DR. HENRY SKINNER WEST NEW SUPERINTENDENT

Charles J. Koch was removed from office as the Supenintendent of Public Instruction in Baltimore on Monday.

Dr. Henry Skinner West, principal of the Maryland State Normal School and an assistant superintendent in Baltimore during the incumbency of James A. Vansickle as superintendent was elected as Koch's successor. It was agreed to give him a salary of $8,000. Mr. Koch received $5,000.

The action was taken by the "new" members of the Board of School Commissioners. Earlier in the day four members of the board—President Jas. W. Chapman, Jr., Sidney P. Thanhouser, John H. Ferguson and Mrs. Harry Elkins Parkhurst—resigned as a protest against the summary removal of Mr. Koch.

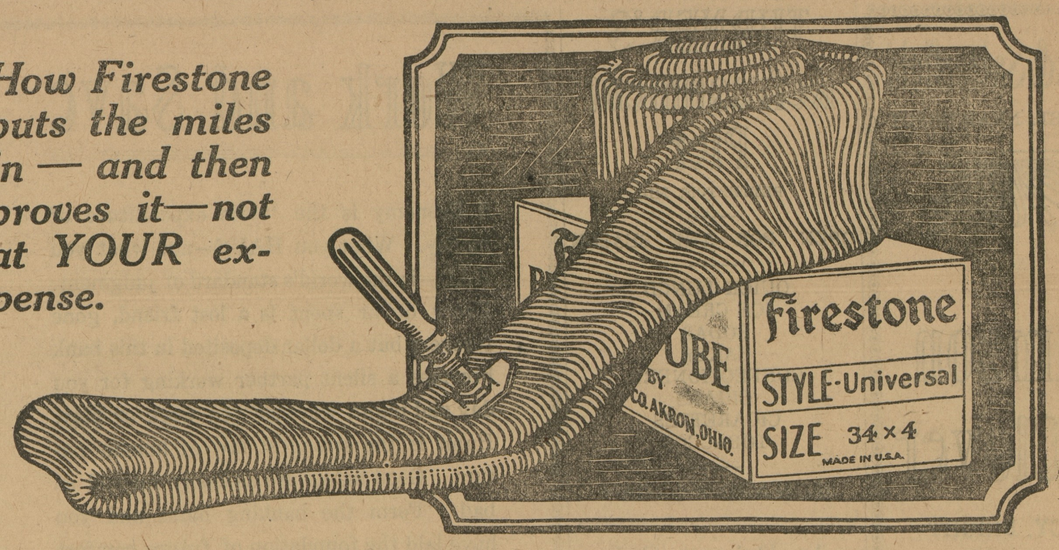
Teachers in the schools called the action of the board disgraceful and declared it to be a return to Van Sickleism.

And, it is said, the end is not yet. The remaining assistant superintendents—John A. Korff, Rowland Watts and Charles A. A. J. Miller, are said to be "skating on thin ice;" Walter E. Burnham, Supervisor of School Buildings, is also slated to go, it is said, and it would not be surprising if the board should remove John M. Roche as secretary. It is known that there are members of the board who favor a "clean sweep."

Suit for appointment of a receiver for the Sandy Beach Amusement Co., operating an amusement park near Bay Shore, was instituted Friday in the Circuit Court by Nick Polites, through William Curran, attorney. It is alleged that the company owes Polites $2,050 and is hopelessly insolvent. An order of court requires cause to be shown by July 19 why a receiver should not be appointed.

A big-scale road test on 3,200 tubes

How Firestone puts the miles in — and then proves it—not at YOUR expense.



No other tubes in the world are road tested on so big a scale as Firestones. The Yellow Cab Company of Chicago uses Firestone Tubes exclusively on its 800 taxi cabs. The service of these tubes is checked constantly—improvements and developments are arrived at.

By close watching of a large number of tubes in service—not confined to isolated instances, the conclusions are accurate and definite.

Firestone puts the best in materials into tubes by establishing purchasing experts at Singapore, center of the world's rubber market. Firestone puts the best in workmanship into tubes by organizing the crack manufacturing organization of the industry on a profit-sharing basis.

And then subjects the finished product to this big-scale road test—in order to get you more for your tube money and more miles out of your tires. And yet Firestone Tubes cost no more than the ordinary kind.

ORDER OF PUBLICATION

Hester Boyer vs. Charles Boyer.

In the Circuit Court for Kent County, In Equity. No. 2096.

The object of the Bill filed in the above entitled case is to procure a Divorce, "a vinculo Matrimonii" for the Plaintiff, a resident of Kent county, Maryland, from the Defendant.

The Bill States:

1st. That on or about the ——day of January, 1907, she was married to Chas. Boyer, at Still Pond, Kent county, Maryland, by the Rev. Johnson, a Minister of the Gospel, and she resided with her husband, the said Charles Boyer, until on or about May 5th, 1915.

2nd. That no children were born to the said Hester Boyer and Charles Boyer.

3rd. That although the conduct of your Oratrix towards her husband, the said Charles Boyer, has always been kind, affectionate and above reproach, the said Charles Boyer, abused, ill-treated, and failed to properly provide the necessities of life for your Oratrix, with the result that your Oratrix was compelled to leave the said Charles Boyer and earn her own livelihood, and that said enforced abandonment has continued uninterruptedly since May 5th, 1915, is deliberate and final and the separation of the parties beyond any reasonable expectation of reconciliation.

4th. That ever since their said marriage your Oratrix has behaved herself as a faithful and affectionate wife towards the said Charles Boyer.

5th. That the said Charles Boyer, at divers times and places has committed the crime of adultry in Kent county, Maryland, with persons unknown to your Oratrix and that your Oratrix has not lived or co-habited with him since she discovered the said adultries.

6th. That your Oratrix is a resident of Kent county, State of Maryland, and has been such for many years, but, in order to earn her livelihood, she has been compelled, at times, to seek service out of the State and she is now employed at service in the District of Columbia, although her home and actual residence is in Kent county, Maryland.

7th. Your Oratrix, avers that she has not seen the said Charles Boyer since the spring of 1915, and does not actually know where he is at present living, although she has made diligent search and inquiry among all of his relatives in the State of Maryland, but has not been able to locate him, she believes therefore that he is a non-resident of the State of Maryland, but is unable to state where he actually lives.

It is thereupon this 23rd day of June A.
