## POSTAL EMPLOYES MAY GET RAISE

Favorable Report Submitted To Congress By Joint Congressional Commission—Increases Of From $ 150 Are Suggested For Letter-carriers And Clerks.

Increased salaries for postal employes amounting to approximately $33,000,000 for the first year, effective July 1, were recommended in a report to Congress by a joint congressional commission.

Increases of from $150 to $250 annually for postal clerks and letter carriers with $400 for supervisory officers were recommended. No increases for first-class postmasters receiving above $5,000 a year were proposed, however.

For rural delivery carriers the commission recommended $1,800 for a 24-mile route and an additional $30 for each mile in excess of that distance. The pay of village delivery carriers would be from $1,000 to $1,200.

Should the recommendations of the commission, based on hearings held in various parts of the country, be adopted, clerks at first and second class postoffices, as well as city carriers, would be divided into five classes with those in the first class receiving $1,400 annually and $100 added for each class. Substitutes and temporary clerks would receive 60 cents an hour, while special clerks would be paid from $1,900 to $2,000 annually. The clerks in the postal mail service would be divided into six classes, with those in the first class receiving $1,600, those in the sixth class $2,300 and the others graduated between.

Service for all clerks, the commission's report recommended, would be on an average of eight hours per day, 360 days per year.

Second class postmasters whose present salary ranges from $2,300 to $3,000 would receive an increase from $100 to $300. Assistant postmasters would receive $50 for each grade up to $2,150. Third class postmasters would be increased $300 from basic salaries each, the salaries ranging from $1,000 to $2,200. The commission also recommended that fourth class postmasters be allowed 140 per cent. on cancellations of $75 per quarter and less; 115 per cent. from $75 to $100 of cancellation per quarter and in excess of $100 per quarter 100 per cent. on the first $100; 75 per cent. on the next $100 and 60 per cent. on the remainder.

### STATE SUPERINTENDENT NOT NAMED

The State School Board, at its annual meeting, elected Dr. Henry M. Fitzhugh, of Westminster, president and Dr. John M. T. Finney, of Baltimore, vice-president. Action on the election of Dr. M. Bates Stephens was not re-elected the last meeting day before the end of his term, was taken to indicate that the board was not ready to return him to office.

Officials and others specially interested in the county schools were given a hearing by the Board in the parlors of the Rennert Hotel, Baltimore. Flattering tributes were paid to Dr. Stephens' work as State Superintendent of Education in Maryland. His popularity among the teaching force of the counties, which is said to number 3,000, seemed to be proved rather conclusively.

Dr. Stephens' reappointment, is of course, the big question at issue. Very recently the Russell Sage Foundation issued a very unfavorable report on Maryland's schools. This foundation, it is said, based its ratings solely on the money appropriated and the school attendance. The quality of teaching, the supervision and other means adopted to improve its character were, it is said, ignored. It was charged that the "fire" to which the school system had been subjected had served to demoralize the teaching force throughout the State. Requests were made for early and favorable action in dealing with Dr. Stephens' case.

Comply with the law. See that your head light lens are according to law. We will assist you to comply with all the regulations—C. A. Goodwin, at the Ford Service Station, Chestertown.
