THE JOURNAL.

SATURDAY,.....MARCH 9, 1878.

LOCAL INTELIGENCE.

THE Orphans' Court for Caroline county will meet on Tuesday the 12th March.

SCRAPS.

—Fish will soon be plentiful.

—The wheat crop is looking well.

—St. Patrick's Day is a week off tomorrow.

—See Tygert & Co.'s new a advertisement.

—The latest song—"Silver funds among the gold."

—The people of Denton are at work in their gardens.

—This is the time of the year to think of improvements.

—For fresh onion sets and garden seed go to H. Blackiston & Son's.

—Only three weeks now remain of the present session of the Legislature.

—The Easton *Gazette* will issue a daily during this session of conference.

—The next meeting of the county commissioners will be on the 19th inst.

—Jas. W. Waddell, Esq., of the Cambridge bar, was in town on Monday last.

—The Lenten season began last Wednesday and will close the 20th of next month.

—Mr. A. D Branford caught the first shad of the season last Monday at Potter's Landing.

—Mr. Wm. J. Parvis, formerly of this county, has received the appointment of chief clerk at the Baltimore hay scales.

—Tuthill & Avery are carrying on an extensive hardware trade at their large store in Easton. See display in this morning's JOURNAL.

—An effort is being made in Centreville to get up a singing school with our friend Prof. Vosmus for teacher. He is an excellent musician.

—Among those who will attend Conference in Chestertown next week are Mr. and Mrs. S. F. Liden and Mr. and Mrs. E. W. Williamson, of Potter's Landing.

—The Wilmington Conference of the Methodist Episcopal Church will meet at Chestertown, Md., on Wednesday, the 13th inst. Bishop Foster is expected to preside.

—Mr. John Goldsborough, of Centreville, has purchased a pair of fat and handsome oxen from Mr. Wm. B. Massey, of Greensborough, weighing 2700 pounds.

WHEN justice gets through with Returing Board knaves some venture the opinion that she will harness on to that "visiting statesman," Secretary John Sherman.

—The Rev. J. E. Smith of this place will deliver an address at the Anniversary meeting of the Conference Educational Society in Chestertown on Wednesday afternoon next: subject, "Education."

—The great clothing merchants, Wanamaker & Brown, of Philadelphia, have opened a branch store at 166 W. Baltimore Street, Baltimore. The very name of Wanamaker is a guarantee of bargains.

—Parents cannot be too careful in guarding the health of the Babies. Only a good and reliable medicine should be given to them. Dr. Bull's Baby Syrup is known not to contain anything injurious. Price 25 cents.

—When anybody steals anything, runs away, gets married, builds a house, or does anything else remarkable, you should lose no time in sending the facts on a postal card or some other way, to the DENTON JOURNAL.

—Week before last we published a communication from our valued correspondent, J. W. Kerr, on the subject of "fruits suitable for this vicinity;" in the March number of the *American Farmer*, we find it copied, with an appreciable compliment to our thriving nurseryman.

—We had the pleasure of hearing a part of the eloquent remarks of the Hon. Clement Sullivane, delivered in the Senate on Thursday of last week, on the subject of mortagage taxation. His argument on the subject was so able and unanswerable, we shall try to reproduce it for the readers of the JOURNAL next week.

—Health Notes. Statistics prove that twenty-five per cent. of the deaths in our larger cities are caused by consumption, and when we reflect that this terrible disease in its earlier stage will readily yield to a bottle of Dr. Bull's Cough Syrup (costing 25 cents), shall we condemn the sufferers for their negligence, or pity them for their ignorance?

THE AMERICAN FARMER for March is full of instruction, all of it evidently from practical and able hands. In the agricultural department much space is given to manures, artificial and home-made, and the work incidental to the season is abundantly treated. The live stock and poultry departments embrace many appropriate articles, and an interesting account is given of the successful preservation, on a large scale, of green corn-fodder, after the French fashion, an improvement which promises to be so great a boon to dairy farmers.

—WANTED TO EXCHANGE—A young horse (5 years old,) for one gentle for lady's driving, not more than eight years old. WM. S. RIDGELY.

MD. S. B. COMPANY.—Howard B. Ensign, John W. D. Pentz, Gilmor Meredith, Enoch Pratt and Fred. Ives have been elected directors of the Md. Steamboat Company for the year 1878. The directors have re-elected Mr. Ensign President, and James E. Byrd Secretary and Treasurer.

PLUCK, NERVE AND ENERGY.—Talbot county has sent out into the world more men of push, pluck, nerve, energy and talent than any other county in the United States, and more towns are indebted to men from old Talbot for their prosperity than any other place. We should be glad to see the *Comet* get off a list of the men of mark all over the country who have been contributed to the world by that grand old county.—*Ex.*

SUDDEN DEATH.—While Mrs. Lane, wife of Mr. Francis Lane, residing near Bridgetown, was returning from a visit to a neighbor, on the 28th of February, she died very suddenly. On her return she was overtaken by a gentleman driving a team and was asked to take a ride. She took a seat in the vehicle and died in a few minutes after, before reaching her home. The cause of her death is supposed to have been disease of the heart.

VALUABLES AT AUCTION. — The latest and best way we have heard of to raise money for church purposes is by selling girls at auction. The way to do is to get up a festival or something of the kind, and muster all the young ladies into service and have them completely enveloped by the auctioneer in sheets, so as to prevent their recognition by means of their dresses. Then their sweet faces, like those of the Turkish ladies, are completely veiled—a pillow slip or something of that sort is drawn down over it. They are permitted to have eyeholes to look through and also mouth holes to breathe through, but nothing more. Then the auctioneer proceeds to auction them off as partners for the evening to the young men, and even to the old ones if their wifes will permit them to aid. The bidding is almost sure to be lively. At a recent Western auction of this kind the lowest price at which a young lady was sold was $1.50 The fun in the thing is the young men do not know whom they are bidding for, and the unveiling of the maidens is looked forward to with great expectation. The gentleman has to attend to lady bought during the evening, and to see her home at the close of the festal. Much genuine fun and merriment always results from these auctions. We should like to see this tried in Caroline.

DENTON BRIDGE.—We have several times called the attention of our County Commissioners to the decayed and rickety condition of Denton Bridge. It has been almost a nuisance for several years past, and if something in the way of repairs is not done before long it will become unsafe. We are glad to learn that the Commissioners have taken this matter into consideration, and intend, during the Spring or early Summer, to build a new bridge out and out.

On Tuesday last Mr. Wm. H. Casho, President of the Commissioners, showed us a drawing and estimates of the cost of an iron bridge furnished him by a Baltimore bridge company. The dimensions of the proposed iron bridge according to this diagram will be 178 feet long and 15 feet wide, with an immense stone pier in the centre on which the pivot draw will work. It is thought best and cheapest to make the draw the entire length of the bridge from abutment to abutment, and let it rest on the pivot on this pier, leaving a width of 75 feet on both sides through which vessels can pass. The first cost of such a bridge would be considerable, but it would be a great satisfaction to have such a one, and it would last almost indefinitely. This Baltimore campany propose to furnish all the material except 26,000 feet of lumber and 150 piles, and to do all the work for $15,000.

Everybody, tax-payers and all, must admit that a new bridge is needed, and in fact almost indispensable, and the only question for the County Commissioners to determine is whether an iron one or a wooden one would be the most desirable. We find that some of our largest tax payers are the warmest advocates of an iron bridge.

DEATHS.

SPECIAL NOTICES.

—Croaking is not confined to the Frog Ponds. At this season almost everybody is hoarse. The bleating of distressing lungs is heard everywhere. Why is this, when *Hale's Honey of Horehound and Tar* will cure any cough, cold or hoarseness in 48 hours? Sold by all druggists.

Pike's Toothache Drops cure in 1 minute. 15-1m.

Nothing Short of Unmistakable Benefits.

Conferred upon tens of thousands of sufferers could originate and maintain the reputation which AYER'S SARSAPARILLA enjoys. It is a compound of the best vegetable alteratives, with the Iodides of Potassium and Iron, and is the most effectual of all remedies for scrofulous, mercurial, or blood disorders, Uniformally successful and certain in its medical effects, it produces rapid and comple cures of Scrofula, Sores, Boils, Humors, Pimples, Eruptions, Skin Diseases and all disorders arising from impurity of the blood. By its invigorating effects it always relieves and often cures Liver Complaints Female Weakness and Irregularities, and is a potent renewer of vitality. For purifying the blood it has no equal. It tones up the system, restores and preserves health, and imparts vigor and energy. For forty years it has been in extensive use, and is to-day the most available medicine for the suffering sick anywhere.
