LOCAL INTELIGENCE.

THE Orphans' Court for Caroline county will meet on Tuesday the 24th of September

SCRAPS.

—Autumn leaves are falling.

—Don't sit out in the night air.

—Pay your taxes if you have the money.

—Days are shortening and nights lengthening.

—The iron bridge is expected to be finished by court.

—Seaford, Del., has raised one hundred dollars for the yellow fever sufferers.

—We call attention to the timely suggestions of Dr. Betson's letter in the JOURNAL.

—Rev. George F. Beaven will preach in Christ Church to-morrow (Sunday) afternoon at 3½ o'clock.

—The few peaches now going into market from Delaware and the Easton Shore bring $1.50 and $2 per crate.

—We have received a number of interesting communications, which, for want of space, we are unable to publish this week.

—After to day but one train on the Delaware & Chesapeake Railway. The cars will leave Easton at 7:30 A. M., and arrive there at 2 P. M.

--Encouraged by his willingness to star for the benefit of fairs in the Northwest the directors of the Cambridge, Dorchester county, fair have resolved to ask President Hayes to deliver the annual address in October.

SOUTHERN SUFFERERS.—There will be a public meeting of the citizens of Denton and vicinity held at the Court House on Saturday afternoon, the 28th inst., for the purpose of raising funds for the relief of the yellow fever sufferers of the South. Speakers representing the pulpit and the bar will be present and address the meeting in the behalf of this deeply afflicted people.

DELAWARE FAIR.—We call attention to the advertisement to be found in our columns of the Delaware State Fair, which is to be held in Dover from the 24th to the 27th of this month. There seems to be every assurance that this will be the largest exhibition of the kind ever held on the peninsula. The directors seem to have spared no expense in making due preparation for the reception and care of exhibits, and the accommodation of visitors.

MARKS OF THRIFT.—We are please to notice the improvements lately made by the prosperous firm of Jarrell, Nichols & Cox in Easton. Having leased the large room over their dry goods and grocery departments and fitted it up, they announce themselves ready to furnish suits, out of an entirely new stock, of the latest styles and best workmanship, always guaranteeing a perfect fit. Their entrance into this room is by means of one of Bates's Patent Elevators, a new thing for the Eastern Shore.

CAROLINE'S FAIR.—The Bethlehem Fair, to be held on the 2nd, 3rd and 4th of next month, will probably eclipse all others ever held in the county. The programme comprises almost everything that contributes to make such occasions interesting and amusing. Professor Faux, the champion pedestrian, will make a novel race, during the fair, with a fast trotting horse. He is to walk half a mile in less time than the horse can trot a mile. Sportsmen ought surely to see this. As there is no entrance fee to be paid on property for exhibition, all should attend and exhibit and make the fair what it deserves to be, a success. The ladies of Harmony are making a flag and streamer to present to the Fair Association.

A FIRST-CLASS MILL.—Mr. Daniel J. Zacharias, residing between this town and Greensborough, has just completed one of the best grist mills on the Shore. The foundation is substantially built of stone, and the granite work extends up as far as the top of the basement. The stone work through which the water passes to and and from the wheel is strong and durable, and must have been tedious and costly. Above the basement the main building is frame, constructed of best material and superintended by that finished workman, Mr. R. H. Wilson, of Greensborough. Its size is 34x44 feet, and, including the wheel house, is 54 feet in height. The mill is driven by two of Mr. S. P. Smith's Turbine wheels, manufactured at York, Pa. They are cased in heavy boiler iron, and the water is conveyed to them under a head of 18 feet. The manner of construction is something new in this section, and is worth seeing. The machinery was furnished by the patentee, Mr. S. M. Smith, and the perfect working of it stamps him as thoroughly a master of his business. Mr. Charles Reinhart, of Hamburg, Pa., did the mill-wright work and the putting in of the machinery, and Mr. Zacharias is much pleased with the job. We hope that the enterprize and energy of Mr. Z. will be attended with that success which he deserves.

The Old Replaced By the New.

In no instance have we been so impressed with the beauty of an improvement, as in the handsome glass front just completed by Thompson & Kersey. The unsightly brick columns and uncomfortable narrow doors have been replaced by almost invisible iron columns and a capacious entrance, together with new cornice, new pavement, marble tiling, &c., which presents an attraction unsurpassed by any business house in Easton. These gentlemen know no such thing as stand still; and to this cause is attributed the fact that they are ever wide awake to any improvement or enterprise that will enhance the comfort of their patrons and result in no disadvantage to themselves. Their large show windows have taken on very much the appearance of the city stores, and it is only now that they can exhibit their large stock to the best advantage. If a large and beautiful store, a complete and varied stock and prices guaranteed the lowest, will attract purchasers—we have no fears but Thompson & Kersey will out do all past successes, and put themselves farther in advance of competitors than ever before; and continue long to furnish their customers with the best assortment of dry goods, carpets, ready made clothing, &c., at satisfactory prices. This season's styles are beginning to come in, and in a few days the firm will have made a visit to the cities, when all the new things will be on sale. The position of leaders in the dry goods trade is held by these gentlemen, with unquestioned right. And we predict an enlarged trade as a result of their present efforts to render their place of business more comfortable to their friends and patrons. We advise our readers to see all the styles and learn the prices at Thompson & Kersey's before making purchases.

MARRIED.

SMITH—FRAZIER.—On the morning of the 10th instant, an 8 o'clock, in Ridgley M. E. Church, by the Rev. F. C. McSorley, Mr. Thos. A. Smith, to Miss Adah C. Frazier, both of Caroline county.

PARKER—NOBLE.—In Denton, the 11th inst, by the Rev. J. E. Smith, Mr. Burton Parker, of Sussex county, Del., to Anna, Belle Noble of Caroline county, Md.

JOHNSON—GRIFFITH.—At the M. E. Parsonage, on the 18th inst., by the Rev. J. E. Smith, Mr. James E. Johnson and Miss Emma T. Griffith, all of this county.

By Universal Accord,

AYER'S CATHARTIC PILLS are the best of all purgatives for family use. They are the product of long, laborious, and successful chemical investigation, and their extensive use, by Physicians in their practice, and by all civilized nations, proves them the best and most effectual purgative Pill that medical science can devise. Being purely vegetable no harm can arise from their use. In intrinsic value and curative powers no other Pills can be compared with them, and every person, knowing their virtues, will employ them, when needed. They keep the system in perfect order and maintain in healthy action the whole machinery of life. Mild, searching and effectual, they are specially adapted tu the needs of the digestive apparatus, derangements of which they prevent and cure, if timely taken. They are the best and safest physic to employ for children and weakened constitutions, where a mild, but effectual, cathartic is required.
