THE JOURNAL.

DENTON, SATURDAY MORNING, Aug. 30, 1873.

LOCAL INTELLIGENCE.

THE Orphans' Court for Caroline county will sit on Tuesday, 26th of August.

Scraps.

—The friends of Local Option will hold a meeting at the Court House, in Denton, on Tuesday next.

—Our thanks are due and are hereby tendered to Mr. F. Baynard, of Del., an old friend of the "Journal", for a basket of delicious peaches.

—We wish to remind our friends that Mr. Hutson, the tinner, has fruit cans for sale that are said to be better and cheaper than any glass jars you can get.

—To-day, the Democratic and Conservative party, in both Talbot and Queen Anne's, hold their primary elections. On Tuesday next they nominate their county tickets.

—W. H. Charles, S. N. West and R. J. Potter were appointed delegates to the Republican State Convention which meets in Frederick, on the 12th of September next. It will be seen that the convention did, to some extent, recognize their dependence upon the colored vote, one of the above named being of that class.

ALL-DAY MEETING.—There will be an all-day meeting at Bethany Mission, near Mr. Esma Lowe's, on to-morrow (Sunday) August 31st. The Rev. Mr. Williams and Rev. Mr. Riday and others are expected to be present to conduct the meeting. The meeting will continue every evening during the week.

THE JOURNAL this week is devoid of its usual amount of reading matter.—This proceeded from a cause entirely unexpected, and over which we had no control. We have done the best we could under the circumstances, and hope in the future, if possible, not to be under the necessity of asking the further indulgence of our readers on this score, except at such times when it is necessary, by the insertion of legal advertisements, such as levy list, registration notices, &c.

ON Friday morning, an infant daughter of Judge Goldsborough, 17 months old, fell from the second story window of his residence on the front pavement, a distance of twelve feet, and singular to say, did not break a bone, nor was she seriously injured. The fall stunned the child, and badly scared its parents, but in a few hours it was up and running about as usual. Dr. Chamberlaine was called in and rendered medical aid.—*Easton Star.*

THE editor of the *Union* says he remembers, near forty years ago, three marriages where white women married colored men, and says if responsibility rests anywhere it must be with the Democratic party—not with the Republican. The parties above alluded to were not married as the Editor well knows or ought to know. The laws of the State forbid it, and it has only come to pass that such an unnatural and unholy alliance could take place since the Black Republicans have obtained control, and placed themselves on the platform of the *Union*, which is: He is willing to meet his fellow man as man, and accord to him that justice which is due to all classes, without distinction of property, race or color.

THE Centennial anniversary of the Baltimore *American* occurred August 20th, Wednesday, of last week. The proprietors celebrated the occasion by an achievement which created quite a sensation. An issue of three sheets was made, comprising the regular edition, a supplement containing a history of the venerable journal, with a map of Baltimore as laid out one hundred years ago, cuts of the building in which it was printed in 1773 and now, and a *fac simile* of the first issue, dated August 20, 1773. The *fac simile*, with its quaint style of types, time-worn looking paper and its queer make-up and still more queer looking advertisements and reading, was the chief object of attraction among the curious.—Everybody clamored for a copy, and everybody scanned its pages with interest. The entire sheet is a curiosity, and must be seen and read to be appreciated.

[Communicated.]

Mr. Editor.—One of the old board is respectfully informed that the Treasurer is engaged in preparing the report of the board of Alms House Trustees for publication. Without designing to anticipate, I am sure the report will be entirely satisfactory to the people, and fully corroborate the statements of "Vindex."

In regard to my first statement of the condition of the Alms House when it came under Democratic management, I learn upon inquiry, that I did state the truth. There was a small amount of money turned over by the retiring board of Trustees, but there was not enough to pay the outstanding bills,

Respectfully,

VINDEX.

TERRIBLE STORM IN DELAWARE.—The rain storm on Wednesday night of last week like many of those which have recently prevailed, was very heavy at certain points in Delaware and near the Maryland line. On the Delaware railroad, two culverts were washed out at the crossing of the Pennsylvania and below that point; two others between that point and Kirkwood station, six between there and Middletown, and two between Middletown and Townsend, making twelve broken culverts, within a distance of about fourteen miles. Besides this, however, great damage was done at the canal, where the breast of the feeder broke during the storm, between 8 and 12 o'clock, and carrying before it a large quantity of earth, filled up the canal at this point swept away the keeper's house, about one hundred feet of the northern approach to the railroad bridge, and one of the abutments of that structure.—The damage to the railroad is estimated at $50,000, and to the canal $500,000. The trains were consequently stopped, and we received no mails from Wednesday until Monday, and then only a part of the mails arrived, having been sent around the breaks by express wagons. Since then we have received it Delaware railroad, one a few hundred feet above, and the other about as far daily except on Tuesday. The road is again repaired and yesterday the cars were again started on time. The loss, in consequence of this break, will fall heavily upon many of our citizens, they being unable to get to market their peaches and other fruits and marketing. What the loss will be to the citizens of this county it would be very difficult, at present, to estimate, but certainly, we think, not less than $50,000. We have no doubt that those having control of the repairing of the road were as expeditious as possible as the loss to the road, in consequence of the break, at this particular time, has been very heavy.

THE FACULTY of WASHINGTON COLLEGE has been reorganized by the election of Prof. Wm. J. Rivers, of the South Carolina University, as Principal; Prof. Wm. H. Zimmerman, Vice Principal; and Mr. Joseph Patterson, Assistant Professor.

Mr. Rivers has, for seventeen years, been a Professor in the University of South Carolina. Mr. Zimmerman was for several years Vice Principal of the Western Maryland College; and Mr. Patterson, educated at the University of Virginia, is most favorably known as a teacher in this Commonwealth.

In order to accomplish this a Preparatory or Academic Department has been established, in which full and thorough instruction will be given in the various English branches, viz: Grammar, Geography, Arithmetic, Algebra, Geometry, History, Natural Philosophy, Chemistry, &c.; and all other branches of learning required to complete an English Education.

There is no earnest and we hope to be well directed effort made by the Board of Visitors to restore the College to its former condition of prosperity, and to establish an institution of learning which shall secure the confidence and support of the public.

The College will be reopened on Wednesday, the first day of October next.

Forming the most concentrated, universal and durable Fertilizer ever offered to the Farmer—combining all the stimulating qualities of Peruvian Guano, and the ever durable Fertilizing properties of Bones, in fine dry powder, prepared expressly for drilling, and can be applied in any quantity, however small, per acre; and it is the opinion of many close calculating Farmers, after FOURTEEN years experience in testing it side by side with other popular fertilizers, that an application of 200 pounds of Excelsior is equal to from 200 to 300 of any other Fertilizer or Guano offered for sale, therefore is fully 100 to 200 per cent. cheaper.

☞ Look out for imitations and counterfeits. The popularity of Excelsior has induced unscrupulous parties in this and other cities to copy our trade mark, and resort to other dishonorable means to sell their worthless compounds.
