LOCAL INTELIGENCE.

THE Orphans' Court for Caroline county will meet on Tuesday the 7th May.

SCRAPS.

—Shad are plentiful in Salisbury.

—Straw hats are beginning to be worn.

—Asparagus has been plentiful this season.

—Vegetables are becoming quite plentiful.

—We have had lovely weather since the big hail storm.

—The County Commissioners will meet next Tuesday.

—Our municipal election will take place next Monday.

—There is a cargo of cheap cypress shingles at the bridge.

—The new Court-House for Wicomico county will cost $32,000.

—Strawberries grown this year are selling in New York for $4 per quart.

—The progressive little town of Seaford has had a telephone on exhibition.

—The time for filing accounts against Caroline county expires June 11, priox.

—Fish Commissioner Ferguson commenced shad hatching operations last Wednesday.

—Some of our Deleware papers say the wheat harvest will be on by the last of this month.

—A beautiful complexion depends upon the purity of the blood. To keep the blood pure and healthy use Dr. Bull's Blood Mixture.

—The Cornet Band made its appearance on the Court House green last Wednesday evening and rendered some of its choisest music.

—That very popular one price cash clothing store, No. 184 W. Baltimore St, Baltimore, is doing an immense business. Their motto is one price.

—A number of our lawyers have been attending court the past two weeks in Cambridge. Messrs. Bryant, Russum, Downes and Jump, also Mr. J. W. Temple, Clerk.

—Kent Island, which is about twenty miles long, has about 2,000 inhabitants, six churches, three denominations, seventeen stores, seven schools and only three doctors.

—On and after Monday next, the steamer Raleigh will discontinue her trips up this river for the purpose of painting and getting a thorough overhauling. She will be put in complete order and will resume her regular trips in a short time.

—All babies are diminutive Cæsars, since they come, they see, they conquer, sometimes by their gentle stillness but oftener by continuous uproarious crying induced by Colic, Teething, Flatulence, etc. Dr. Bull's Cough Syrup by its gentle yet specific influence quiets the little ones without ever producing the least injurious effect. 25 cts a bottle.

—The farms of John A. Dillen, Jeremiah Nichols, Zorrah Hubbard and Elias Hubbard, near Bethlehem, in this county, were visited by a terrible hail storm on Sunday last, smashing windows, cutting wheat, rye and clover close to the ground. Some of the stones were undesolved the next morning. The rye, wheat and clover of Capt. Bowdle, near Dover bridge, were injured by a similar visitation on Saturday.

—The Cambridge *Chronicle* says the Centennial Band was out serenading its friends several nights last week. The boys are out of practice but make good music, nevertheless. After playing several airs in front of the Cambridge Hotel, Friday night, Mr. Authur John Willis, of Caroline, arose and briefly addressed the crowd, crediting the band with being the best on the Eastern Shore. The speaker also took occasion to speak of the grace, beauty and talent of the Cambridge ladies, and his remarks elicited much applause.

MERITED HONOR.—Mr. David R. M. Culbreth, son of R. B. Culbreth, Esq., of Greensborough, who was educated at the University of Virginia, and who left that institution last June, received the first prize from the college to the junior class at the commencement of the Maryland College of Pharmacy, on the 15th of last month.

THE NEW JURY LAW.—Some of our friends seem not to understand the meaning of the Jury law published in this paper a short time ago. The intent is that the number (48) of jurors drawn to serve at the Oct. Term, the court upon convening will select one who shall be foreman of the Grand Jury. The names of the remaining forty-seven will be written on slips of paper, of the same size and color, folded and placed in the Jury box, from which the clerk will "without looking therein" draw twenty-two, who, together with the foreman previously appointed, shall constitute the Grand Jury, and the remaining twenty-five will constitute the Petit Jury. By this method it is not known who of the forty-eight jurors drawn to serve the approaching term will competent part of either jury.

TERRIBLE HAIL STORM.—A most terrific hail storm visited this part of the peninsula last Sunday afternoon. It set in about six o'clock, and for at least thirty minutes the hail fell thick and fast, accompanied with a heavy rain and a strong south west wind. Window lights were shattered and gardens almost ruined, and in some sections wheat fields were damaged to the extent of ⅓ or ½. The area over which the storm extended was unusally large.

On the following afternoon another hail storm covering much less area, but of equal severity, passed over the upper part of this county, doing considerable damage to fruit and other crops.

HILLSBOROUGH GRANGE.—A correspondent of the Centreville *Observer* writes: "At the grange mass meeting held in the town of Hillsborough, at Grange Hall, Thursday afternoon and evening, April 18th, there was a large and enthusiastic gathering of Patrons from various parts of the three adjoining counties. The afternoon session was for grangers only, but to the evening the public were invited. Mr. Sands, editor of the *American Farmer*, and H. C. Devries, agent for the Maryland State grange, or rather for the grangers of Maryland, made telling speeches in the afternoon. James S. Robinson, Lecturer of the Maryland State Grange, at the evening session delivered a lengthy a forcible address characterized by his accustomed eloquence and humor. There surely were no visible signs of dying out."

KENT COUNTY INSURANCE COMPANY.—As will be noticed in our advertising columns, the Kent County Mutual Insurance Company of Dover, Del., is issuing policies of insurance on property in this State against loss by fire, and has elected as agents for this county John P. Manlove, of Greensborough, and Jeremiah B. Fletcher of, Preston. This company is well known to many of our citizens,—some of whom have for years been policy holders—and we are quite sure it will meet with the success deserving a well-managed and responsible company. The company claims to carry out the strictest principles of mutuality in its dealings with its members, charging each member with his share of the losses and expenses, and returning in dividends, and on cessation of membership all amounts in hand not appropriated for losses and expenses, thus furnishing insurance at cost.

Burrsville Items.

Some of our S. Burrsville citizens were much stirred up the latter part of last week by the discovery of a metal which they pronounced gold; and some were just getting ready to bid farewell to work, when some one who was a little more of a chemist explained to them it was not gold but small scales of iron. We sympathize with one man, who was so much disappointed that it nearly caused him a spell of sickness.

We had a very severe storm here last Sunday evening, and it caught several in a scrape. Those Tuckahoe fellows had better not wander away so far another Sunday—especially when it looks like rain.

If you have any more fish down there at the river than you want yourselves, ship a load over this way.

One of our merchants, Mr. W. P. Stafford, is in the city purchasing a stock of goods, which he says he is going to sell cheap.

Rev. Mr. Walton, of Denton Circuit, preached a very interesting sermon in the M. E. Church Sunday morning last. STAR & GLOBE.

ANOTHER CHASE GOING AROUND.—The Easton *Ledger* says a man calling himself C. B. Smith, whose home is at Gettysburg, Pa., and who has visited Talbot several times, selling recipes for making fertilizer, exhibited a note on Friday last purporting to be made by J. E. McDaniel, Esq., of Bay Hundred District for the sum of $312. Telling a plausible story of the necessity of having the money before the note was due, Mr. A. A. Pascault paid him $250 for it. The same day Mr. McDaniel passed through town and pronounced the note a forgery. Smith had been taken to Seaford, Del., by one of our livery men, and telegrams were immediately sent by States Attorney Gibson to arrest him. He was arrested, but before Mr. Pascault arrived the following morning, he had been released on the ridiculous excuse that no oath had been taken in the case, and made good his escape, and his present whereabouts is unknown. The forgery was an expert one, showing that Smith is an old hand at the business. He is a young man about 5 feet 10 inches high, and wears a light mostache. Look out for such a person selling fertilizer recipes, or anything else to gull the people.

A SEA SERPENT.—The *American Union* is responsible for the following;

A veritable sea monster or sea serpent made its appearance on Sunday morning last near Greensborough, in the Choptank river opposite the residence of Mr. Andrew Baggs, who resides on the margin of the river, and who together with his family witnessed the movements of this strange visitor for some time. Mr. Baggs in describing this sea monster, (for it certainly is not in its native element,) says its head was as large as an ordinary childs, flat in shape, resembling a viper, and stood at times from twelve to eighteen inches out of the water, and its body from its head downward became larger. At one time it opened its mouth and presented a frightful appearance. After sporting around or some time and swimming from one side of the river to the other, it took its leave in a southerly direction, and perhaps ere this is sporting amid the waves of the Chesapeake. Mr. Baggs and family, we are informed, vouch for the truth of the above story. We know Mr. Baggs to be truthful and reliable.

CHEAP HORSES AND CARRIAGES.—This (Saturday) afternoon at 2 o'clock, the undersigned will sell at auction in front of the Brick Hotel in the town of Denton, three or four new carrsages of different styles, and four head of good work horses. On sums of and under $50 cash; over that amount one-half cash, and negotiable note for balance at ninety days with approved security. FULMERE & PERCIVAL.
may4-

TROUT.—Farmers of the Peninsula and especially of the Eastern Shore, who want trout from the Delaware Bay, put up in the best manner, fresh from the nets, early in the season, will do well to send their orders at once to James H. Reed, Bowers's Beach, Del., who keep a store there and makes it his business to cure and repack these fish to order at low price of $5.25 per barrel, $2.75 per half barrel (twenty-five cents off this price when the barrel or half barrel is furnished.) Half the price must accompany the order from those he does not know, and the balance paid when the fish are removed. Where neighbors club together and send their empties with their orders and part price in advance as aforesaid, the team and driver will be entertained over night free of charge.

Tribute of Respect.

Published by Request.

The vestry of St. John's parish, Caroline county, in the Diocese of Easton, having learned with profound regret of the death on the 23d and 25th ult., of Mr. William Hackett, aged 77 years, and Mr. S. H. W. Mansfield, aged 51 years, (the former for some years a vestryman and senior warden of this parish, and the latter a senior warden for a number of years up the time of his death,) desire to place on record its appreciation of their Christians and gentlemen and its sorrow at their loss.

It can be well said of them that they were generous in thought and deed, sincere in their religious devotions, loyal and true as churchmen, and comfortably can we say we do not mourn as those without hope for them.

To their families and relatives we do not offer the consolations of this world, but reverently commend them to the care and comfort of Him who knoweth their necessities and who in His own good time will lift up His countenance upon them and give them peace.

T. F. BARTON,
Sec'y of the Vestry.

Tribute of Respect.

The following preamble and resolutions were reported and unanimously adopted at the meeting of the Queen Anne's county grange which assembled at Church Hill April 13, 1778.

Worthy Sisters and Brothers of Pomana Grange of Queen Anne's county:—

WHEREAS, it has pleased Almighty God to remove from our midst by death our Sister, Lizzie Taylor; therefore

2d. That we offer to our Brother, Wm. L Taylor, our warmest condolence in his great bereavement and affliction.

3d. That we will spread this preamble and these resolutions on the journal of our proceedings, and send him a cepy of the same, and also that these resolutions be published in the county papers.

4th. That we the members will wear the usual badge of mourning for thirty days.

Fraternally submited,

VEGETINE
For Dropsy.

CENTRAL FALLS, R. I., Oct. 19, 1877.

MR. H. R. STEVENS:—

It is a pleasure to give my testimony for your valuable mericine. I was sick for a long time with Dropsy, under the doctor's care. He said it was water between the Heart and Liver, I received no benefit until I commenced taking the Vegetine; in fact, I was growing worse. I have tried many remedies—they did not help me. Vegetine is the medicine for Dropsy. I began to feel better after using a few bottles. I have taken thirty bottles in all. I am perfectly well, never felt better. No one can feel more thankful than I do.

I am, dear sir, gratefully yours,
A. D. WHEELER.

VEGETINE.—When the blood becomes lifeless and stagnant, either from change of weather or of climate, want of exercise, irregular diet, or from any other cause, the VEGETINE will renew the blood, carry off the putrid humors, cleanse the stomach, regulate the bowels, and impart a tone of vigor to the whole body.

VEGETINE

ISLESBORO, ME., Dec. 28, 1877.

MR. STEVENS:—

Dear Sir,—I had had a *cough* for eighteen years, when I commenced taking the VEGETINE. I was very low; my system was debilitated by disease. I had the *Kidney Complaint*, and was very *nervous*—*cough* bad, *lungs* sore. When I had taken one bottle I found it was helping me; it has helped my cough, and it strengthens me. I am now able to do my work. Never have found anything like the VEGETINE. I know it is every thing it is recommended to be.

MRS. A. J. PENDLETON,

VEGETINE is nourishing and strengthening; purifies the blood; regulates the bowels; quiets the nervous system; acts directly upon the secretions; and arouses the whole system to action.

MRS. JAMES CONNER,
411 Third St.

Doctor's Report.

DR. CHAS. M. DUDDENHAUSEN, Apothecary,
