LOCAL INTELIGENCE.

THE Orphans' Court for Caroline county will meet on Tuesday the 7th May.

SCRAPS.

—May parties will soon be in order.

—The prospect seems fair for a crop of peaches.

—There is a vessel load of cypress shingles at the bridge.

—The public schools of Montgomery county closed last week.

—The gardens in and around Denton are looking remarkably well.

—It only costs 25 cents to go to Baltimore on the Steamer Kent. Now is the time to travel.

—Tuthill & Avery, of Easton, have sold eleven steam engines since the first of this month.

—We invite the attention of ladies to the advertisement of Mrs. Sisk's new millinery store.

—On Tuesday last the dwelling of Mr. Wm. T. Slaughter caught fire and narrowly escaped destruction.

—With this issue we commence publishing the Public General Laws passed at the last session of the Legislature.

—The Southern Convocation of the P. E. Church will meet at Pocomoke City on the 12th of next month.

—The advertisement of Greensborough's enterprising merchant, Mr. B. C. Silverthorn, tells you where to find cheap goods.

—Attention is called to the professional cards of Messrs. Downes & Mutchler, Attorneys at Law and Dr. Chas. R. Straughn, D. S.

—We shall next week give our readers some figures in regard to the cost of building the iron bridge, and the probable increase of tax on the $1,000.

—New Spring suits from the New York One-Price Cash Clothing Store, 184 W. Baltimore St., Baltimore, are sold very cheap and look particularly neat.

—Do not stupify your baby with Opium or Morphia mixtures, but use Dr. Bull's Baby Syrup which is always safe and reliable and never disappoints.

—Wanted—every one to be free from Pimples, Blotches, Boils, etc, which can be done by purifying the blood with Dr. Bull's Blood Mixture. Used everywhere.

—In to-day's issue Mr. Emmett Downes advertises a large quantity and splended variety of new goods at low prices. Call and see him, and you will find him and his clerks polite and attentive to business.

—Do not let your druggist substitute some other preparation under the plea that they are 'similar' and 'just as good,' but insist upon receiving Keller's Life Drops and Kellers Roman Liniment, which remedies will never disappoint you and always give the fullest satisfaction, as thousands have testified.

[COMMUNICATED.]

HILLSBORO', April 24, 1878

The monotony of our town was considerably disturbed on last Monday evening, by a visitation of the parishioners and friends of St. Paul's P. E. Church, to their Rector, Rev. Geo. F. Beaven, and his family at the Rectory. It is an event around which will cluster many happy reminiscences and which in the future will be reverted to with pleasure by many, if not all, who were present. Every one in attendance brought some token of the high regard in which they hold their Rector and his family. His larder was well supplied with substantials, and his wood-pile with wood, and we all enjoyed the plentiful supply of refreshments provided by the ladies. The "Auber Brass Band", of Hillsborough, was present and discoursed throughout the evening in their usual masterly style some of the best music we ever heard; they may, very justly, claim the championship of the Eastern Shore. The band is composed of the best young men of the town and vicinity, who are always ready to do their part in every laudable undertaking. GRACE GORDON.

ROAD SUPERVISORS.—In our last issue we published the names of the supervisors of roads for the 1st and 2d districts of the county. The following are the appointees for the other three.

Letter from Burrsville.

Messrs. Editors:—I have been reading your paper one week with another, but seldom do I find news of any account from this small place (Burrsville). I think it is the duty of *one* person in every place in the county to furnish some news for the county paper. It is a hard undertaking for one or two to furnish all the news for the whole county to read. So I think it becomes my duty to represent this place once in awhile in our paper (the *Denton Journal*). This is a place that contains lazy people and smart people, as such is the case everywhere. The neighborhood right around this place is rapidly improving both in education and agriculture, and by the talk of the citizens it is soon to be a business place, as they are contracting to build several dwelling houses in South Burrsville, which we hope they will carry through. The farmers are quite busy at this time—some planting corn and others getting ready. There is considerable sickness around, and our physician (Dr. Saulsbury) is constantly riding. The wheat crops around this place look very promising. Our merchants are complaining a great deal about dull business. The saw mill located in South Burrsville is in operation and seems to be doing a good business. Our school teacher, Mr. Lee, is in Dover feasting with the Catholics, we wish him plenty of good luck. We wished for an older hand at the business to represent this place, but our wishing was in vain, and we could not suffer to see the town lose its reputation. We thought we would try and do the best we could, hoping your readers would excuse our mistakes, as this is our first time.

We remain yours, &c.

STAR & GLOBE.

Burrsville, April 24, 1878.

THE WHEAT CROP.—There can be no longer any reasonable doubt that our wheat crop this year is to be unprecedentedly large. In the first place, the acreage is much larger than ever before. Secondly, the winter was mild, the spring sunny and rains abundant. Thirdly, the season has been so advanced that the crop in the Southwest is almost ready for the ready for the reaper, and nothing can now injure it except a succession of weeks of most unfavorable and disastrous weather. In Texas the harvest will begin within the few remaining days of this month; in Southern Illinois, where the winter wheat was never so forward, they will harvest in May. Everywhere the reports are in the same tone; never so much land sowed with wheat; never so fair a prospect for a great yield. The new emigrants into Nebraska, Kansas and Minnessota have not been idle: they have put in their first crops and thousands of acres of land which last year were unbroken prairie are now wheat fields.—*Balto. Herald.*

Nothing Short of Unmistakable Benefits.

Conferred upon tens of thousands of sufferers could originate and maintain the reputation which AYER'S SARSAPARILLA enjoys. It is a compound of the best vegetable alteratives, with the Iodides of Potassium and Iron, and is the most effectual of all remedies for scrofulous, mercurial, or blood disorders. Uniformally successful and certain in its medical effects, it produces rapid and comple cures of Scrofula, Sores, Boils, Humors, Pimples, Eruptions, Skin Diseases and all disorders arising from impurity of the blood. By its invigorating effects it always relieves and often cures Liver Complaints Female Weakness and Irregularities, and is a potent renewer of vitality. For purifying the blood it has no equal. It tones up the system, restores and preserves health, and imparts vigor and energy. For forty years it has been in extensive use, and is to-day the most available medicine for the suffering sick anywhere.

called and known as "Part of Controversy," or by whatsoever name or names the same may be called, whereon G. Columbus Tatman now resides, situate, lying and being in the Third Election District of Caroline county, on the northeast side of the public road leading from Denton to Hillsborough, adjoining the lands of Thomas F. Garey and others and containing the quantity of

Fifty Acres of Land,

The land is of good quality, and is well adapted to the growth of fruit, grain and hay.

The improvements consist of a very well arranged and neat-looking
