you need not suffer another day. Two doses of August Flower will relieve you at once. Sample bottle 10 cents. Regular size 75 cents. Positively sold by all first-class Druggists in the U. S. Sold by Dr. Fisher and Chas. Stevens, Denton, and by J. H. Douglass, Preston.

DELAYS ARE DANGEROUS.—If this axiom is true respecting the ordinary affairs of life, still more obviously so as regards the exigencies of approaching disease. Unquestionably! Yet how many neglect to practically recognize this plain truth when health is in the balance. Of the many premonitory symptoms of disease a hacking cough is the most prophetic of peril. Arrest it at the outset with DR. WISHART'S PINE TREE CORDIAL, and so avoid Consumption, Bronchitis, Inflammation of the Lungs, Coughs, Colds, and, indeed, all Affections of the Respiratory Organs are entirely cured by this sovereign remedy, which also eradicates Dyspepsia, Gravel, Piles, Nervous Debility, Torpidity of the Liver, Urinary Difficulties, Constipation, Palpitation of the Heart, Scrofulous Affections, and the infirmities peculiar to the gentler sex. This Cordial derives its virtues from the vegetable kingdom, and is infinitely to be preferred, both on account of its superior efficacy and freedom from nauseous and injurious properties to the officinal drugs so often administered with no other effect than to offend the palate and disorder the stomach. The PINE TREE TAR CORDIAL can always be relied on to do what is claimed for it. Sold by all druggists. Principal Depot No. 916 Filbert St., Philadelphia.
