County Commissioner's Sale.

THE Commissioners of Talbot county will offer at public sale, in front of the Court House in Easton, on

Tuesday, the 27th day of October inst.,

to the lowest responsible bidder, the contract for making the piece of new road in Oxford Neck, Trappe District, running from the main road near the old Methodist Church to Dr. Wm. G. G. Willson's gate, as recently laid down by A. C. Mullikin, Samuel Emerson and John T. Stevenson, Esqrs., commissioners, and Samuel Chamberlaine, Esq., surveyor. The new road is mainly upon the old private road with slight variations. The report of the Commissioners appointed to lay down said road, states

"That portion of the road running not far from where Dr. Willson's gate now stands, but from a point this side, at the corner of his wood field, near Jesse Delehay's turn off, to Nathaniel Leonard's road or turn off, we found in good condition, and thirty feet wide, as required by law, and perfectly straight; requiring nothing more to make it a first rate road than the cleaning out of the old ditches, the dirt to be spread in the road. But that portion of the road from Nathaniel Leonard's turn off, to the point on the public road leading from Hole-in-the-Wall to Oxford, we found in bad condition, and not thirty feet wide as required by law, and having one or two turns or bends in it," which the commissioners deemed it advisable to straighten as will be seen by the plat which will be exhibited on the day of sale.

The contractor will be required to make the said road thirty feet wide, as surveyed, and clear it of all trees, stumps and other obstructions, and to ditch and bridge the same wherever necessary—the bridges to be of white Oak plank, not less than two inches thick; and will be required to complete the said road in six months from the day of sale, and to enter into bond with the County Commissioners for the faithful fulfilment of the contract within the time specified. By order of the commissioners for Talbot county.

FOR SALE.

THE subscriber, about to relinquish housekeeping, offers at private sale the House and Grounds, on Aurora street, in the town of Easton, Maryland, constituting his present residence. Well known as the dwelling, for many years, of the late Hon. J. Leeds Kerr, it is justly esteemed one of the most beautiful and desirable homes on the Peninsula, or in the State. The house, of brick, is large and commodious, containing suites of Parlours, Office, Library Room, high pitched and well ventilated chambers, all constructed in he most substantial manner, with strict regard to taste and convenience. The external improvements consist of the usual outbuildings, including very extensive Stables, Ice house, Flower and Vegetable Gardens (each embracing an acre of land,) enclosed Park laid out with gravel walks, and three large town lots adjacent, on one of which is located a small dwelling. The water is excellent and abundant.

To a private or professial gentleman no more eligible residence can be presented; while for the purposes of a first class Female Seminary for Young Ladies (now greatly needed in this section) both the enlarged house accommodations, the variety, beauty and extent of the surrounding grounds, and its position in the midst of a highly cultivated and refined community, render it an unusually attractive and desirable location.

WM. H. STRAN & CO.,
S. E. Corner of Light & Lombard Streets,
BALTIMORE,

WOULD respectfully ask the attention of persons in want of a *GOOD, CHEAP, and ECONOMICAL STOVE*, either for *heating or cooking purposes*, to their assortment. They would invite particular attention to their

GLOBE COOKING STOVE,

adapted for burning either Wood or Coal. This stove has been fully tested for several years and gives universal satisfaction. We have also for sale the following Cooking Stoves, viz: the *Old Dominion, Bay State, Cook's Favorite, &c., &c.* All of which are desirable patterns.

Our improved HOT AIR STOVE to *set in the fire place* from which the heat may be conveyed to the upper stories—is decidedly the best pattern out. We have also very handsome patterns of RADIATORS for coal, and cast and sheet Iron Air-Tights for wood—with a general assortment of other stoves.

Our stock of **TIN WARE** is of the best material and workmanship and is worth the attention of dealers.
