Entrance Examinations

State Scholarships in Engineering Courses

ENTRANCE EXAMINATIONS for the Department of Engineering, as well as for the College of Arts and Sciences, will be held in the Civil Engineering Building, Homewood, Monday to Saturday, June 21-26, 1920, beignning at 9 a. m. each day under the auspices of the College Entrance Examination Board.

APPLICATIONS FOR SCHOLARSHIPS IN THE DEPARTMENT OF ENGINEERING, established under the provisions of the Laws of Maryland, Chapter 90, 1912, will now be received. If there is more than one applicant for a particular scholarship, a competitive examination must be taken Friday, September 17, beginning at 9 a. m. Appointments will be made soon thereafter.

Each Legislative District of Baltimore City and each county of the State, with the exception of Cecil, Harford, Queen Anne's, Talbot and Worcester counties, will be entitled to one or more scholarships for the year 1920-1921, in addition to those which have already been assigned. In the five counties mentioned above, all the availible scholarships have been awarded.

Under the provisions of the Act of Assembly, the County and City Scholarships in the Department of Engineering are awarded only to deserving students whose financial circumstances are such that they are unable to obtain an education in Engineering unless free tuition is granted to them. The scholarships entitle the holders to free tuition, free use of text-books and exemption from all regular fees. One of the scholarships in each County and each Legislative District of the City carries also the sum of $200. The expense of attendance for those who do not receive scholarships is not greater that at other Maryland institutions.

Scholars may be awarded to graduates of Loyola College, St. John's College, Washington College, Western Maryland College, Maryland Agricultural College, Mt. St. Mary's College, Rock Hill College.

One scholarship will awarded "At large."

Applicants should address The Registrar, The Johns Hopkins University, for blank forms of application and catalogue giving information as to examinations, award of scholarships, and courses of instruction. The next session begins Tuesday, September 28, 1920. m22-4t

Pull Together for an American Merchant Marine

The war resulted in the creation of a great merchant marine—10,000,000 tons of American ships which cost us $3,000,000,000.

Everybody agrees that we must keep this fleet on the seas.

If we fall back to pre-war conditions—when only 9 per cent of our foreign trade was carried in American ships—

We shall be in the position of a department store whose goods are delivered in its competitor's wagons.

Congress is considering legislation which will perpetuate our war-built merchant marine.

Until this is done the ships we have should not be sold to face conditions which, prior to the war, resulted in the decline of our merchant marine to insignificance.

This Committee calls attention to these facts because a right solution of our shipping problem is vital to the future prosperity of shipbuilding, but equally vital to the safety and prosperity of the nation.

Send for free copy of "For an American Merchant Marine."

NEWS OF A KENT COUNTIAN

In the Paris edition of the "Chicago Tribune," under date of Sunday, May 9th, the following letter draws attention as coming from the pen of John B. Richardson, son of Mr. and Mrs. H. T. Richardson, of Kent county, who is now in Paris with his wife and baby daughter, Sarah Jacqueline. Jack Richardson enlisted and was among Kent's first boys to go over; was wounded in action, so his opinion of the dead being left in peace surely comes from the heart. The letter is headed, "Voice of Americans in Europe" and reads:

Paris, May 6th, Chicago Tribune.—As a subscriber of this paper may I say just a few words. First, how many on the editorial staff of the "Stars and Stripes" ever saw the firing line? I mean those who are forever knocking the war record of Dempsey. Also I like very much the way one or two Y. M. C. A women talked about carrying home the dead. I liked that very much but if she had been at the front, where some of the boys are buried, seen conditions, perhaps she would change her mind, not for the sake of the soldier but for the people at home. I think the letter written by James L. Karrich, a very good one, but I would like to say that a good Frenchman understands what America and Americans have done for them. It is only the fellows who wear corduroy breeches and wooden shoes who do not care to understand. Of course, I realize that class is pretty much in percentage but why worry over them. They are not worth it.

I liked very much your little piece on the carrying home of the American dead. I think where they are, let them lay, peaceful and at rest, and do not open afresh the wounds at home. Perhaps some of the soldiers of the Y. M. C. A. or the "Stars and Stripes" might think I am one of the American tourists coming over to see the country. I might add that I have been over here since January, 1918, went back to America, was mustered out in September, 1919 (with the First Division), returned in November of the same year; and have four bronze stars and one silver (some soldier, eh!)

Hoping our little paper will have the best of success, I remain,

J. B. RICHARDSON.

The "Chicago Tribune" is the only paper in Europe edited by Americans.

NEW LAWS BECOME EFFECTIVE TUESDAY

Beginning Tuesday Marylanders have about 700 new laws to obey or violate. The people will have to step right up and walk the straight and narrow—or wider—path set for them by the Legislature of 1920.

The old roller towel will pass out of use. The man who spent years learning how to find the one clean spot left will find no place to exercise his accomplishment.

The blushing 16-year-old bride will have to sit and patiently wait until she is 18 years old. Marriage license will cost $2 and the girl or the awkward groom-to-be will have to face the license clerk in person. The old-style applicant who often willfully or thoughtlessly lied about ages will no longer be called on to sin in that way.

Poultry soaked in water cannot be sold hereafter. That was an old trick by which a slender chicken would hit the scales with an expensive bang.

Crying in court, as done by the official court criers, will be more profitable in the Orphans' Court, the judges also receiving higher pay.

Children in theatrical companies with permits from other States will be allowed to perform here by showing permits and paying fees.

"Oh, say, can you see by the dawn's early light—" and the rest of the "Star-Spangled Banner" must be sung in public schools.

The people, by referendum, may decide in November whether the next Police Commissioner shall be named by the Governor, as now, or by the Mayor. This goes into effect at the expiration of the six-year term of General Gaither.

More compensation is allowed and payments start sooner for workmen and higher insurance is required by employers. Here are ome of the other things that will happen:

A boxing commission and a racing commission will handle those two sports.

Trust companies will pay only $1 on the $100 tax on shares of stocks.

Lateral roads will be built by the counties and State on a cost-sharing plan.

Pay of school teachers, other than those in Baltimore, who have had a raise, will be raised June 1.

Merit system, with some reservations, goes into effect in the State.

The people will vote in the fall on the question of Sunday movies.

Blue laws slightly modified to permit legally sale of articles such as are now generally sold illegally.

Giving short weight now becomes a misdemeanor and all boxes and crates must have a definitely indicated capacity. The boxes "about a quart," or "almost a bushel" are forbidden.

Minimum age of operator of motor vehicle reduced from 18 to 16.

All lighting devices for motorcars must be approved by State.

Requiring persons who may have dropped glass on any roadway by accident to remove same.

Making compulsory many driving rules generally observed by best drivers now.

In all 22 district changes in the motor law that every motor driver can learn by applying to Commissioner of Motor Vehicles, or can learn later on by facing Commissioner on charges of violations. Ignorance is guilt and the fines are high.

Many laws to put a stop to buying and selling stolen cars, making it easier to lock up the buyer than ever before.
