A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with over work. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipated or irregular bowels, feel weak, easily tired, despondent, frequent headaches, pain or distress in "small of back," gnawing or distressed feeling in stomach, perhaps nausea, dizziness, or sour "risings" in throat after eating, and kindred symptoms of weak stomach and torpid liver, the medicine will relieve you more promptly or cure you more permanently than Doctor Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscuits, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use until you are vigorous and strong.

The "Discovery" is non-secret, non-alcoholic, is a glyceric extract of native medicinal roots with a full list of its ingredients printed on each bottle-wrapper and attested under oath. Its ingredients are endorsed and extolled by the most eminent medical writers of the age and are recommended to cure the diseases for which it is advised.

Don't accept a substitute of unknown composition for this non-secret MEDICINE OF KNOWN COMPOSITION.

OLD TIME STYLES.

The Fashions In Ladies' Hats In Richmond After the War.

A southern lady in a diary which she kept throughout the civil war tells of a bonnet which she made and which was regarded as "quite stunning." The author of "Dixie After the War" quotes from the diary as follows:

We had been wearing coal scuttle bonnets of plaited straw, trimmed with corn shuck rosettes. I made fifteen one spring, acquired a fine name as a milliner and was paid for my work.

I recall one that was quite stunning. I got hold of a bit of much worn white ribbon and dyed it an exquisite shade of green with a tea made of coffee berries. Coffee berries dye a lovely green. You might remember that if you are ever in war and blockaded.

When the northern ladies appeared on the streets of Richmond they did not seem to have on any bonnets at all. They wore tiny, three cornered affairs, tied on with narrow strings, and all their hair showing in the back. We thought them the most absurd and trifling things. But we made haste to get some.

The Yankees introduced some new fashions in other things besides clothes that I remember vividly, one being canned fruit. I had never seen any canned fruit before the Yankees came. Pleasant innovations in food were like to leave lasting impressions on one who had been living on next to nothing for an indefinite period.

Economy.

WE OFFER OUR GRASS FERTILIZER.
WE OFFER OUR POTATO FERTILIZER.
WE OFFER OUR CORN FERTILIZER.
WE OFFER OUR PEACH TREE GUANO FRUIT GROWER.

These are all right.

BUT TOMATOES!

WHY IS IT Peerless outsells all other Tomato goods?
WHY IS IT Peerless sells higher than other brands?
WHY IS IT other fertilizer men say their Tomato Fertilizer is as good as Peerless?

The answer is easy—everybody knows it?

QUALITY.

Captain Emory grew on one occasion 17 tons per acre. Mr. Zac T. Gilbert grew 19 tons to the acre. Mr. G. W. Collins has bought as high as 50 tons per year, and his men grew from 12 to 15 tons per acre. We have sold already in Anne Arundel county, and the lower counties and New Jersey, hundreds of tons. Messrs. Baker and Morgan have bought as high as twelve hundred dollars worth. Captain Dashiel says he would have it if he had to give $50.00 per ton for same. Mr. Joseph Downey says when he was canning that he could actually tell the difference in tomatoes grown with Peerless when brought to his cannery. Mr. Numsen says he knows that tomatoes grown with our goods are fine. Mr. Frank Moore, who runs Assaw Bains & Co's cannery, says the best tomatoes brought there are from Peerless. Mr. Loose, a customer of his, says a ton of Peerless grew him $96.00 worth more tomatoes than another goods costing $7.00 less per ton. Mr. Money says it is certainly good. We could go on, but with a testimonial will close.

Unsolicited sometime ago Mr. J. W. Elburn & Son came in our office and said: "I believe your Peerless to be the best tomato goods I ever saw. You remember what an advocate I was of it when I lived out at the mill. Well, wherever I have lived since, on the Western Shore or elsewhere, I would have it, and last year I put some of this same goods on some onions grown from the seed, and they were as fine as Burmudas. Many measured 4 inches in diameter, and I grew over 600 bushels per acre, or at rates of 1162 baskets. I used it on strawberries and picked 8000 quart per acre."

The above testimony, should, therefore, be convincing.

Respectfully,

WILBUR W. HUBBARD,
