LOCAL INTEREST.

DENTON, MARYLAND,

Saturday Morning, October 4, 1884.

☞Items of news from all parts of the county solicited under this head.

TO SUBSCRIBERS.

Many of our readers who are still in arrears for subscription received statements of their indebted some weeks ago. A number have yet failed to remit the amount. We must now, however, request immediate payment in order that we may close up the business of the late firm.

New Church Bell.—A new church bell has been ordered for the M. E. Church at Ridgely.

Fanny Flirt Sold.—Mr. William F. Liden has sold his fast trotter, Fannie Flirt, to parties in Delaware for $950.

Ready for Collectors.—County Treasurer Cook now has the collectors' books for the various districts ready for delivery.

Grain Prices.—Fultz wheat, of fair to choice quality, sold at 86½ to 87; prime longberry, 87. White corn (old) sold at 70; new 54, and yellow at 64. These quotations were made on Thursday.

Nolle Prosequi.—In the case of the State versus Thomas C. Hackett in the circuit court for this county Gov. McLane has granted a nolle prosequi. Hackett was indicted for assault upon Elijah Truxon, and the costs accruing under the indictment are imposed upon Hackett.

Counterfeits in Circulation. — We caution the public to be on their guard against counterfeit silver half dollars that have made their appearance in large numbers. They are cleverly executed, and what have thus far been detected range in date from 1829 to 1839.

Disturbing Church Worship.—Sam'l Wilson, colored, charged with disturbing public worshlp at Bell's Chapel in Tuckahoe Neck, swearing, etc., was fined $35 by Magistrate Hutson on Friday of last week. William Flamer, colored, who was arrested for the same offence, gave bond and his case will be tried before the court.

The Burrsville Church Dedication.—At the dedication of the new Methodist Protestant church in Burrsville, which takes place on Sunday, October 12, Rev. D. L. Greenfield of Baltimore, and Rev. T. H. Lewis of Westminster, will be present. Mr. Greenfield will occupy the pulpit in the morning at 10.30 o'clock and Mr. Lewis in the evening at 7 o'clock. All are invited.

New Advertisements. — William J. Clark, executor, will sell a farm of 165 acres situate in the First election district.

—Our up-the-county readers will to-day find the advertisement of T. S. Kinnaman's new stock of goods at Goldsborough. They will find the stock complete, and that they need not be put to the trouble of going a long distance to find what they want in the mercantile line.

—John Wanamaker makes sweeping reductions in dress-stuffs. The ladies will be interested in his letter to-day.

—The new advertisement of Dr. Wm. T. Kelly announces a change in the dates of his professional visits to Preston, Denton and Greensborough.

Election Judges.—At the meeting of the board of county commissioners on Tuesday last the following judges of election were appointed: First district—James Green, Robert Jarrell; John S. Walters, chief judge. Second district—William J. Clark, Thomas B. Coursey; Walter Massey, chief judge. Third district—William H. Deweese; Thomas Melvin, chief judge. Fourth district—Preston precinct—Samuel Trice, Robert M. Messick; Samuel H. Fluharty, chief judge. Harmony precinct—Charles H. Todd, Elijah Towers; Manlius P. Hutchinson, chief judge. Fifth district -- Robert R. Edgell, John T. Fleetwood; William E. Liden, chief judge. Sixth district—James Park, Robert J. W. Garey; Dr. P. S. Reynolds, chief judge.

Burning of the Brick Mill.—Our local columns last week contained a brief notice of the burning on Friday of the Brick Mill owned by Mr. Jas. D. Wilson. The origin of the fire is unknown, but it is thought sparks from the engine ignited the roof. As the wood was very dry the fire made very rapid headway. Nothing in the mill was saved except about twenty-five bags of flour, meal, etc. About 300 bushels of wheat belonging to customers of the mill, were burned. The property will be rebuilt at once. Mr. Wilson held an policy on the property from the Cecil County Insurance Company for $2,600. Messrs. Ellis and Drennen, officers of the company, were in Denton this week, and made the usual examination of the circumstances of fire. The property was valuable and the loss to the owner will be about $4,500.

Caroline Democrats at Work.—The Cleveland, Hendricks and Gibson club held its first regular meeting on Saturday evening last. President Bryant was in the chair, and the other officers of the club were present. In addition to those whose names were already enrolled over one hundred enlisted as members. Dr. Wm. H. Downes was elected treasurer and a collection of $15 from the members was raised. Henry Irwin, Jacob Heller, Frank Redden, Clinton Cook, and George Katchline were appointed to make arrangements for a pole-raising to-day. The corresponding secretary was instructed to invite Messrs. M. S. Mutchler, Urie Townsend, and Josiah White to address the meeting this afternoon. Hon. Charles H. Gibson and other prominent speakers have been solicited to make speeches. Pressing engagements may, however, prevent Mr. Gibson from being present to-day. Let every Democrat in the community attend this afternoon and hear Democratic principles proclaimed by eloquent tongues, while the Democratic banner floats to the breeze from the tall hickory.

Goldsborough.

About one hundred persons witnessed the racing at this place on Saturday afternoon last, and there was quite a lively time. Five horses were in the trotting race, which was won by J. Hiram Smith's mare. An interesting running race was won by William Jones' horse.

A Cleveland, Hendricks and Gibson flag will be raised here this afternoon at 3 o'clock.

Federalsburg.

The third quarterly conference of the Federalsburg circuit of the M. E. church will be held at Preston next Monday.

The M. E. church at Federalsburg will be reopened on Sunday, October 19th. Prominent ministers from a distance are expected to be present.

Interesting revival services, under the charge of Revs. John Warthman and G. P. Smith are in progress at St. Paul's, Harrison.

The ladies of the Presbyterian church held a festival and oyster supper on Saturday evening last.

The section of the railroad at this place has recently been put in excellent repair.

Hillsborongh.

The pastor of the Hillsboro M. E. Church preached last Sunday morning on the rise, progress and organization of Methodism, and took a collection of $10 for the Conference Academy. The collection for this purpose will amount to some thirty odd dollars on the circuit.

Chas. Diggins of Queen Anne's Station, who has been with his family on a visit has returned home.

Hillsboro is now well supplied with schools. Mr. Barnes, the old teacher of the public school has opened a private school with some fifteen scholars. Mr. Burges has charge of the high school and Miss Beaven the primary.

The third quarterly conference of Hillsborough Circuit M. E. Church, South, will be held at Hillsborough Saturday next, Oct. 4th. The Rev. Dr. Hough, P. E. of East Baltimore District, will preach on Saturday (today), and Sunday at 11 o'clock, a. m.

William Mason, a young man from Hillsborough, got his leg broken in a singular manner on Wednesday last. He was on the train going to the Dover fair, and struck his leg against a fance near the railroad track.

Hillsborough Bridge.—A few weeks ago, on the authority of an Easton paper, THE JOURNAL stated that the Queen Anne's board of commissiones had refused to pay any part of the expense in rebuilding the Hillsborough bridge, and that therefore a toll would be imposed on all who pass over it from that county. The Observer, commenting upon the matter, says: "Well, as Queen Anne county is probably able to take care of herself we shall doubtless not get into a perspiration over the matter, especially as the new edict is likely to result in our great profit and to Caroline's injury. There is not much in Hillsborough that our people want badly anyhow, and what there is there can be obtained in other places. Queen Anne Station will now become a a town, and Hillsborough will suffer just in proportion as this side builds up. Capital will find its way to the pretty little station—stores, shops and various business houses will be established there, and the Caroline and Talbot people, especially the former, will sit on the banks of the creek and pull their hair and moan whilst their thrifty neighbors over here do the business. Won't that be too awfully awful for anything. But awful or not that will be the reesult. Hillsborough will lose trade and lose it rapidly. Queen Anne will get it, and grow rich in consequence, because people will not be imposed upon, and when our people come to realize that of all people in the world they have been selected as the only ones to pay toll they will refuse to cross the bridge, and they will refuse to deal in a town located in a county that makes so invidious an exception to them." We would remind our contemporary that the proposed "invidious exception" to Queen Anne county grows out of its breach of a long established custom of sharing with Talbot and Caroline the expense in the maintenance of this bridge, situated near the point where the three counties join lines. The Talbot commissioners say they will take steps at the proper time to make this a toll bridge, except to Caroline and Talbot counuties. The Queen Anne commissioners stated, when presented with a bill from the Talbot board, that they had no legal authority to pay for such work and refused to do so. An act of the legislature will be required before the tax can be imposed, and there is doubt about getting such a measure passed. The Caroline commissioners have paid the half of the cost of the work, and have taken no action looking to the establishment of the toll.

Leap Year Going.—Do the ladies of this beautiful town know—do they realize, and appreciate that leap-year is waning and soon the precious privilege accorded them of proposing to vain, vulgar man, will have gone the way of all things earthly? Do they realize in their hurry and worry and bustle that the peace of which it is said that it passes understanding, is never realized until they pass to the married realm and enjoy the bliss of wedded life—if not, fair and sweet ones, you must brace up and "pop the question" before many moons wax and wane, or you will be company to your loneliness for four more long and weary years.—Ex.

Work on the Telephone.—The poles for the Denton-Ridgely telephone are being put in place.

—The Templeville club will play the Ridgely "Wide-Awakes" to-day at the latters ground.

—H. Blackiston & Son has commenced receiving goods for the fall trade. Call and see them. †

—Mr. C. H. Blackiston will sell you the same watch that other dealers are selling at $18.00 and $20.00 for $14.00. Also, all kinds of watch repairing will be done cheaper than can be done elsewhere.

Swept into the Stream.

One thousand acres of land and a "right smart of bears:" On the deck of a big Mississippi steamboat stood an aged Southern planter. Indicating by a sweep of his arm the water the boat was passing over, he said to a passenger from the North: "When I was twelve years old I kiled my first bear on a new plantation my father was then cutting out of a forest that grew directly over the waters of this bend. That was a mighty good plantation, and there was right smart of bears there, too. But that one thousand acres of land went into the Mississippi years ago."

It is putting no strain upon the figure to say that great forests of youthful hope, womanly beauty and manly strength are swept in the same way every year into the great torrent of disease and death. Yet it shoud not be so. That it is so is a disgrace as well as a loss. People are largely too careless or too stupid to defend their interests—the most precious of which is health. That gone all gone. Disease is simple, but to recklessness or ignorance the simplest things might as well be complex as a proposition in Conic Sections. As the huge Western rivers, which so often flood the cities along their shores, arise in a few mountain springs, so all our ailments can be tracted to impure blood and a small group of disordered organs.

The most effective and inclusive remedy for disease is Parker's Tonic. It goes to the sources of pain and weakness. In response to its action, the liver, kidneys, stomach and heart begin their work afresh, and disease is driven out. The Tonic is not, however, an intoxicant, but cures a desire for strong drink. Have you dysbepsia, rheumatism, or troubles which have refused to yield to other agents? Here is your help.

Like an old Creaky Window Shutter.

That is the way a man's rheumatic joints sometimes are. Hinges old, rusty, and worn, and badly need oiling. The trouble is in the blood. A man who is of any account is worth repairing. The repairing can be done by means of Brown's Iron Bitters. That enriches and purifies the blood, drives out the pains, and works complete restoration. Thousands testify to it from happy experience. Mr. C. H. Huntley, 618 North Sixteenth., st., St. Louis, says, "I used Brown's Iron Bitters for rheumatism, general debility and prostration, with the best results.

What a Mississippi Pilot Says.

Capt. M. Riggs, who is well known at New Orleans and along the Mississippi river, says, "I have been suffering from dyspepsia for the past five years, and from broken rest by severe pains in the bowels and kidneys. I tried every medicine recomended for the diseases, without success. At last I used a bottle of Brown's Iron Bitters, which proved a perfect success in my case." It cures all liver, kidney and malarial diseases.

Merchant Tailoring.—Just received a new line of samples of fall and winter goods, and we are now prepared to turn out splendid fits. Give us a call. Style, fit and quality of goods is guaranteed. Cleaning and repairing neatly done. P. H. MCSHANE, Ridgely. 9 27 tf †

—MRS. Laura E. Blackiston requests all persons indebted to her would come forward and settle their accounts immediately.

—All persons indebted to us whose accounts have not been settled within the past six months are respectfully requested to call and settle by October 1st, as we have some heavy payments to make and need the money. EVITTS & HOLBROOK. 9 27 2 t.

—All persons in want of a Drill will do well to call on Evitts & Holbrook who have a lot they are offering very low, and those intending to buy this year or next should avail themselves of this opporiunity and secure the best drill at a very low price.

EAST NEW MARKET, MD., September, 3d, 1884.

We have sold Dr. Jones "Electric" Pills several years and consider them a safe and reliable Liver Medicine.
H. W HOUSTON, M. D., Druggist.

YOU MAKE NO MISTAKE.—If you have dyspepsia, sick headache, or your liver or stomach is out of order, take J. M. Laroque's Anti-Bilious Bitters. Only see that you get the genuine article. 25 cents a paper, or $1 a bottle. W. E. Thornton, proprietor, Baltimore, Md. Sold by druggists. 10 4 2t.

"My darling has taken the medicine faithfully, according to directions, and her health and spirits are now perfect. The humor is all gone from her face. I wish ever anxious mother might know what a blessing Ayer's Sarsaparilla is in such cases.

DON'T SPILL THE MILK.—"There is no use crying over spilled milk," says the old saw. If you are not only bald, but have no life in the roots of your hair, there is no use crying over that, either. Take both time and yourself by the forelock while there is a forelock left. Apply Parker's Hair Balsam to your hair before matters get worse. It will arrest the falling off of your hair and restore its original color, gloss and softness. It is a perfect dressing withal, clean, richly perfumed, cools and heals the scalp.

Breast-Pin Lost.—Lost I think, on Main St., in Denton, on Wednesday ast a Blue Bow with a Gold Breast Pin in it. The finded will be liberally rewarded by returning same to this office or to owner,

MISS MATTA COHEE,

☞Job printing of all kinds neatly and promptly executed at this office. Send in your orders.

KING'S EVIL

Was the name formerly given to Scrofula because of a superstition that it could be cured by a king's touch. The world is wiser now, and knows that

SCROFULA

can only be cured by a thorough purification of the blood. If this is neglected, the disease perpetuates its taint through generation after generation. Among its earlier symptomatic developments are Eczema, Cutaneous Eruptions, Tumors, Boils, Carbuncles, Erysipelas, Purulent Ulcers, Nervous and Physical Collapse, etc. If allowed to continue, Rheumatism, Scrofulous Catarrh, Kidney and Liver Diseases, Tubercular Consumption, and various other dangerous or fatal maladies, are produced by it.

Ayer's Sarsaparilla

Is the only powerful and always reliable blood-purifying medicine. It is so effectual an alterative that it eradicates from the system Hereditary Scrofula, and the kindred poisons of contagious diseases and mercury. At the same time it enriches and vitalizes the blood, restoring healthful action to the vital organs and rejuvenating the entire system. This great

Regenerative Medicine

Is composed of the genuine *Honduras Sarsaparilla*, with *Yellow Dock, Stillingia*, the *Iodides of Potassium* and *Iron*, and other ingredients of great potency, carefully and scientifically compounded. Its formula is generally known to the medical profession, and the best physicians constantly prescribe AYER'S SARSAPARILLA as an

Absolute Cure

For all diseases caused by the vitiation of the blood. It is concentrated to the highest practicable degree, far beyond any other preparation for which like effects are claimed, and is therefore the cheapest, as well as the best blood purifying medicine, in the world.

Ayer's Sarsaparilla
PREPARED BY
Dr. J. C. Ayer & Co., Lowell, Mass.
[Analytical Chemists.]
Sold by all Druggists: price $1; six bottles for $5.

DR. JOHN BULL'S
Smith's Tonic Syrup
FOR THE CURE OF
FEVER and ACUE
Or CHILLS and FEVER,
AND ALL MALARIAL DISEASES.

The proprietor of this celebrated medicine justly claims for it a superiority over all remedies ever offered to the public for the SAFE, CERTAIN, SPEEDY and PERMANENT cure of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southern country to bear him testimony to the truth of the assertion that in no case whatever will it fail to cure if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, however, gradual, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long-standing cases. Usually this medicine will not require any aid to keep the bowels in good order. Should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of BULL'S VEGETABLE FAMILY PILLS will be sufficient.

BULL'S SARSAPARILLA is the old and reliable remedy for impurities of the blood and Scrofulous affections.

FALL
ANNOUNCEMENT.

NOTICE TO TAXPAYERS AND ALL WHO ARE INTERESTED IN ROADS. We would call your attention to the

MENDENHALL PATENT ROAD MACHINE

And the many advantages we claim for it over all others: 1. It is a two-horse machine and the only one. 2. It will move as much dirt with two horses as any other machine can with four or six and with less labor for the horses. 3. We claim a more durable machine, as we have a direct draft and use elastic cushions to relieve the jar or strain on machine and horses. 4. We claim it will do its work without sliding sideways, for the reason that the wheels are not lifted off ground as others are. 5. We claim that our machine will pay for itself in three days' work and the roads will be in better condition than it is possible to have them by the old way, 6. We claim that we can turn our machine in a 11-feet road thereby losing no time in finding a convenient place to turn. For furthur information apply to JOHN PYLE, 209 & 213 Shipley St., Wilmington, Del., Agent for Delaware and Eastern Shore of Maryland. 6 28 4m.

LANDRETH WHITE WHEAT.

Very Prolific, Stiff Straw, Free From Rust, Grinds as Well as the Hardest Red Wheat, Makes Best Quality of Flour.

READ THE FOLLOWING:

NEAR NORRISTOWN, August 26, 1884.

D. LANDRETH & SONS, Philadelphia:

DEAR SIR:—In September last I sowed two bushels of the Landreth White Wheat on one acre of potato ground. I did not cut till it was fully ripe and dry, and I thus lost several bushels. I now have a little over thirty-five bushels of as fine grain as I ever saw. I intend sowing it again. Yours truly, J. C. WEATHERBY, P. O. Box No. 8.

Bristol Mills, Gradual Reduction Process Flour, Rogers Brothers, Proprietors.

MESSRS. LANDRETH & SONS:

GENTLEMEN:—We have ground your new White Wheat, and pronouce it verg good. It makes a very white flour and yields very well. We think it superior to the Clawson wheat. Yours, ROGERS BROTHERS, Millers.
BRISTOL, PA., August 18, 1884.

Harness, Hardware, Cutlery, Pumps, Lime, Hair, Cement, cement well pipe, Horse Mets and Lap Dusters. Give us a call; it will pay you.

SHANNAHAN AND WRIGHTSON,
EASTON MD.

THANKING OUR FRIENDS

For their patronage in the past, we wish to call their attention to the fact that we are almost daily receiving New Goods that are purchased strictly for cash, and are offered cheap for cash or trade.

We will have in a stock of prime Clover and Timothy Seed in a short time.

We keep constantly on hand a cheap article of Carriage and Cart Harness, and numerous articles too numerous to mention.

Favor us with a call.

Smith & Fallowfield,
TEMPLEVILLE, MD.
