American Union

Thursday Morning September 6 1877.

THE Orphans' Court of Caroline county will meet on Tuesday 11th of September, 1877.

The Editor's Hash.

—The dog days have ended.

—Dry weather prevails throughout this Peninsula.

—The public schools of this county will open Monday 1st day of October next.

—The peach season will soon be over. The shipments are growing less every day.

—Now is the time to get registered.—The officers of registration are now in session.

—The Easton laundry, the only one on this Shore, failed, and the concern sold by the constable.

—The Wilmington Conference Academy at Dover has been completed and handed over to the Trustees.

—Stop this everlasting cry of hard times and if you won't work keep quiet and don't try to discourage those that will.

—Last week the heat was oppressive.—On Saturday night there was a change and since that time it has been more pleasant.

—The rail bird has put in his appearance on our marshes and soon the finest sport may be had in bagging large quantities of them.

—A large number of fruit dryers on the Eastern Shore have been destroyed by fire this season, and the loss in each case ranges from $500 to $1,500.

—Thirty-seven hundred and four carloads of peaches have been shipped over the Delaware railroad the present season up to Saturday last.

—In a nursery wherein all is life and laugh instead of crying and fretting, there is sure to be found Dr. Bull's Baby Syrup. Price 25 cents per bottle.

—Wm. Green, colored, was committed to Kent county jail last week on the charge of committing a rape on a white woman, named Caroline Brady.

—On Thursday morning the large basket and crate factory, the wheelwright and blacksmith shops of Lofland & Buckmaster at Clayton were totally destroyed by fire.

—At Rowlandsville, Cecil county, on Wednesday, a fire broke out in a blacksmith shop and communicated to wheelwright and carriage shops, all of them being consumed.

—The two per cent. U. S. tax heretofore charged by the Easton National Bank has been dispensed with and persons hereafter receiving accommodations at this institution will pay only 6 per cent. interest.

—The dwelling house of Wm. T. Boulden, at Locust Point, on the Elk river, near Elkton, was consumed by fire on Sunday afternoon last, together with the greater part of its contents. Loss $1,800.

—The second Quarterly meeting of the A. M. E. Church, will be held at Denton on Sunday next, Sept. 8th. The Rev. A. M. Green, of Cambridge, will conduct the services. Preaching commences at 10 o'clock, A. M.

—It is a noted fact that the most of the young men and youths of this town are absent from church on Sabbath mornings. Where do they spend their Sabbath mornings? Ah! that's a question for them to answer.

—A much needed enterprise has been started in Vienna, Dorchester county, by Messrs. Wm. Hurlock & Co., in the construction and operation of a large fruit canning establishment, and the firm is now working a full crew of operators.

—Mem. from Society Journal. "Miss S——appeared to positive disadvantages because of cloudness of complexion and—must we write it?—Pimples spoiling and otherwise beautiful countenance."—[She should by all means procure and use Dr. Bull's Blood Mixture. Rep.]

—The Democracy of Caroline are not all dead yet. The way mean whiskey was dealt out to the boys in an old stable on one of our bye streets at the primaries on Saturday, gave evidence that there was something democratic still left in Caroline. It was smuggled into town and used by the politicians to carry the primaries.

—Is it consistent with the spirit of the age and in harmony with our enlightened christian civilization to spend fourteen thousand dollars annually in our county to educate our youth—to feed the intellect—and allow the poor, aged and infirm inmates in our almshouse to suffer amid filth and vermin, for even the common necessaries of life to support enfeebled humanity?

—One of the world's greatest scientists claimed and argued that it was the design of Providence that man should live to 100 years of age; and that earlier death indicated the extravagant use of vital force. Be that as it may, there is preventive measures. Common regard for health should suggest prudential treatment of one's body, and the remedy meeting more exigences than any other that we know of is Keller's Vegetable Life Drops.

—The quiet of the Sabbath is broken and the religious services somewhat disturbed every Sunday morning at this place by the steam whistle and the bustle caused by the arrival of the steamer L. G. Cannon at our wharf. If, as is said, corporations have no souls, other people have, and among that number may be included steamboat captains and those in their employ.—Could'nt the owners of the Cannon so arrange as to run their boat six days and lay idle on the Sabbath?

—We publish to-day the levy list for the present year. It will be seen that the rate of taxation is for State and county purposes $103½ on the $100 assessable property of the county. This is a slight increase upon last year, caused in part by the new assessment and other expenses imposed by the acts of the last Legislature. The total amount of taxes to be raised the present year to meet current expenses is $32,231.-67. Last year it was $29,391.87.

—We will score the Kent *News* as No. 2 of the Democratic newspapers which advocate the course of Washington College in advertising in Democratic newspapers. How many more of the "Ring subsidis press" of this Shore are ready to speak out on this subject? Let us hear from you gentlemen. If you are willing we will ventillate the subject thoroughly. There is millions in it—we mean of the people's money voted by the State to Colleges and educational institutions—that ought to be talked over and let the tax payers of Maryland see where their money goes.

Democratic Primaries.

Last Saturday the Democratic primaries were held in the several districts of this county which selected delegates to nominate a county ticket. In this district 218 votes were cast against 396 two years ago, showing less interest in party matters than formerly. Here the nomination for sheriff appeared to be uppermost and the leading question with the voters. The County Convention met in this place on Tuesday and the nominations will be found elsewhere.

Democratic Ticket.

The Democratic Convention which assembled in this place on Tuesday last, put in nomination the following ticket:

For State Senator.—Hon. Daniel Fields.

For the Legislature.—J. P. Manlove, R. Y. Collins.

For Sheriff.—J. Bradford Bishop.

For County Commissioners.—John Daily, Wm. G. Horsey, Wm. W. Williamson.

For County Surveyor.—S. H. Melson.

There is Hope.

Some one, piously inclined, believing there is hope for the people of our county to be redeemed from political thraldom and immoral practices, sends us a lot of religious tracts, entitled "True Heroism," "The one safe Way," "The Plank that Bears," "Take this chance for Salvation," "The Guide," and "Thy Kingdom Come," accompanied by the call for a political convention which appeared in our paper last week, signed *Many Democrats, Republicans, Reformers* and others. The writer is evidently pleased with the movement and thinks there is some hope of salvation for our people.

Dr. Chancellor's Report.

We have received from Dr. Chancellor a pamphlet copy of his report on the public charities, reformatories, prisons and almshouses of the State of Maryland. We have heretofore noticed this report so far as it relates to our county, and we find from conversation with those better acquainted with our almshouse than ourself, declare in plain terms, that the Doctor's statements are true to the letter, and one gentleman went so far as to say, if the affairs of this institution could be no better conducted than at the present, the match ought to be applied to the buildings and the whole concern consumed. The facts stated in this report has aroused some feeling in this community and considerable talk, expressing condemnation of the manner of the treatment of the unfortunate poor, and the insufficient means provided for their comfort. We hope those having the management of our almshouse will look into this matter, and before the approaching winter comes on, make ample provision for the wants and comforts of its inmates.

Democratic Nominating Convention.

The delegates to the Democratic nominating Convention to nominate a county ticket assembled at the Court House in this place on Tuesday last. The Convention assembled at 2 o'clock and proceeded to organize by electing Capt. Wm. H. Watkins temporary Chairman, and Mr. G. H Beaven Secretary.

On motion the names of the delegates were presented to the chairman.

After the call of the roll of delegates one of the first district being absent, (John Y. Graham,) it was moved that the delegates present be allowed to cast the full vote of the district. The motion prevailed.

Mr. Jas. N. Smith moved that the Convention retire to the Grand Jury room.—This motion was opposed by several gentlemen who stated that by resolution of the County Central Committee the Convention was to sit with open doors. The motion was put and carried. The delegates then retired.

Mr. Mutchler moved that the reporters of the press be allowed the priviledge of occupying a seat in the Convention.—Adopted.

Convention retired to the Grand Jury room and order being restored the Chair announced that nominations were now in order.

A motion was made that the nomination of Sheriff be first in order. Motion amended by inserting Senator. Amendment accepted and motion prevailed.

To GEO. H. MOORE, Pres't.

G. H. BEAVEN, Sec'y.,

of the Dem. Nom. Convention.

Gentlemen:—I tender you my resignation as a candidate for the position of Senator and beg you to accept the same. I have been highly honored by the Democratic party of this county in the past, for which, I fear I may not be allowed the time, even to repay those debts of gratitude; and wish in the future to devote my humble services, as a private in the ranks to the promotion of harmony and success of our great party and its principles; to that end I shall cheerfully devote my declining years.

This last mark of your confidence and respect, I shall carry to my grave as a testimonial of having faithfully discharged my duties as your representative in the past, according to the best of my ability.

Your most ob't. servant,

DANIEL FIELD

After the reading of the letter the Convention by a unanimous vote declined to accept the resignation.

Mr. Moore, the President of the Convention rose and declared that Mr. Fields having been fairly and honorably nominated would receive his support and that of the Convention.

On motion, Dr. E. George was elected Chairman of the Democratic County Central Committee, and J. H. Holt, Sec'y.

OUTLOOK FOR FALL TRADE IN NEW YORK.—The outlook in New York for a brisk autumn trade is said to be most encouraging. The hotels in New York which are near business parts of the city are crowded to their utmost capacity, and the wholesale business houses are said to be besieged all day by merchants from other States, who are laying in their fall stock. The trade outlook in Newark, which is the third manufacturing city in America, is also very encouraging.—Customers from the South are sending in large orders for all kinds of goods and manufacturers are confident that Newark will soon have a more extensive Southern trade than she had before the war. Western and [illegible] are also sending [illegible] the latter.

KELLER'S VEGETABLE LIFE DROPS

TRADE MARK

In the introduction of Keller's Vegetable Life Drops, a new departure has been instituted. Instead of appealing to the credulity and desperation of the sick, the judgment of all is addressed in "A Brief Manual of Purgative and Depurative Medicine,"—(to be had of druggists *free of charge*, and given with every bottle of the Drops,)—written for those who, having a perception of their diseases, can intelligently apply the principles therein contained, with the assurance of relief and cure of

Diseases of the Blood

LIVER AND STOMACH;—

INDIGESTION,

Dyspepsia, Constipation, &c.

Keller's Vegetable Life Drops by their peculiar curative and preservative influence, purify all blood, cleansing and removing each disease.

Liver Complaint, Biliousness, Ulcers, Rheumatism, Pimples, Skin Diseases, Blotches, Neuralgia, Boils, Eruptions, Headache, Nervousness, Dyspepsia, Fever & Ague, Colds, Loss of Appetite, and KINDRED DISEASES, resulting from impoverished or vitiated Blood.

DYSPEPSIA.

The possession of pure blood depends upon good digestion; for where disorder of the digestive function exists disease inevitably results, and Dyspepsia, with all of its sorrows and miseries, becomes established.

Keller's Vegetable Life Drops are a specific for DYSPEPSIA, or INDIGESTION, FLATULENCY, HEARTBURN, CRAMPS, NAUSEA and VOMITING, Pain in the Head, Side and Back, Palpitation of the Heart, Hypochondria, and all the train of illnesses arising from Indigestion.

LIVER COMPLAINT.

When from any of the numerous inciting causes the Liver begins to act abnormally, the bile remains in the system, vitiating and perverting every vital process, and causing Boils, Carbuncles, Blotches, Pimples, Coughs, Bronchitis, Asthma, Consumption, Dysentery, Kidney and Bladder diseases, and many other disorders, all originating directly or indirectly from the Liver. Keller's Vegetable Life Drops induce the healthy action of the Liver by providing for the removal of the biliary constituents by the Bowels, Kidneys and Skin.

CONSTIPATION.

The suppression and retention of the contents of the alimentary canal produce Foul Breath, Indigestion, Dyspepsia, Piles, Chronic Headache, Skin affections, and very many other diseases referable to the insidious influence of Constipation. Keller's Vegetable Life Drops promptly cure this disease, and all the bad effects attending upon or resulting from it.

Keller's Vegetable Life Drops

are the safest remedy for those peculiar diseases arising from the structural differences between the sexes, and known as Female Complaints.

The use of Keller's Vegetable Life Drops has been thus only partially indicated; their range of application is very great, and their work is always more than satisfactory. Their remarkable efficacy, as already shown, is particularly exhibited in diseases of Blood, Liver, Stomach and Bowels.

Keller's Vegetable Life Drops are recommended as being the best and cheapest FAMILY MEDICINE ever offered, and are sold by druggists and dealers at 50 cents a bottle, or five bottles for $2.

To the Public.

IN looking over the "Union" of July 26th I find a notice forwarning all persons from paying any money due the firm of T. D. Case & Co. to myself. Feeling aggrieved, or that great injustice has been done me by this publication, I herewith transmit the facts, as the public may understand my position.—Some time in the year 1875, T. D. Case, J. B. Draper, J. T. Sangston and myself entered into a copartnership to transact the boating business, and at their request, I did take charge of the books of said firm, (T. D. Case & Co.) When this firm was dissolved, I proceeded to collect the bills and liquidate the debts of said firm, and applied out of my individual funds, seven hundred and fifty dollars, to assist in same, which amount is still due me. T. D. Case overdrew his account three hundred and two dollars and ten cents. After finding he could get no more of said funds he caused this notice, through malice, to appear, I conjecture, to injure me. As far as the old firm of Case & West is concerned, I will state that T. D. Case, some time ago, applied for the benefit of the Bankrupt law, and I as the only partner left, presume I have the privilege to close up the same, which I shall proceed to do in case of both the firms referred to.

Dr. Pierce's Pleasant Purgative Pellets

Or Sugar-Coated, Concentrated, Root and Herbal Juice, Anti-Bilious Granules. THE "LITTLE GIANT" CATHARTIC, or Multum in Parvo Physic.

The novelty in Medical, Chemical, and Pharmaceutical Science. No use of any longer taking nauseous, drastic, and nauseous pills, compounded of crude, and bulky ingredients, when by the careful application of chemical science, extracts of the cathartic and other medicinal principles from the most valuable roots and herbs, and concentrate them in a minute Granule, scarcely larger than a mustard seed, that can be readily swallowed by those of the most sensitive stomachs and fastidious tastes. Each little **Purgative Pellet** represents in a most concentrated form a cathartic dose, as efficient as is embodied in any other pills found in the pharmacopœia for the purpose of a thorough cathartic. Unlike other pills, they do not gripe or produce griping pains, but are so harmonized and balanced in their combination, as to produce a mild but thorough, yet easy, and only purgating, cathartic.

$500 Reward is hereby offered by the proprietor of these Pellets, to any chemist who, upon analysis, will find in them any calomel or other forms of mercury, mineral poison, or injurious drug.

Being entirely vegetable, no particular care is required while using them. They operate without disturbance to the constitution, diet, or occupation. For **Jaundice, Headache, Constipation, Impure Blood, Pain in the Shoulders, Tightness of the Chest, Dizziness, Eructations from the Stomach, Bitter in the mouth, Bilious attacks, Pain in region of Kidneys, Internal Fever, Bloated feeling in the Stomach, Rush of Blood to the Head, High-colored Urine, Unsociability and Gloomy Forebodings,** take **Dr. Pierce's Pleasant Purgative Pellets.** In explanation of the remedial power of our Purgative Pellets over so great a variety of diseases, I wish to say that **their action upon the animal economy is universal, not a gland or tissue escaping their sanative impress.** Age does not impair the properties of these Pellets. They are sugar-coated and hermetically sealed in glass bottles, their virtues being thereby preserved uninpaired for any length of time, in any climate, so that they are always fresh and reliable. This is not the case with those pills which are put up in cheap wooden or pasteboard boxes. Recollect that for all diseases where a **Laxative, Alterative, or Purgative,** is indicated, these little Pellets will give the most perfect satisfaction to all who use them.

They are sold by all Druggists at 25 cents a bottle.

WOMAN.

By an immense practice, extending through a period of years, having within that time treated many thousand cases of those diseases peculiar to woman, I have been enabled to perfect a most potent and agreeable medicine that meets the indications presented by that class of diseases with positive certainty and exactness.

To designate this natural specific compound, I have named it

Dr. Pierce's Favorite Prescription.

The term, however, is but a feeble expression of my high appreciation of its value, based upon my own personal observation. As a close observer, I have, while witnessing its positive results in the few special diseases incident to the separate organism of woman, singled it out as **the climax or crowning gem of my medical career.** On its merits, as a positive, safe, and effectual remedy for this class of diseases, and one that will, at all times and under all circumstances, act kindly and in harmony with the laws which govern the female system, I am willing to stake my reputation as a physician. Nay, even more, so confident am I that it will not disappoint the most sanguine expectations of a single invalid lady who uses it for any of the ailments for which I recommend it, that I offer and sell it under **A POSITIVE GUARANTEE.** If a beneficial effect is not experienced by the time two-thirds of the contents of the bottle are used, I will, on return of the bottle, two-thirds of the medicine having been taken according to directions, and the case being one for which I recommend it, promptly refund the money paid for it. Had I not the most perfect confidence in its virtues, I could not offer it as I do under these conditions; but having witnessed its truly miraculous cures in thousands of cases, **I feel warranted and perfectly safe in risking both my reputation and my money on its merits.**

The following are among those diseases in which my **Favorite Prescription** has worked cures, as if by magic, and with a certainty never before attained by any medicine: Leucorrhœa, Excessive Flowing, Painful Monthly Periods, Suppressions when from unnatural causes, Irregularities, Weak Back, Prolapsus, or falling of the Uterus, Anteversion and Retroversion, Bearing Down Sensations, Internal Heat, Nervous Depression, Debility, Despondency, Threatened Miscarriage, Chronic Congestion, Inflammation and Ulceration of the Uterus, Impotency, Barrenness, or Sterility, Female Weakness, and very many other chronic diseases incident to woman not mentioned here. In all affections of this nature, my Favorite Prescription works cures—**the marvel of the world.** This medicine I do not extol as a cure-all, but it admirably fulfills **a singleness of purpose,** being a most perfect specific in all chronic diseases of the sexual system of woman. It will not disappoint, nor will it do harm, in any state or condition.

Those who desire further information on these subjects can obtain it in THE PEOPLE'S COMMON SENSE MEDICAL ADVISER, a book of over 900 pages, sent, post-paid, on receipt of $1.50. It treats minutely of those diseases peculiar to Females, and gives much valuable advice in regard to the management of those affections.
