IMPERIAL Double Disc Harrow.

It harrows the ground twice in one operation, saving the labor of a man and two horses. It enables the farmer to do his work in one-half the time, making the most of the favorable weather and soil conditions. It gives better results than any other harrow and leaves the ground in better condition.

In construction the Imperial Double Disc consists of a complete out throw harrow with a second harrow in throw attached by a flexible frame. The forward harrow cuts the soil and throws it outward; the rear harrow throws it again and throws it back, leaving the surface finely divided and perfectly level. The rear gangs follow the front gangs in turning and the dirt is not thrown up in ridges at the corners. Every inch of ground is pulverized and leveled.

The rear gangs may be quickly and easily detached and the machine used as a single disc harrow if desired.

IN MEMORIAM.

AT REST WITH JESUS.

In loving remembrance of our dear mother, Mrs. Emily A. Stradley, who departed this life just two months last Sunday, January 28, 1909, aged 67 years and 5 months.

A precious one from us has gone
A voice we loved is stilled
A place is vacant in our home
Which never can be filled.

Day by day we saw her fade
And slowly pine away
Yet in our hearts we often prayed
That she might longer stay.

Friends may think we would soon forget he
And my wounded heart be healed
But they little know the sorrow
That's within my heart concealed.

But our mother is sleeping so free from all pain
Oh! wake not her sweet spirit to suffer again
She Slumbers so soundly oh! let her sleep on
Her sickness is ended, her troubles are gone

Oh! think how she suffered and moaned with pain
All the long night hours as we soothed her in vein
Till God in His Mercy sent down from above
The Angel that whispered a message of love.

But rest on, dear mother, thy labor is o'er,
Thy willing hands will toil no more
A faithful mother both good and kind
A better Christian mother we could never find.
