SCHOOL NOTES

All of the girls in Kennedyville, Mrs. Crew's room, were present every day during the month of January and on time. This is a fine record. But the boys must duplicate this record. They must not let the girls do better than they.

The names of every boy and girl who are neither absent nor tardy for the month is published in this department. Notice, it is for being not only present but on time. If you are tardy that breaks the record.

St. Paul's

Mrs. Mildred Crouch, teacher.

The P. T. A. of St. Paul School held their regular monthly meeting February 13. The children conducted the literary program and all were pleased with their success.

The following program was carried out:

Recitation, Martin Radtka; Duet, Aline LeCompte and Ethel Shriley; Recitation, Albert Radtka; Song, small children; Song, by school.

The business meeting was then opened and we decided to hold the rest of our meetings the first Tuesday of each month.

The P. T. A. has painted the interior of the schoolhouse, and they are now installing lamps.

Mr. LeCompte gave a very interesting talk on the school and the P. T. A. He said that every school shoud have such an organization for the good of the boys and the girls and the general improvement of the school. He and the teacher urged the parents to visit the school and observe the work of the children.

Mr. Paris had attended the meeting that Mr. Robinson held in Rock Hall and he explained to the patrons what it would mean to their children if a reduction mas made in the Equalization Fund. The patrons subscribed to resolutions which were sent to the Legislature.

TAXATION

Tax the people, tax with care,
To help the multimillionaire,
Tax the farmer, tax his fowl,
Tax the dog and tax his howl,
Tax his hen, and tax her egg,
And let the bloomin' mudsill beg,
Tax his pig, and tax his squeal,
Tax his boots, run down at heel;
Tax his horses, tax his lands,
Tax the blisters on his hands.
Tax his plow, and tax his clothes,
Tax the rag that wipes his nose;
Tax his house, and tax his bed,
Tax the bald spot on his head
Tax the ox, and tax the ass
Tax his 'Henry,' tax his gas;
Tax the road that he must pass,
And make his travel o'er the grass,
Tax his cow, and tax the calf,
Tax him if he dares to laugh,
He is but a common man, so
Tax the cuss, just all you can.
Tax the lab'er, but be discreet,
Tax him for walking on the street.
Tax his bread, and tax his meat
Tax his shoes clear off his feet.
Tax the payroll, tax the sale,
Tax all his hard-earned paper hale;
Tax his pipe, and tax his smoke,
Teach him gov'ment is no joke.
Tax their coffins, tax their shrouds,
Tax their souls beyond the clouds.
Tax all business, tax the shop;
Tax their incomes, tax their stocks.
Tax the living, tax the dead,
Tax the unborn, before they'e fed.
Tax the water, tax the aie,
Tax the sunlight, if you dare.
Tax them all, and tax them well
Tax them to the gates of hades.
But close your eyes, so you can't see
The coupon clipper go tax free.

HAVE YOU
Heard the Latest

Have you heard any of the comments all around the county about the new doctor in Chestertown? According to folks who have been to him he cures 95 per cent of all human ailments by working on the spine and spinal nerves.

Some say he practices the greatest Health System known. Others call him a fake. Those who praise him have tried him. Or some of their friends have told them of the remarkable results they obtained. Those who "knock" are the kind who knock everything new without trying it. Some day some one will knock at their bed room door, and walk in to find them "knocking" their heads against the bedstead, because they had nothing else to knock. While yet a comparatively new method in this part of the country, Chiropractic is growing by leaps and bounds and winning public confidence and favor.

If you are sick of being sick and want to get well, call on Dr. Dill, the Chiropractor, in Chestertown. You will find him honest and reliable, and anxious to rid you of your troubles. He uses no medicine, pills, massage or electricity. He traces 95 per cent of all human ailments to the spine, the great switchboard of the body.
