Nothing Better Than the Best

Reo IS the BEST.
This Statement Admits of no Contradiction.

P. E. Cochran, District Agent,

EASTON, MARYLAND,

will prove this to you so conclusively that you cannot have a doubt, if you let him try.

No one desires to throw away money. We have the mathematical and mechanical causes which produce effects. These make a dollar of REO do the work of two dollars in the same grade of any other machine.

The Rapid Motor Vehicles.

These machines are made in all kinds of styles and adapted to all kinds of business service. Passenger, Freight and General Utility. They are money savers. Every feature of the Rapid is constructed with the idea of longer service intended. Thousands in use. Farmers, transportation companies, Rural Delivery service all find them tremendous money savers. Prices the lowest. Remember the Rapid is made at Pontiac, Michigan, and claims to be the largest factory in the world. Consult me now.

4992 Miles without a stop!

The REO holds the world's non-stop engine record. It shattered all previous non-stop records last April, when the spunky 2 cylinder 20 horsepower REO Roadster—a regular stock car—left the best previous 2 cylinder record 1992 miles behind, and even beat the 4-cylinder record by 86. The engine ran night and day for twelve consecutive days. This car averaged 415 miles a day and maintained an average speed of 18 miles per hour. It was the greatest reliability test in motoring history.

What is Wanted of an Automobile

First of all: to get-there-and-back-again, always. Reliability is the hackneyed and "un-lived-up-to-name" for it.

Second: to be able to travel all day at thirty miles an hour, and hit it up to forty when you want to.

Third: to have such a reserve of power (or such splendid application of power,) that grades will be hardly noticeable and stiff hills can be climed without much loss of speed and time.

Fourth: to be comfortable and safe.

Fifth: to be so well constructed that the vital points don't give way at a critical moment.

Sixth: to have beautiful design and finish.

All these qualities are found in the REO for 1909.

Don't Miss This!

Don't mis-get-there-and-back ability. No matter what you pay for your car, get that. You can get it for $500 or $1000 in a REO. You can get it for $4500 or more in a big car.

But get it.

Don't miss real power, the kind that levels hills. Don't mistake a lot of wasted horse-power for that. Wasted power in a motor-car is like bad temper in a man—wears it out and does nobody any good.

Get real power!

Don't get a car that looks better than it is, and is apt to be in the repairshop when you want to go motoring.

Whatever you pay for your car, get the real thing; get motoring every day in the year, and pay what it costs. $1000 and $500 in a REO.

Talk is Cheap, but PROOF Convinces.

With sensible driving, repairs on a REO are next to nothing. With average driving the tires on a Reo will last from 2 to 4 years.

On the Glidden Tour of 1908 under the same conditions and same days some of the shaft driven cars averaged 6 to 7 miles per gallon of gasoline, Reo averaged nineteen and one-half.

The Reo has a direct single chain drive average loss of power from motor to wheel in chain drive is less than 4 per cent average loss in most shaft drive, is 26 per cent, This average is official.

It is of vital interest to the prospective purchaser to know that out of 30 starters in the memorable run from Chicago to St. Paul, through fearful rain-storms and mud, the Reo was one of only 3 cars that finished on their own wheels. Out of 58 starters from Los Angeles to Santa Barbara, the Reo made the only perfect score in its class.

In the 1907 Glidden Tour the Reo beat 48 cars of double and triple its price; beat 24 cars costing $4,000 or more, ten of them costing $5,000 each.

Was the only car of 80 that took "Four-mile Hill" near Bedford Springs on high gear.

Was the only car of its price, and with one exception the only car less than double its price, that finisned with a perfect score.

Four of the $500 Reo runabouts in the New York Motor Club's six day economy run of 682 miles at an exact cost of 1-3 of a cent per mile per passenger.

The chain is incaseed in a leather boot dirt proof and oiled from cyinders.

Cylinders double opposed 4-4x6 inch stroke.

The REO Has its Full Rated Power.

Figure the bore and stroke to see if other automobiles have the power they are rated to be.

Reo's fastest record is a mile in 53 seconds, safety spark, foot accelerator for the throttle.

Highest grade lamp equipment with genuine Bausch & Lomb mirror lenses in gas lamp.

The Reo owner needs no cheuffeur, the mechanism is simple euough to be easily adjusted by anyone.

I will give free lessons how to operate on road. Ignition in detail, systematically how to locate trouble, also care of engine with proper amounts of different oil to use.

This alone should restore confidence to the prospective purchaser, with the world's best record now held by the Reo and sworn to before a Notary Public. You can't get away from sworn figures.

Folding wind shields and Stewart speedometers, ball-bearings on axle and steering spindles and pins.

Because of the perfect score of 1907 the Reo was chosen to pilot the contesting cars in 1908 in the Glidden Tour and came out, now holding the world's record and was chosen officially to pilot the big 4 and 6 cylinders running off the tie.

Write me to-day for Catalogue and Demonstration.

Household Cares.

Tax the Women of Chestertown the same as Elsewhere.

Hard to attend to household duties
With a constantly aching back.
A woman should not have a bad back,
And she wouldn't if the kidneys were well.

Doan's kidney Pills make well kidneys.

Chestertown women should profit by the following experience.

Mrs. Edward A. Riley, Stokes St., near Congress St., Havre De Grace, Md., says: "Several years ago I was in a bad way as a result of kidney complaint. There was a persistent, dull ache across the small of my back and often on account of it, I had to give up my housework and lie down. I felt weak and tried and in the morning was so miserable that I could hardly begin the day's duties. I used numerous remedies said to be sure cure for such troubles but was not helped until I procured Doan's Kidney Pills. After using them a short time I was relieved and I was so pleased that I told of my experience in a public statement. I have used Doan's Kidney Pills off and on since and as the best of results have always been received, I feel justified in again recommending this remedy to other kidney sufferers."

For sale by all dealers. Price 50 Cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

BOTH PHONES.

MIDNIGHT.

It is the midnight hour; all nature is asleep
Stars, in the blue vault of Heaven, lone vigils keep.
All nature is in repose; the mind is asleep
The bright moon casts a glimmer on the bring deep.

It is a holy hour, peaceful, calm and blest
When man worn with labor takes his nutural rest
It is a solemn hour, reminding us of death
That comes to every mortal, with the parting of the breath.

The dew gently falls on the slumbering fields,
To the sweetest repose every thing yields
The cattle and sheep lie around on the hills
Lulled to rest by the sound of the on rushing rills.

The picture I have drawn above is as God would have it be
But since sin has filled the heart of man far different sights we see
Now men are stirring all night long for silver and for gold
And what they suffer in this strife in words cannot be told.

It used to be man could not work after dark at night
But now night almost rivals day with the electric light
So midnight now has ceased to be the calm and quiet hour
For men are toiling all night long with all their might and power.

The millionaire toils night and day to make his millions more
The poor man toils day and night to keep hunger from his door
And so it goes both labor on neglecting sleep and rest,
Until it's very hard to say whose lot we think is best.

Ambitious students with blood shot eyes
Are pouring o'er their books
While safe deposit vaults and banks
Are visited by "crooks".

If men would labor all the day in their many pursuits,
And when the evening shadows fall gather in the fruits
Then solemn midnight still would be the calm and quiet hour
To bless the human family with increasing power.

Betterton Briefs.

Shad continue very scarce, much to disappointment of fishermen. Some think that the scarity is due to the mild winter.

The Ladies Aid Society of this place was represented at the home-coming reception of our new pastor, Rev. John Beauchamp, on Friday evening of last week at Still Pond.

Mrs. Fenimore, of Beverly, New Jersey, is the guest of her aunt Mrs. John Henry Crew.

Mr. Frank Clark is improving the appearance of his cottage by having it painted.

A great many persons are suffering from the "grippe", which appears to have become an epidemic around Betterton.

Miss Helen May Kelley, of Baltimore, spent Sunday with her sister, Mrs. Chas. Brice.

Mrs. John Silcox, of Lynch, and little grand-danghter, Katherine Roe, of Philadelphia, visited her sister, Mrs. Lewis McDade, for a few days the past week.

Capt. and Mrs. Charles Fowler have gone to Baltimore, where they will make their future home.

Miss Annie Maloney, of Baltimore, is the guest of friends here.

The Embroidery Club was entertained last Thursday afternoon by Miss Gertrude Emerson.

Mr. Littleton Moore left on Wednesday for Fall River to play base-ball in the New England League.

Scott's Emulsion

of Cod Liver Oil with Hypophosphites should always be kept in the house for the following reasons:

First—Because, if any member of the family has a hard cold, it will cure it.

Second—Because, if the children are delicate and sickly, it will make them strong and well.

Third—Because, if the father or mother is losing flesh and becoming thin and emaciated, it will build them up and give them flesh and strength.

Fourth—Because it is the standard remedy in all throat and lung affections.

No household should be without it.
