It's certain you don't like needless lifting. So get a waist low

SHARPLES

Dairy Tubular Cream Separator.

Here are five separators—the largest Sharples Dairy Tubular in the middle and two "back breakers" on each side. The machines are all set so the crank axles are level. Which kind for you? The girl is 5 feet 4 inches tall. We handle Tubulars exclusively. Tubulars have waist-low supply cans and other advantages over all other separators. Call and examine Tubular.

Commission on Country Life.

November 3, 1908.

MESSRS. EDITORS:—There will be a meeting of the Commission on Country Life, appointed by the President of the United States, for the improvement of rural conditions, at the Maryland Agricultural College on Monday, Nov. 9, 1908.

The personal of this commission is of such a character as to make it worth while for every man and woman, interested in rural life in Maryland, to attend this meeting.

The commission desires to have a representative gathering of men and women from Maryland, who have given the subject some thought and who are prepared to place their view before the commission.

Every one conversant with Maryland rural conditions appreciates the fact that the operating agencies for an uplift in country life are not of a vigorous and progressive character. We need a campaign of agitation on this subject. Under the splendid leadership of this commission, untold blessing may be the harvest of our hearty co-operation with these able men.

L. H. Bailey is Dean of the Agricultural College of Cornell University.

Gifford Pinchot is Chief Forester in the Bureau of Forestry.

K. L. Butterfield is President of the Massachusetts Agricultural College.

Henry Wallace is editor of "Wallace's Farmer," of Iowa.

Walter Page is editor of "World's Work."

Prof. Bailey, in defining the work of the commission says:—"These hearings are not to be speech-making meetings on the part of the members of the commission. The commission desires to take itself to as many localities as it can, in order that it may put itself in the way of receiving suggestions from those who are competent to make them."

Surely, we have in Maryland many men and women who are competent to formulate views on so vital a question as the one under consideration. A large and enthusiastic meeting is desired. An earnest appeal is made to those interested in the advancement of "Country Life" to be present with well defined views to place before this commission.

Trusting that the zeal of the people of Maryland for the improvement of country life may be of such a character as to give us a large and earnest gathering of men and women ready for a heart to heart conference bearing upon the factors that make for the improvement of rural conditions.

Fraternally,
P. W. SILVESTER.

Sent to House of Correction.

Charles Henry Grinnell, colored, who was tried for the murder of Frank Harvey, also colored, at Sharp's wharf near Rock Hall, last summer, at the recent term of court and acquitted, was rearrested on Saturday for carrying concealed weapons. He was tried before Justice Andrew Medders, who sentenced him to two years in the Maryland House os Correction. In pronouncing the sentence Justice Medders very properly warned the accused that when he got out of prison, he had better leave the State and go to Jersey or somewhere else.

To Preside at Conference

Bishop D. H. Moore has been assigned by the Board of Bishops of the Maryland Episcopal Church in session at Indianapolis, Ind., to preside at the next annual session of the Wilmington M. E. Conference to be held in Milford Del., in March next. Bishop Moore was elected to the House of Bishops at the General Conference in Chicago in 1900.

"They're laying for me," becomes a familiar expression among poultry raisers who feed their hens Fairfield's Tonic and Egg Producer for Poultry only. Fairfield's does the work every time, because it is scientifically prepared to meet all the requirements of poultry. Sold under written guarantee by Davis & Satterfield.

A hen infested with lice will, in one day, waste vitality sufficient for the production of several eggs. This is why the egg season is so often cut short. Your hens need not be in this condition, Fairfield's Lice Killer will rid your fowl of the pest. Sold under written guarantee by Davis & Satterfield.

It has been discovered that many cases of disease in horses diagnosed as Lung Fever are really worm troubles. Fairfield's Blood Tonic for Horses only is recognized by leading horsemen everywhere as a sure exterminator of worms, as well as a natural invigorator and blood purifier. Sold under written guarantee by Davis & Satterfield.

The latest advices reaching this office inform us that the many severe tests made of the Fairfield's Milk Producer for Cattle only prove most conclusively that it is actually all that is claimed for it. Besides increasing the flow of milk, it enriches the quality and improves the condition of the animal. Sold under written guarantee by Davis & Satterfield.

"Root hog or die," was once a popular expression. The hog raiser doesn't say that nowadays. He says feed the hog Fairfield's Tonic for Hogs only and he will get well, stay well and become a profitable investment. The farmer knows a good thing when he sees it. That's why he uses Fairfield's. Sold under written guarantee by Davis & Satterfield.

A farmer that sowed wheat all over his farm and then expected to reap a crop of oats, wheat and corn from the same, what would you think of him? What would you say of a man who fed his horse, cow, hog and poultry from the same package of condition powder? The intelligent farmer uses Fairfield's Tonics because there is a separate preparation for each kind of animal. Sold under written guarantee by Davis & Satterfield.

Eggs multiply as though by magic when Fairfield's Egg Producer for Poultry only is fed. The magic in this case consists in supplying the hen with the elements needed for egg production and no others. This can only be done by having a compound prepared especially for poultry. Sold under written guarantee by Davis & Satterfield.

Poultry owners in this country will be much pleased to learn that science has at least perfected a remedy for the Roup in Poultry. Fairfield's Roup Remedy is the result of the latest scientific research, and has never failed to do the work. Sold under written guarantee by Davis & Satterfield.
