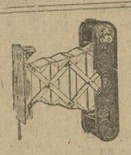
## EASTMAN KODAKS AND KODAK SUPPLIES



Ordinary photography gives you one thing—the picture. Autographic photography gives you three things—picture, date and title. Obviously enough, autographic photography is possible only through an autographic camera and this feature is exclusively Eastman.

With an Autographic Kodak or Autographic Brownie used with autographic film, the date and title of the picture may be photographically imprinted on the negative margin at the time of the exposure—a permanent identifying record without interfering with the usual operation of the Kodak in any way, without entailing extra expense of any kind the autographic feature stands ready to render you important service at all times, and in connection with at least two types of pictures, a service that is invaluable.

## MORE BAGS TO THE ACRE

Ask any agricultural authority today and he will tell you that you can produce more than double yields of crops by the use of good, commercial Fertilizer. What does this mean to you? You can cut down on your acreage and labor and by the use of Fertilizer make bigger yields and have considerable more net money at harvest time.

Your soils are deficient in plant food and if you are not using commercial Fertilizer to feed the plants, you are farming on the wrong basis and losing money every day. **Royster's Fertilizers** are scientifically prepared to meet just such emergency. **Royster's Fertilizers** have stood the field test for forty years.

### JOHN WALTER SMITH WITH GOLDSBOROUGH

Easily the most significant and important political development of the week was the announcement on Wednesday that former United States Senator John Walter Smith, recognized as Democratic leader on the Eastern Shore of Maryland, was heartily in favor of the renomination of T. Alan Goldsborough for Congress from the First Congressional District.

In a formal statement issued on Wednesday, the Eastern Shore leader unhesitatingly paid a warm tribute to Congressman T. Allan Goldsborough as follows:

"I feel a deep interest in the success of Representative Goldsborough in the First Congressional District. I have known him since he was a boy, and I have watched narrowly and critically his course in Congress. He has made an enviable record and has been absolutely true to his constituents. He is a man of rare diligence in the discharge of his official duties.

"I trust the good people of the Eastern Shore, with whom I have spent my life, will renominate and reelect him to Congress.

"Mr. Goldsborough has acquired an influence in Congress which will grow and develop during a second term of service, and it would be a misfortune for the district and State to lose him. Besides, there is no good reason at all to violate an immemorial custom in sending a worthy Representative back for a second term.

"It is a wise custom, for it is only by a combination of ability, such as Mr. Goldsborough has, and length of service that anyone ever attains a commanding influence in Congress. I am heartily in favor of Mr. Goldsborough, and feel that he should be returned."
