5 and 10 Cent BARGAINS

Might be Too Late.

The late Dr. Boardman used to relate this on himself:

"I preached a funeral sermon at one time and spoke longer than was my custom.

"The undertaker was a man of nervous temperment, and as the afternoon was going he began to be anxious to be on the way to the cemetery. He finally whispered to one of my members, 'Does your minister always preach as long as that at a funeral?'

"'Well,' said the brother, 'that is a good sermon.'

"'Yes,' said the undertaker, 'the sermon is all right, and I believe in the resurrection, but I'm afraid if he does not stop pretty soon I will not get this man buried in time.'"

Feeding for Pork.

The most pork and the best pork is secured by feeding the pigs on a variety of food. There is such a thing as the wasting of corn by feeding it to hogs as an exclusive article of diet.

In other words, feed well, but don't overfeed.

The pig is developing bone and muscle, and should, therefore, have plenty of exercise.

Salt the hogs at least once a week.

Easy to Banish Yellows.

Prof. Wesley Webb, of Dover, Secretary of the Delaware Board of Agriculture, made an important announcement to the farmers recently on the subject of eradicating "yellows" from peach orchards.

As previous efforts of the board in this direction have been largely instrumental in the preservation of the peach industry, the present edict is timely. The value of the peach crop of the peninsula this season is estimated at $2,000,000.

Secretary Webb says the presence of "yellows," with the resultant premature fruit, casts suspicion upon the peach yield of the entire State and seriously affects the market price. He urges the digging up and burning of all affected trees, in order that orchards may be saved. He continued, "This method was put into operation in the northern part of Sussex county (Del.) and in the lower third or more of Kent county. The growers believe the process was effective, and claim that at this time there is very little 'yellows' in all this district."

It is believed that Delaware growers generally will heed the secretary's warning.

To Get Rid of Fleas.

Editor Every Evening: On looking over Every Evening of August 15th, I came across the flea epidemic story. I will give you a receipt that will chase them away, as my house was full of them:

Take one pound of flake camphor, two five-cent bags of table salt, mixed well, and spread it thickly over the floor or carpets of the rooms. Leave it there for four or five days, at least, and then take a thick broom or heavy one and sweep it all over and the fleas will leave at once. I have tried it and know it will do the work.

DR. H. H. HAINES,
1804 Claymont street.

P. S.—This remedy will also clean the carpets. The fleas have all left my house and I do not have any now. This is my own get up. Fleas do not like salt.

Wilmington, August 16th, 1906.

Religion no Excuse.

A certain threatical manager of Chicago tells of an Irish policeman in that city possessing Dogberry-like traits.

On one accasion, at midnight, the custodian of the law overhauled a sleep walker who was promenading a principal thoroughfare clad only in his nightrobe. When the officer had awakened the unfortunate man, placed him under arrest and was hustling him off to the station the sleep walker exclaimed with indignation:

"Surely you are not going to lock me up?"

"Surest thing you know!" airly responded the bluecoat.

"Why man, I can't be held responsible for the predicament you find me in! I am a somnambulist!"

"Sure, it makes no difference what church ye belong to," sharply returned the officer, "ye can't parade the streets of Chicago in your nighty!"

Eminent Doctors Praise its Ingredients.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias Diotca*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." He continues "in Helonias we have a medicament which more fully answers the above purposes *than any other drug with which I am acquainted.* In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhœa; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women, constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhœa (suppressed or absent monthly periods), arising from or accompanying an abnormal condition of the digestive organs and anæmic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions * * * and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects on the system, *there is no medicine in use about which there is such general unanimity of opinion.* It is *universally* regarded as *the* tonic useful in all debilitated states."

Prof. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhœa (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.
