ton, Saturday Morning, July 14, 1877.

OCAL INTELLIGENCE.

Orphans' Court for Caroline Co. t on Tuesday, 17, July.

SCRAPS.

—A potato bug has been discovered in Dublin.

—The Rehoboth campmeeting begins next Thursday.

—Blackberries are now going into Baltimore by the ton.

—Tramps have been troublesome in Denton and vicinity for several days.

—The reports from foreign crops are unfavorable, and we may expect an advance in prices of grain.

—The Easton *Gazette* says that Maj. Stewart's address at Oxford on the Fourth of July, was "wise, earnest, eloquent and appropriate."

—James E. Hignutt, Esq., will ase accept our thanks for some ripe peaches of the Beatrice variety brought to our office on Tuesday last.

—Mr. T. C. West has been re-elected principal of Denton Academy, and Miss Rachel Satterthwaite has been chosen assistant. They are both experienced teachers.

—The ladies of Hillsborough will hold a grand fair and festival in Knotts's Woods, near that town, on the 19th inst. No pains will be spared to make it a pleasant affair.

—The first peaches of the season from the Chaptank were shipped from Cambridge on Saturday last on the steamer Kent. They were sold very readily for $1.75 per basket.

—We are requested to announce that Knotts's Mill, in Tuckahoe Neck, which has been under a course of repair for a week or more, is now in complete order and ready for operation.

—John F. Dawson, Esq., executor of Sarah E. Lank, dec'd, will sell to-day, at her late residence, in Greensboro', all the personal property belonging to said deceased at the time of her death.

—The Hon. Willard Saulsbury, of Dover, ex-U. S. Senator, now Chancellor of the State of Delaware, was in town on Tuesday last. His old acquaintances in Denton were glad to see him, after an absence of more than a quar-ter of a century.

—The firm of Lowe & Downes has been changed to Downes & Stewart. Mr. Downes, the junior member of the late firm, is a clever young gentlemen. Mr. Stewart is a son of the late Alexander Stewart; he is smart and popular, and will made a good merchant. We wish the new firm abundant success.

—Other towns on the Eastern Shore may boast of lovely women, but Newtown can produce more pretty women than any town on the Shore.—*Record* and *Gazette*—Newtown.

From the above, we conclude that our Newtown Brother has never been in Caroline or Talbot either.

—On Saturday night last two valuable horses belonging to Mr. Robert Clark, in Tuckahoe Neck, died from some unknown cause. It was thought by some that they were poisoned from eating potato tops with Paris Green on them. This, Mr. Clark says, is not a fact, but that they died from some other cause. He estimates his loss at $400.

—The Hon. Daniel M. Henry gives notice through the Cambridge *Chronicle* and the *News* that a competitive examination will be held in Cambridge on the 18th inst., for the purpose of selecting a candidate to fill a vacancy now existing in the United States Military Academy, at West Point, to which the First Congressional District of Maryland is entitled.

Notice.—All persons indebted to he late firm of Lowe & Downes are requested to come forward and settle at once. J. Thomas Lowe has the books in hand and will require prompt settlement.

School Fund.—According to the distribution of the Free-school fund made by Comptroller Woolford, July 1st, this county gets $661.23. This amount is considerably less than the usual distributive share of Caroline County, owing to the failure of the Baltimore & Ohio Railroad to pay to the State dividends on its Washington branch road to the amount of $34,069.36.

"Flying of Sparks."—A passer-by says the inhabitants of Denton, who live in West end, are little aware of the evening entertainments enjoyed by those in East end, occasioned by the flying of sparks from smitten Steele, without the use hammers, flint, or any such device. It is a curious but pleasant phenomenon, and may be seen near the corner of Main and Fourth sts.

Wheat Yield.—The following figures will show the number of bushels of wheat raised by several of the leading farmers of this vicinity: Mr. Thos. F. Garey, on his home farm, 960 bushels; Mr. B. Kinnamon, 1500 bushels; Mr. J. W. Clark 1600 bushels—being 20 bushels for one seeded. Mr. G. W. Spurry, 1,000; Mr. J. B. Dukes, got 17 for one; Mr. H. Irwin, on poor, worn-out land, which he has just begun to improve, got 310 bushels. Mr. Alfred Wilson, 1200 bushels; Mr. H. Fisher, 1,000; Mr. Ernest Downes 1,200 bushels, and Mr. J. W. Knotton his Tuckahoe Neck farm, from 11 bushels sowing, on less than 8 acres land, got 257 bushels. This is the best yield we have yet heard of.

New Carriages.—Messrs. J. B. Hopkins & Son, at their Carriage Bazaar, Easton, have now in store the largest and best assorted stock of new Carriages, Harness, &c., that they have ever had, which they are offering at prices far below any other establishment. They have the largest bazaar on the peninsula south of Wilmington, and always carry a stock of between THIRTY and FIFTY carriages of all descriptions, size, quality, price and finish from which to select, thus making it certain that all who inspect them with a call can be suited. The citizens of Caroline are invited to call and examine their stock, or any order per mail will be promptly filled and delivered. A rare chance is here offered to obtain carriages at less than city prices, and our citizens should by all means avail themselves of it. 4 t.

Satterfield & Moore.—The ablest and most enterprising business firm in Caroline county is that of Satterfield & Moore, in Greensborough. They have lately built a large mill and basket factory in that town and are now manufacturing thousands of peach baskets daily. Their mill-building is of a T-shape, one part 40x100 ft. and the other 25x72 ft. The engine has a capacity of eighty horse-power, and drives eight circular saws, one planing machine, one stave cutter, two bottom cutters and one hoop sharpener. At present there are about seventy-five persons employed in and about the mill. With this force they can manufacture five thousand baskets a day without extra effort. Persons wanting to buy peach baskets can doubtless buy them as cheaply of this firm as they can be bought anywhere.

To Fruit Growers.—J. S. Chmberline & Co. and Snow & Co. of Boston, and A. S. Cook & Co., of New York, will have hired cars on the M & D. R. R. during peach season for the accommodation of growers, and will receive fruit at any and all stations on the line of said R. R. These are old established houses, and are prompt, reliable and responsible. Shippers will hear from their fruit every day and get their returns once a week. Tharley & Thompson of Hillsborough, Md., are their agents from Easton to Goldborough, and respectfully solicit the consignments of growers, promising at the same time to use every exertion on their part to give entire satisfaction to all who may favor them with their

Crates manufactured by G. Smith of Hillsborough furnished by Thawley & Thomps m, at greatly reduced prices. [2t.

Choice Fruit.—We are indebted to J. W. Kerr, proprietor of the Choptank Nurseries, for a delicious lot of early fruit brought us last Tuesday. Among the best varieties of peaches were the *Amsdens' Junes, Alexander's Early* and *Beatrice*. These were of fine size for early peaches, had a beautiful color, and were of excellent flavor. There were three varieties of pears, the *Doyenne de Ete, Magdalene* and *Maynard*. These were superior to any pears, ripening thus early, we have ever seen. The names of the apples were the *Fourth of July*, the *Tetofsky*, the *Early Ripe*, the *Early Harvest*, the *Red Astrichan*, the *June* and the *Primate*. For size, color and flavor, these several varieties are doubtless the best produced in this climate.

Mr. Kerr is one of the most intelligent and reliable nursery-men in the State. He has a large and prosperous nursery, comprising all the varieties of fruit adapted to this soil and climate.

Assault with Intent to Kill.—A cutting affray on Tuckahoe Creek, near Doane's Landing, took place on Wednesday, the 4th inst., between a white man, whose name is said to be Hignutt, and a colored man well known in Talbot county, by the name of Peter Kinnamon. It seems that Peter started from Hillsboro' in a barge in the company of two men, Samuel Dulin and Hignutt, and before reaching their distination—Dulin's shanty, on the Talbot side of the creek—a difficulty took place in the barge between Dulin and Hignutt, and the old colored man, Peter, seeing that Hignutt was getting the advantage of Dulin, said, he could "not see boss Sammy hurt," and pulled the man (Hignutt) off, at which time it was thought that the whole trouble was at an end; but, upon landing and Dulin opening his shanty, Hignutt instantly seized an axe that was in reach of him and attacked the colored man (Kinnamon) who threw up his arms to defend the blows from his head and body. He received several serious cuts upon his arm and hand, one of which nearly servering his right hand, from which he bled profusely. He was pursued so that he had to run into the creek up to his neck to get out of Hignutt's reach, and would have drowned had it not been for the assistance of Dulin, who helped him out. Hignutt then took a boat for the other side of the creek and has not been heard of since. Kinnamon's wounds at this time are feared will be fatal.

The following letter, from Major Stewart, was received by the committee last week, and would have been published then but for want of space. Being deferred will detract nothing from the manly and patriotic expressions contained in it; so we give it space with pleasure:

To Messrs. J. W. Bryant, Fred. Straughn, P. W. Downes, Chas. Stevens and G. T. Melvin.

Gentlemen:—I duly received your note requesting me to speak at the celebration of our "glorious 4th" in your town, and, had not a previous engagement to the ladies of the Methodist Church at Oxford called me there, I should have complied cheerfully; not only because of my hearty appreciation of the good people of Caroline (many of whom I know personally), but because of my earnest desire to do—be it great or small— whatever my hand findeth to do for our common weal; abiding in the hope and belief that can we attain unto the forbearance, patriotism and integrity of them who bequeathed to us "the day we celebrate," peace shall reign within our gates and plenty within our borders.

Great need have we to-day, lest our glory depart from us, to emblazon upon our frontlets Lord Baltimore's golden motto, *Fatti maschii, femine parole*—womanly words, manly deeds, and holding fast thereby to see that we purge from our midst the evil spirits of partisanship, sordid ambition and preferment for personal aggrandisement, and to strive every one and altogether, for the maintanance of good-fellowship and integrity of purpose, for thus and thus only can we keep the public faith, keep afloat the good ship of state, and hail in our skies the rainbow of Promise after the flood of deep waters that has deluged our land.

Once again, gentlemen, regretting my inability to have accepted your invitation, which, believe me, I duly appreciated. I am yours truly,

W. E. Stewart.

County Cen. Committee.—Pursuant to a call the County Central Committee of Caroline county meet in Denton Tuesday, the 3d of July. On the meeting being called to order Mr. Thos. F. Garey, acting chairman, arose and stated that at the last meeting, when he was called to the chair, there was not a quorum present, and that he now vacated the chair; whereupon, on motion of Doctor A. Hardcastle, Mr. Garey was unanimously declared chairman of the committee, and T. F. Cox secretary.

On motion the roll was called as follows: 1st Dis. Hardcastle. 2d, H. Comegys, W. J. Clark and J. P. Manlove. 3d T. F. Garey, W. H. Dewese and J. W. Bryant. 4th H. F. Willis, T. F. Cox and J. P. J. Hubbard. 5th Henry Mobray, W. E. Liden and W. H. Watkins. All answered to their names except Messrs. Dewese & Whiteley. There being a quorum present the chair announced the committee ready for business. Mr. Manlove offered the following resolutions:

Resolved by the Democratic County Central Committee for Caroline county that the nominations for Senator, Delegates to the Legislature, Sheriff, County Commissioners and Surveyor be made in the town of Denton at the Court-house, *in open convention*, on Tuesday, the 4th day of September next, at 2 o'clock P. M.

Resolved that the Democratic voters in each election district assemble at the usual voting places in each district, on Saturday, the 1st day of September next, and elect by ballot seven delegates from each district, to meet in said County Convention; that the polls shall be open from one to six o'clock, P. M. These resolutions were adopted. Mr. Bryant offered the following:

Resolved, that the Democratic party for Caroline county adopt what is known as the Crawford county system of nominating, and shall assemble at the usual voting places on Saturday, the 1st day of September next, and by the Crawford county plan determine who shall be the nominees of said party. This resolution failed to receive a majority.

Mr. Garey offered the following resolutions:

Resolved, that twenty-five delegates shall constitute the nominating convention of Caroline county.

Resolved, that, there being about 2,500 voters in said county, each 100 voters shall bee entitled to one delegate to said convention from each district; viz: From the 1st, three delegates; 2d, five; 3d, eight; 4th. six; and the 5th. three. Mr. Garey argued that this measure was both democratic and fair; and that it involved the fundamental principal of our national constitution. The committee endorsed the principle, in the main, but claimed that the minority must be protected, especially so in nominating conventions. The resolutions were defeated by a vote of yeas 2, nays 11. On motion the committee adjourned, subject to the call of the President. T. F. Cox, Sec'y

Delays are Dangerous.—If this axiom is true respecting the ordinary affairs of life still more obviously so as regards the exigencies of approaching disease. Unquestionably! Yet how many neglect to practically recognize this plain truth when health is in the balance. Of the many premonitory symptons of disease a hacking cough is the most prophetic of peril. Arrest it at the outset with Dr. Wishart's Pine Tree Tar Cordial, and so avoid Consumption, Bronchitis, Inflamation of the Lungs, Coughs, Colds, and, indeed, all Affections of the Respiratory Organs are entirely cured by this sovereign remedy, which also eradicates Dyspepsia, Gravel, Piles, Nervous Debility, Torpidity of the Liver, Urinary Difficulties, Constipation, Palpitation of the Heart, Scrofulous Affections, and the infirmities peculiar to the gentler sex. This cordial derives its virtues from the vegetable kingdom, and is infinitely to be preferred, both on account of its superior efficacy and freedom from nauseous and injurious properties to the official drugs so often administered with no other effect than to offend the palate and disorder the stomach. The Pine Tree Tar Cordial can always be relied on to do what is claimed for it. Sold by all druggist. Principal Depot No. 916 Filbert St. Philadelphia.
