LOCAL INTELIGENCE.

THE Orphans' Court for Caroline county will meet on Tuesday the 8th of October.

The Democratic-Conservative County Central Committee

FOR CAROLINE COUNTY

Are requested to meet at Denton on *TUESDAY, October* 8, 1878, at 3 o'clock, P. M. Business of importance will be before the Committee for consideration, and all members should attend.

ENOCH GEORGE, Prest.
J. W. HOLT, Sec'y.

SCRAPS.

—Cambridge wants a bank.

—Col. Carter sells the best and the cheapest grain drills.

—Wheat seeding in this county is now fairly under way.

—More oysters and better oysters at 25 to 30 cents a bushel.

—The Laurel Methodist Protestant cdmp meeting began yesterday.

—George T. Melvin has had his law office newly papered and painted.

—Protracted meeting will commence at Concord M. E. Church to-morrow night.

—Messrs. Wallace & Richardson have very neatly repainted Mr. J. W. Bryant's office.

—The old ferry scow at the bridge sunk in the middle of the river on Monday last.

—The Registers sit next Monday and Tuesday. Those not registered should attend to it.

—It is estimated that there were about 800 persons on the Bethlehem Fair grounds on Thursday.

—The steamer Keyport will run in place of the Georgeanna on and after the first day of November next.

—Court commences next Monday. There are comparatively few cases for trial, and in all probability the term will be short.

—Our old friend Mr. Daniel Stevens, caught a fine gray back herring at Gilpins point. on the 1st inst. He seems rather late for the season.

—A writer in the *Union* says the Local Option law is being violated in our midst; he recommends a searching investigation by the Grand Jury.

—Let all the voters of this county come out on Tuesday next and hear our candidate for Congress, the Hon. Daniel M. Henry, upon the issues of the day.

—A regular communication of Temple Lodge, No. 128, A. F. and A. M., will take place next Tuesday evening. The members are particularly requested to be present.

—A friend in need is a friend indeed. Such a friend is Dr. Bull's Cough Syrup, which should be in every family; it costs only 25 cents a bottle and may save many a doctor bill.

—Absolutely free from Morphia and other dangerous agents Dr. Bull's Baby Syrup is valued most highly as a remedy for the disorders of babyhood. Price only 25 cents a bottle.

—The steamer Kent is well loaded every trip with passengers and freight. Being comfortably furnished, and having most efficient and obliging officers, she is a pleasant boat to travel on.

—The Rev. J. E. Smith, of this town, one of the finest orators of his conference, will, in a short time, deliver a lecture at Harris's Chapel, in Tuckahoe Neck, on "Matrimonial Misery."

—According to a letter received by Thomas Melvin, Esq. a few days ago, from an official of the Maryland Insane Asylum, "Godfrey Purnett is improving as fast as could be reasonably expected."

—A number of our largest tax-payers have suggested that it would be well for the Commissioners to have the iron bridge inspected before accepting it for the county. $10,000 is no small sum, and due care should be taken to see that we have our money's worth.

—The most abused organ of the body is the Liver, or rather it was, until Keller's Vegetable Life Drops by their remarkable action upon this great organ have saved it from much senseless persecution. Keller's Vegetable Life Drops are a sovereign remedy for Liver disease.

—On Thursday night of last week some burglars broke into Messrs. Tuthill & Avery's handsome store, in Easton, blew open the iron safe, and took therefrom what money they could find. Fortunately for Tuthill & Avery they had on the previous day deposited in bank about all their money.

CAROLINE THE VICTOR.—In the trotting race between Caroline and Talbot counties, at the Bethlehem Fair, on Thursday last, Caroline came off victor. Juno, owned by a Mr. Waldron, of Preston, was the champion for Caroline, and Lady May, owned by Mr. Chas. Bennett, of Easton, for Talbot. The time made in the race was given.

THE TIME TO SUBSCRIBE.—Now is the time to subscribe for the JOURNAL and the *American Farmer*, as they may both be had for a trifle over what one costs. The JOURNAL and the *Farmer* together, one year, for $1.85.

BUSINESS CHANGES.—Wm. C Willough, Esq., of the Fourth District, after journeying in various directions has settled at Gilpin's Point and engaged in mercantile business, purchasing the stock of James H. McNash, Esq., whose health had been impaired by indoor occupation. Mr. McNash, we understand, proposes to remove to Hillsboro' and take the position of Purser on the steamer Raleigh. Success to them both.

SALES NEXT TUESDAY.—Charles H. Gibson, Esq., attorney for the Workingmen's Permanent Building & Loan Association of Talbot county, will, on Tuesday afternoon next, offer at public sale a valuable tract of land of 300 acres, located between Greensboro' and Bridgetown. He will also sell another small tract in the same neighborhood. Also, on the same day, Col. Carter will sell the property in this town occupied by the Rev. J. E. Smith. Land buyers should not fail to attend. See adververtisements.

JUDGES OF ELECTION.—The County Commissioners at their last meeting appointed the following named gentlemen as Judges of election for this county:

First District—E. R. Burnite, William G. Lumb and T. W. Straughn.

Second District—Joseph B. Orrell, George W. Porter and Hugh B. Simpers.

Third District—B. G Stevenes, William H. Deweese and John W. Clark.

Fourth District—C. H. Todd, Wm. Sisk and Wm. T. Hignutt.

Fifth District—J. W. Brown, William E. Liden and Alfred Davis.

MESSRS. EDITORS:—Having been buying my provisions, &c., in Easton and Baltimore for a long time, I was under the impression that there was nothing cheap at home, but yesterday I happened into Stewart & Bros. store Denton, and was surprised beyond measure at their stock and prices. I saw in their stock a great many things that haven't heretofore been kept in Denton, every thing in the grocery line that is salable they have, and sell as cheap if not cheaper then I have seen anywhere else. It is surely a great accommodation to have a first-class grocery store such as theirs in the town. My advice to all is, when you are after any thing to eat go there first and save yourself the trouble of running all over town. They keep a nice clean store, and are kind and obliging to their customers, and certainly ought to be liberally patronized.

LOSS OF A HORSE.—On Tuesday night last Mr. C. W. Emmerich was driving along the road leading from Greensboro' to this town, near what is known as the "Holly" cross-roads, he heard a wagon team coming from the opposite direction at a very rapid rate. The wagon continued its rate of speed as it neared the turn, and although Mr. E. gave them what he considered sufficient room for them to pass he was run into, the carriage upset and he knocked senseless, in which condition he was left, the driver of the wagon team not even halting to see what damage he had done. The horse in struggling to free herself from the broken carriage, drove the sharp point of one of the broken shafts into the lower part of her stomach, but making a wound outwardly so slight as not to be noticed by Mr. E. or the gentleman at whose house he spent the night. In the morning, however, the wound was discovered but was not considered sufficiently serious to prevent her being brought home. After proceeding some distance her pace was so painful that she was left at a farm house while he came on to town for surgical aid. Dr. Price reached her too late. The broken shaft had made fatal inward wounds, as the portruding and torn intestines only too plainly showed. The horse belonged Geo. M. Russum, Esq., of this town.

HILLSBORO, Oct. 3, 1878.

DEAR JOURNAL:—

After the elapse of several weeks I will tender to you and your readers another letter from Hillsboro'.

We are generally expecting considerable trouble from the bilious this season, a great deal of complaint, some sickness, and several deaths have occurred, although I am not sufficiently informed to say that all the deaths were of bilious.

Farmers are very busy with their corn crops and making preparations for their wheat seeding, and some are experiencing considerable difficulty with their corn ground, owing to the immense growth of grass.

A new two-story public school building is now being erected on the green where the old Academy stands. Our citizens are of the belief that they are deserving a good and comfortable building in place of the old brick Academy, as it is the only school building *ever* built in the town—or rather it is thought so by the oldest inhabitants—as the old structure bears date upon a brick in the walls of the year 1797. The building contract was awarded to Mr. J. B. Bishop, our well-known and efficient architect.

Mr. J. Kent Dukes has been re-elected, by the district trustees, principal of the graded school and Miss M. A. V. Beaven assistant. These two teachers gave general satisfaction in their former efforts, thereby proving their fitness and suitability to be again entrusted with the positions.

Mr. Jno. H. Holt has sold to Mr. Geo. H. Beaven his entire stock of merchandise. Mr. Beaven will conduct the business at the old stand lately occupied by Mr. Holt.

Our town was visited last Saturday by Powers's National Museum and gave an entertainment on Monday night, which was tolerably well attended.

DEATHS

SPECIAL NOTICES.

Health is an inestimable jewel.—The cough that deprives you of it may take your life too. One bottle of *Hale's Honey of Horehound and Tar* will avert the evil, and save you from consumption. Will you weigh life against a half dollar? Sold by all druggists.

In the Whole History of Medicine

No medicine has ever performed such marvellous cures, or maintained so wide a reputation, as AYER'S CHERRY PECTORAL, which is recognized as the world's remedy for all diseases of the throat and lungs. Its long-continued series of wonderful cures in all climates has made it universally known as a safe and reliable agent to employ. Against ordinary colds, which are the forerunners of more serious disorders it acts speedily and surely, always relieving suffering, and often saving life. The protection it affords, by its timely use in the throat and lung disorders of children, make an invaluable remedy to be kept always on hand in every home. No person can afford to be without it, and those who have once used it never will. From their knowledge of its composition and effects, Physicians use the CHERRY PECTORAL extensively in their practice, and Clergymen recommend it. It is absolutely certain in its remedial effects, and will always cure where cures are possible.
