DENTON, SATURDAY MORNING, July 7, 1877.

LOCAL INTELLIGENCE.

THE Orphans' Court for Caroline Co. will sit on Tuesday, 17, July.

SCRAPS.

—The mill-dam at Wye Mills was washed away one night last week.

—The July term of the Circuit Court for Queen Anne's county will meet on the 16th inst.

—Messrs. Thomas Pratt and Benj. Ford have opened a store in Chas. W. Gibson's new building at Henderson.

—Persons wanting to buy new carriages will find them cheap and of the best styles at Larrimore's in Easton. See advertisement.

—Tuthill & Avery, at Easton, have one of the most magnificent hardware stores on the Shore, and are doing an extensive business.

—Oswald Tilghman, Esq., whose professional card appears in another column of this issue, will hereafter practice in the courts of this county.

—Wanted-every one to be free from Pimples Blothes Boils, etc., which can be done by purifying the blood with Dr. Bull's Bloods Mixture. Use everywhere.

—Quite a fracas took place in town on Wednesday night last between some bottle-headed young men and Bailiff Hutson. From what we hear nobody was seriously hurt.

—G. T. Melvin and M. S. Mutchler have entered partnership in the practice of law. Any claims for collection, or other business belonging to their profession, entrusted to them, will receive prompt attention.

—Mr. John Baggs, agent for the United States Life Insurance Company, visits Denton occasionally and will be glad when here to furnish policies to all persons desiring to have their lives insured. In his absence Dr. George of this town, or Dr. Comegys of Greensborough, will give any information in regard to insurance that may be desired.

NOTICE.—All persons indebted to the late firm of Lowe & Downes are requested to come forward and settle at once. J. Thomas Lowe has the books in hand and will require prompt settlement.

THE DELAWARE FRUIT DRYER.—We are authorized to say that the very popular "Delaware Fruit Dryer," advertised in another column of our paper, and of which we spoke last week, will be tested at Greensboro' Station next Wednesday, the 11th inst., and at Farmington on Saturday the 14th. This is the most valuable of any of the Fruit Dryers we have yet seen.

ORPHANS' COURT.—The Court met on Tuesday last, all the judges were present.

John F. Dawson, executor of Sarah E. Lank, late of Caroline county, deceased, presented an inventory and appraisement of the personal estate of the said deceased; passed.

John F. Dawson, executor of Sarah E. Lank, dec'd, was granted an order to sell the personal estate of the said deceased.

"EUREKA" is the sentiment of countless sufferers who find the balm of relief, and the fountain of their health and strength is *Ayer's Sarsaparilla*. It is the most potent of all the alteratives to purify the system and cleanse the blood. It possesses invigorating qualities, so that it stimulates the faded vitalities and purges out the corruptions which mingle with the blood, promoting derangement and decay. We are assured by many intelligent physicians that this medicine cures beyond all others of its kind, and we can fortify this statement by our own experience.—*Athol (Mass.) White Flag.*

NEW CARRIAGES.—Messrs. S. B. Hopkins & Son, at their Carriage Bazaar, Easton, have now in store the largest and best assorted stock of new Carriages, Harness, &c., that they have ever had, which they are offering at prices far below any other establishment. They have the largest bazaar on the peninsula south of Wilmington, and always carry a stock of between THIRTY and FIFTY carriages of all descriptions, size, quality, price and finish from which to select, thus making it certain that all who favor them with a call can be suited. The citizens of Caroline are invited to call and examine their stock, or any order per mail will be promptly filled and delivered. A rare chance is here offered to obtain carriages at less than city prices, and our citizens should by all means avail themselves of it.

THE FOURTH AT ANDERSONTOWN.—The celebration at Andersontown on Wednesday is said to have been a very creditable one. As early as ten o'clock the grove was pretty well filed, and until eleven the assemblage spent the time in various social amusements. The exercises were then opened with prayer by the Rev. Mr. Collins, who announced the programme for the day. The Declaration of Independence was then read by Mr. John Bateson, in a very fluent and effective manner. The orators of the day were the Rev. John E. Smith, of this town, Dr. P. S. Reynolds, of Hillsborough and the Rev. Mr. Letts. Mr. Smith's speech was one of rare literary merit and delivered in a most eloquent manner. The speeches of Dr. Reynolds and Mr. Letts are spoken of in high terms of commendation. Aside from from the programme the occasion presented a scene of general joy of the highest excess.

Celebration at Denton.

The celebration of the Fourth at this place, though gotten up on short notice, surpassed the expectation of all who were connected with it. The parade of the horsemen, the music of the band, the orations and the display of fireworks—all passed off in a most creditable manner. Early in the afternoon the equestrian troop organized, on Market Space, under command of Robert J. Jump, Esq.; Col. R. J. W. Garey, Marshal of the day. The company passed through town several times; and the officers being so handsomely dressed, and displaying so much efficiency in conducting the parade, it was indeed an attractive and enlivening scene. During the greater part of the afternoon the Band led the procession and played a number of its choicest selections.

About five o'clock an immense throng gathered at the Court House to hear the addresses. Dr. Fred. Straughn was chosen president and directed the programme. Master Howard Bryant was the first speaker. His speech was an appropriate one, and the delivery of it faultless. J. W. Bryant, Esq., followed him in a spirited and patriotic address. Next was introduced Dr. W. F. G. Young, of Hillsboro', who made an eloquent address. When the Dr. concluded the president announced that the meeting would stand adjourned until 8 o'clock. At the appointed hour the metting again assembled and was called to order. The Rev. J. E. Smith of this place was introduced. His address was full of manly sentiment and was delivered with irresistable eloquence. When Mr. Smith concluded, the President announced that the pyrotechnic display would take place in a few minutes on the vacant lot adjoining Mr. J. W. Temple's premises. He then declared the meeting adjourned.

The display of fireworks was a grand affair. The immense crowd that witnessed it were highly gratified. We were forcibly reminded of the language of the old patriot, years ago, when he looked forth with prophetic vision and said: "We shall make this a glorious and immortal day. When we are in our graves our children will honor it. They will celebrate it with thanksgiving, with festivity, with bonfires and illuminations. On its annual return they will shed tears, copious, gushing tears—not of of subjection and slavery, not of agony and destress; but of exultation and joy."

Letter From Seaford.

SEAFORD, DEL., June 26, '77.

Messrs. Editors:—Very much doubting that your readers will be interested in what is transpiring in this part of the world, I venture to write a brief letter. As you are aware the location of Seaford is near the centre of the peninsula, being at the junction of the Dorchester and Delaware railroad with the Delaware railroad, 84 miles from Wilmington, 5½ miles from Crisfield, 33 miles from Cambridge and about the same distance from Lewes. It is also on the right bank of the Nanticoke river, near the head of navigation, with sufficient depth of water for vessels drawing eleven feet. In growth it has advanced more rapidly than most of the neighboring towns during the last ten years, the present population being about two thousand. This growth has been largely brought about by the industries of Seaford, principal among which have been the oyster and peach canning establishments, the shipbuilding interest and the sash, blind and door factory of Manners, Fisher & Co., which latter rivals the larger establishments of Philadelphia and Baltimore in excellency of work and cheapness of prices.

The shipbuilding enterprise unfortunately languishes and is almost discontinued here in consequence of the extreme dullness of the coastwise freighting business. Many of the vessels already built being unable to keep up repairs and pay working expenses, to say nothing of the dividends to the owners. The canning of fruit here has also of late years ceased to be remunerative and these losses combined with the low prices of fruit shipped to the city markets have had quite a depressing effect on trade generally, causing considerable diminishment of income and necessitating a corresponding reduction of personal expenses.

Judging from the increased number of advertised excursions the transportation companies are under the impression that there is plenty of idle capital ready for investment in railway and steamboat tickets, there having been an excursion from here to Baltimore, via the D. & D. R. R. and steamer Pentz, June 7th,—one to Annapolis June 20th—and one to be from Seaford to Cambridge to-morrow, Wednesday.

In addition to these the Delaware railroad company has arranged to run an excursion to Ocean City to-morrow, 27th, and a second one on Wednesday, July the 4th.

The indications are that Ocean City, as a summer resort, is to be immensely popular the present season and that nothing conducive to the comfort and pleasure of visitors will be omitted. Passenger trains are now running from Phila., Wilmington and Balto. to Ocean City without change of cars. The principal hotel—the Atlantic—kept by Mr. John Tracy, is alone capable of accommodating 400 to 500 guests, in addition to which are three or four other good sized hotels. By the way, I have almost forgotten to mention, what you doubtless already knew, that the office of the Atlantic is presided over by Mr. Samuel C. Beckwith, who, prviously to the 1st of January, was a member of the Maryland editorial fraternity; having been connected in the editorial capacity with the Crisfield *Leader* and subsequently with the Cambridge *Chronicle*. Mr. Tracy is to be congratulated upon his fortunate selection of an assistant and Mr. B. is equally happy in his location as besides the pleasure of being constantly among numerous friends at a first class watering place; his duties will probably not prevent his taking a daily bath in the rolling surf, the beach for this purpose being pronounced the best on the coast. The best plan is for all to go and see and judge for themselves.

Speaking of hotels reminds me of a pleasant feature of our own town, which serves, in a measure, to offset some of the drawbacks previously mentioned. The Nanticoke House, at the Seaford depot, now kept by Mr. G. H. Fowler, of New York, is unexcelled by any hotel of similar pretentions on the peninsula as a place of rest and refreshment for the tired traveler, and those who stop with Mr. Fowler once are not likely to give him the go-by afterwards; which, for coolness, salubrity and delightful river scenery we would exchange with none not favorvored with salt air water.

We have two lines of steamers—one is represented by the steamer Viola, rather diminutive in size in comparison with the steamers of the American line from Phila. to Liverpool, but doubtless sufficient for the business in which she is engaged, plying between Seaford and Concord. The other is managed by Capt. Walter J. Wood, of the steamer W. D. Morton, a much stronger boat which makes daily trips from Vienna to Seaford and return, the line being popular and well patronized all along the route.

None of us have been made suddenly and violently rich by the returns from our strawberry shipments, but raspberries are now bringing good prices with a prospect of blackberries paying still better; and indications of a favorable return from the peach crop are much better than they were some weeks ago.

After all it is noticed that those who have most to say about monoply of railroads and commission men and the growing poverty of farmers are quietly extending their nurseries, &c., year by year, while those who plant with good judgment never fail to make it pay.

A sketch of Seaford would be incomplete unless reference were made to the phosphate business of Messrs. W. M. Ross & Co., who say their prospects for increased business were never before so good. The shell lime manufactured by M. Colbourn & Co. is too well known and appreciated to require mention. I have writen too much and will close. AMICUS.

MARRIED.

CALPHA—MARTIN.—On Thursday evening, March 1st, 1877, by Rev. Mr. Smith, Mr. R. M. Calpha to Mrs. Rhoda J. Martin, both of Brookville, Franklin county, Indiana.

MORGAN—BREDING. — At the M. E. Parsonage, in this town, on the 3d inst., by the Rev. J. E. Smith, Mr. John W. Morgan, of Caroline county, to Miss Laura J. Breding, of Kent county, Del.

A Time-Honored Specific.—The long and successful career of Dr. WISHART'S PINE TREE TAR CORDIAL, as contrasted with the speedy collapse of nostrums devoid of efficacy which have from time to time been puffed into a brief notoriety during the twenty-odd years that this celebrated medicine has been sold, affords a proof that the American public *continues* to repose its confidence in deserving articles only. The PINE TREE TAR CORDIAL has long been recognized as the leading specific for Consumption, Bronchitis, Coughs, Colds, Asthma, Diptheria, and all other diseases of the breathing organs. It is moreover, a certain, speedy, and safe botanic remedy for Dyspepsia, Liver Disorders, Scrofulous Affections, Urinary Troubles, Gravel, Dropsy, Debility, Constipation, and Female Complaints. Constantly accumulating evidence of an unimpeachable character establishes the fact that it is not only entirely eradicates the diseases to which it is adapted, but also that its action is remarkably prompt and thorough.—The crucible test of experience has demonstrated its reliability in every particular. Sold by all druggists. Principal Depot, No. 916 Filbert Street, Philadelphia.

STILL TO BE HEADQUARTERS FOR

CLOTHING.

WANAMAKER & BROWN,

IN THE OLD PLACE AT THE OLD TRADE.

All the best talent, experience and advantages we can command, continued at OAK HALL, to produce the BEST and CHEAPEST CLOTHING for man and boy.

For sixteen years we have lived at the old corner of SIXTH and MARKET, and the business done there has been so satisfactory to the public and ourselves, that we have decided not to change or move the Clothing business away. The people like the place and we like to please the people, and we believe that we can do it better than ever at the old place.

The sales of the past year far surpassed anything we ever dreamed of, and this puts it in our power to start the Spring of 1877 with a STILL LOWER SCALE OF PRICES, and a class of goods so excellent that we are not afraid to follow each sale with our warrantee, or receive back the goods unworn and hand over to the customer the money paid.

The store has been largely refitted, and there never was such a splendid stock of Men's, Boys' and Children's clothing under the roof, nor were we ever able to sell so cheaply. Our word for it, and we are your friends of sixteen years.

Ayer's

Cherry Pectoral

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

The reputation it has attained, in consequence of the marvelous cures it has produced during the last half century, is a sufficient assurance to the public that it will continue to realize the happiest results that can be desired. In almost every section of country there are persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs, by its use. All who have tried it, acknowledge its superiority; and where its virtues are known, no one hesitates as to what medicine to employ to relieve the distress and suffering peculiar to pulmonary affections. CHERRY PECTORAL always affords instant relief, and performs rapid cures of the milder varieties of bronchial disorder, as well as the more formidable diseases of the lungs.

As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of Childhood, it is invaluable; for, by its timely use, multitudes are rescued and restored to health.

This medicine gains friends at every trial, as the cures it is constantly producing are too remarkable to be forgotten. No family should be without it, and those who have once used it never will.

Eminent Physicians throughout the country prescribe it, and Clergymen often recommend it from their knowledge of its effects.
