LOCAL INTELIGENCE.

THE Orphans' Court for Caroline county will meet on Tuesday the 24th of September

SCRAPS.

—So far, September has been warm.

—Straw hats will soon be unseasonable.

—Oysters are plentiful at 25 to 30 cents per bushel.

—Some of the old weather prophets predict a cold winter.

—Chas. H. Gibson, Esq., of Easton, was in town Wednesday.

—The Bloomery M. E. Church is to be remodeled and reroofed.

—Delaware Odd Fellows have sent $100. to their New Orleans brethren.

—The rail birds are becoming plentiful among the wild oats on the Choptank.

—A Quantico man has named his daughters Time and Tide, so they wait for no man.

—Neavitt, the St. Michael's farm boy who slashed his throat with a table-knife, is dead.

—Canterbury Station, on the Delaware Railroad, is no more. Viola, a new post, takes its place.

—Five hundred and sixty-six car loads of peaches have been shipped over the Delaware road during this season.

—Geo. T Melvin has purchased of Col. R. C. Carter the dwelling and office on Main street known as the Dr. Martin property.

—Don't forget the Bethlehem Fair, commencing on the 2nd of next month Maj. Wm. E. Stewart will deliver an address on the 3rd.

—The letter of our friend "X" will doubtless be read with interest. He touches on a subject upon which we invite discussion.

—Stewart & Bro. have completed the enlargment of their store room, and will soon lay in a heavy supply of all kinds and grades of groceries.

—We call attention to the advertisement of Mr. Casper Miller, merchant tailor. He has had long experience and is able to do good work. Call and see him.

—If the weather is favorable to-day the excursion will doubtless be largely patronized. The Rev. J. E. Smith, of this town, will have in charge the children.

—From present indications there will be a fine display of stock at the Delaware State Fair at Dover from the Eastern Shore. The arrangements for taking care of stock are said to excellent.

HORTICULTURAL EXHIBITION.—The Maryland Horticultural Society will hold its annual exhibition of flowers, plants, fruits and vegetables in the armory of the Fifth Regiment, Howard and Biddle streets, Baltimore, on the 17th, 18th, 19th and 20th of this month. Liberal prizes are offered in all its departments, and fruit and vegetable gowers throughout the State are invitec to contribute to the show. Admission fifty cents for adults and twenty-five for children. We have no doubt that our county will be represented. Wm. B. Sands, Esq., secretary of the Society, will please accept our thanks for complimentary admission tickets.

AFFECTING SCENE.—Godfrey Pernett, the insane man who has been in our jail for about a week was taken to Baltimore on Thursday's boat, by Thos. Melvin, Esq., who will ask that he be admitted in Spring Grove Asylum, until the approaching term of Court, when his case will be investigated. One of the most affecting scenes we ever witnessed occurred just before Pernett was taken to the boat. His distressed and almost heart-broken wife and his five bright faced little children, had, through the assistance of Mr. Smiley, a kind neighbor, come to see him. Sheriff Evitts invited them in his sittining room, and immediately had the insane man dressed and brought from his cell into the presence of his wife and children. What followed was overwhelmingly sad. The man who had been incessantly raging and mad for over a week, seemed temporarily to regain, his reason, and, embracing his wife, they sobbed aloud, while the poor little children looked on in anxious amazement, crying "Papa, Papa," in most affectionate tones. After a while they became composed and conversed with each other in their vernacular language until boat time. The family will be taken care of.

ORPHANS' COURT.—Court met on Tuesday last, all the judges present.

Wm. A. Willis and Rufus C. Harris, Ext'rs of Charles Willis, dec'd, presented list of sperate debts, first and final acct of administration and distribution; passed.

The will of Elizabeth A. Jump, deceased, was admitted to probate, and letters testamentary were granted to R. C. Carter on said deceased's estate; bond approved by Court.

Thos. R. Rowins, of Dorchester Co., presented last will and testament of Margaret Robins, dec'd, which was admitted to probate and letters testamentary granted to said Thomas R. Rowins; bond approved by Court.

Philip W. Downes, guardian to Sarah C. Williamson, minor, presented 8th guardian account; passed.

Philip W. Downes, guardian to Fisher, Ellen Lewis and Turpin M. Horsey, minors, presented 2nd guardian account; passed.

Wm. E. Saulsbury, guardian to Alberta, Ida and Wm. Thomas, minors, presented 3rd guardian account; passed.

John W. Knotts presented the final receipt and release of Clara H. Thawley, late his ward; passed.

Alex. Ridgaway presented the final receipt and release of Wm. Caulk and Florence A. Caulk, distributees of the estate of Harriet Turner, dec'd; passed.

James F. Melvin presented his bond as required by the Act of Assembly of 1874, in accordance with which he had at a previous meeting of the Court been appointed to the vacant scholarship at Washington College.

AMERICAN PIANOS ABROAD

A LEADING BALTIMORE FIRM ESTABLISHES A BRANCH HOUSE IN LONDON.

[From Baltimore Daily Gezette.]

It is interesting and gratifying to note the face that Messrs. Wm. Knabe & Co., one of Baltimore s leading manufacturing firms, has been solicited by a great London music house to establish an agency in that city fr m the sa t of their pianos throughout Great Britain. The London firm referred to is the leading music house of the English metropolis, Messrs. Metzler & Co. of Great Marlborough street, whose establishment is familiar to all Americans who travel abroad. This gives to Messrs. Knabe & Co. an agency covering all of Great Britain, and also an outlet for their instruments throughout continental Europe. It is of course, unnecessary to speak of the excellence of the Knabe pianos; but while they are so widely known throughout the United States, reputation abroad and the demand for them in other countries than ours, to such an extent as to prompt the leading London firm to purchase them directly, is an event in the piano trade of America worthy of special mention. Baltimore is to be congratulated upon the enterprise of such a wide-awake and public-spirited house as that of Knabe & Co., through whose efforts our manufactures have gained an enviable reputation in other countries as well as United States. Messrs. Metzler & Co.'s representative visited Baltimore a few days ago and closed final arrangement with Messrs Knabe & Co., leaving with them large orders and bespeaking an extensive business in the early future. A large shipment of grand and upright pianos—the styles most desired in European cities—was made during the present week, and it is probable that Messrs. Knabe & Co. will find it necessary to increase their force of employes to meet this extra demend, as their large force is now taxed to its fullest capacity in supplying the home trade for their instruments.

NO CAPITAL BUT THEIR MANHOOD.—The poor man at Memphis is the sufferer, the man of wealth has gone away with his money or locked it up behind him. Says the Avalanche: Memphis has many rich men who own palatial stores along Main street. There is not one of these rich men here to-day, in the hour of our greate calamity. These rich men are neither represented in person nor by their surplus dollars. The majority of the men who are standing in the deadly breach, fighting the most gigantic plague that ever cursed American soil, are men who do not own $1 in real estate in Memphis.' Where, it asks, is this man and that man, giving their names, "and a score of others that we propose to mention at a future time? Have we seen the light of their countenance or the color of their money? Facts are stubborn things and we are now treating of facts. The men who are to-day standing in the fore front of the battle have no capital but their manhood. God bless them."

Various Causes---

Advancing years, care, sickness, disappointment and herdeitary predisposition—all operate to turn the hair gray and either of them inclines it to shed prematurely. AYER'S HAIR VIGOR will restore faded or gray, light and red hair to rich brown or black, as may be desired. It softens and cleanes the scalp, giving it a healthy action, and removes and cures dandruff and humore. By its use falling hair is checked, and a new growth will be produced in all cases where the follicles are not destroyed or glands decayed. Its effects are beautifully shown on brashy weak or sickly hair, to which a few applications will produce the gloss and freshness of youth. Harmless and surin its operation, itis incomparable as a dressing, and is especially valued for the soft lustre and richness of tone it imparts. It contains neither oil nor dye, and will not soil or color white cambric; yet it lasts long on the hair and keeps it fresh and vigorous.
