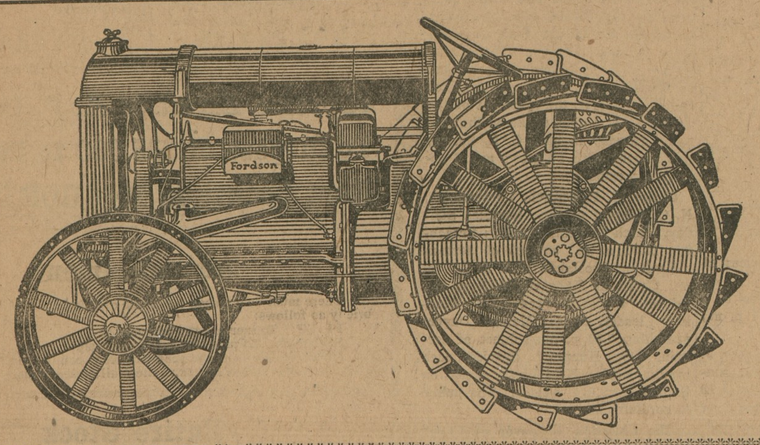
FORDSON TRACTOR, - - - $685.00 Delivered



Mr. Farmer:—

Seriously, now is positively the time that you should carefully go over the question of producing your crops at a lower cost of production; of cutting down on your overhead; or reducing the cost of plowing, etc.

Why not call on us for information, statistics & facts on costs of POWER FARMING?

The booklet, "THE FORDSON AT WORK," is yours for the asking.

Then again, bear in mind the importance of buying such products which are backed up by real genuine service.

I am prepared to supply you with parts for Ford Cars, Ford Trucks and Fordson Tractors—THEN when you put in back of your Fordson Tractor an Oliver No 7 Plow you are insured of continued success by the stock of plow parts which I carry. The same is true of the Roderick Lean Disc Harrow, the Culti-Packer and all Fordson Tractor Implements.

That's the answer to the SERVICE QUESTION.

LEAVE MILFORD CHARGE

Having served for five years as pastor of Avenue M. E. Church, Milford, Del., Rev. R. K. Stephenson, D. D., has advised the congregation that he will ask for a new appointment at the next session of the Wilmington Annual Conference, which meets at Crisfield.

The Milford congregation has extended an invitation to Rev. Disston M. Jacobs, of Bridgeville, to become pastor the next conference year, and, though the Bridgeville church has asked Mr. Jacobs to return, he has accepted the Milford invitation, subject, of course, to the approval of the presiding bishop at the conference session.

IN MEMORIAM

In sad but loving remembrance of Richard Clinton Collyer, who died one year ago today, March 16, 1920.

The month of March once more is here,
To me the saddest of all the year,
Because one year ago today
Dear Richie passed away.
I cannot forget you, dear Ritchie,
Though long may seem the years,
And often in the lonely hours
I wipe away the tears.
I miss thy kind and willing hand,
Thy fond and earnest care;
My home is dark without thee—
I miss thee every where.
His well-remembered footsteps
I listen for in vain,
And my eyes grow dim with watching,
And my heart is sad with pain.
No words will ever be so sweet
As the words he used to say,
No hour will ever be so sad
As the hour he passed away.

Maryland Day Notice

IMPORTANT TO ALL RESIDENTS OF KENT COUNTY

Department of Roads and Bridges.

KENT COUNTY, MARYLAND

Maryland Day, a legal holiday, Thursday, March 25th, has been set aside for Good Roads Day in this county. Owing to the heavy automobile traffic that we have, now that good weather is here it is necessary that the roads and bridges be gotten in first class condition so that the traveling public will get advantage of good roads and bridges to travel over in safety. Therefore, the roads engineer asks all Kent County residents to lend him a helping hand and devote one day to work on the roads and bridges throughout the county. It is impossible for the roads engineer and his forces to fix all the bad places at once and will take sometime to get them repaired, and by devoting one day each year in the spring to roads and bridges the public will be doing a big thing towards helping in the upkeep of the traveled roads and small bridges.

Whenever you know of a bad piece of road or a small trunk that is in bad shape go to that particular place on Good Roads Day and do what you think is best to repair it. Use your own good judgment and you will find that lots of good work will be done and by everybody taking a hand in the work the results will be surprising.

The roads engineer will be glad to explain the plan in general to everyone, and will in person drive over the roads on Good Roads Day and give any advice he is able to.

Good Roads Day has been successful in lots of other states and has been successful here in Kent county as shown by the people that turned out on Maryland Day last year. The traveling public will be more than pleased with the results, and will look forward each spring to the one day that will be set aside for Good Roads Day in this county.

Would suggest that the women make up nice lunches for all and carry the lunches out to the men that are doing the work, which will greatly increase the efficiency of the plan.

Particular attention must be paid to all ditches and now is the time to open up that particular ditch that you have always thought should be done in order to properly drain that bad piece of road. Wherever you can find sand haul it to the clay sections and spread. Put gravel in the holes and they will hold. On the necks where shells are available plug the holes with shells. Through roads where there are woods cut around the curves so as to make the road safe for travel. Fill the low place good and high. Put your teams on for the day and haul material.

Use any kind of drag that you can get and drag the roads good.

I respectfully ask the full co-operation of the Automobile Club of Kent County and they can help by going out on the roads with a shovel and do their bit.

In case Maryland Day is rainy and unfit for work take the next good day.

GAULT APPLEGARTH,
Roads Engineer.

HALLIDAY WILL CONTESTED

Nieces And Nephews Who Were Ignored File Caveat.

A caveat to the will of William J. Halliday, florist, who died September 15, was filed in the Baltimore Orphans' Court Monday by nieces and nephews who were not mentioned in the will. They are Mrs. Findley H. B. Bullock, Mrs. Jules W. Leroux, John D. Halliday and Mrs. Robert H. Owens. Howard Bryant and J. Maulsby Smith are their attorneys.

The will in dispute was executed January 6, 1916, and has annexed a codicil dated December 6, 1919. It bequeathed $1,000 each to Misses Florence and Fanny Rutter and $1,000 and the residue of the estate to Miss Sarah C. Groves of Kent county.

DANGER SIGNALS

Headache, colds, nausea, blues, mental depression—these are not only painful and annoying, *but they are danger signals.*

A great majority of these passing illnesses are due to self-poisoning resulting from constipation. Unless you keep your system free from decaying food waste, you start continuous poisoning inside. Ultimately Bright's disease, rheumatism, gout, diabetes, pernicious anemia, and the like, may result.

Pills, castor oil, laxative waters and salts only force and irritate the bowels, and make constipation a habit.

Nujol works on an entirely new principle.

Instead of forcing or irritating the system, *it simply softens the food waste.* This enables the many tiny muscles in the walls of the intestines, contracting and expanding in their normal way, to squeeze the food waste along so that it passes naturally out of the system.

Nujol thus prevents constipation because it helps Nature maintain easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world.

Nujol is absolutely harmless and pleasant to take. Try it.

Nujol is sold by all druggists in sealed bottles only, bearing Nujol Trade Mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York, for booklet "Thirty Feet of Danger".
