Mr. B. R. Bartley:-

Dear Sir:—

Received your letter tonight and I am sending your check for $1.00 back, for I gave the money for a good cause. I wish I could afford to give more but I am a cripple, I am not able to do more.

I am at the Paoli Fire house at all times, as I have charge. For a good cause, I remain,

The financial report of the treasurer showed a healthy condition of the company's finances for the year. There has been received for current expenses during the year $877.06, of which $773.03 has been expended for supplies, etc., leaving a balance of $104.03 in the treasury. There had also been received during the year in private subscriptions and donations the sum of $1,024.95 of which $595.22 has been expended in the purchase of Packard chassis which is being converted into a modern fire truck by a Wilmington firm. There is a balance to the credit of this fund of $429.73. It will require a little more than $2,000 to pay for the new fire truck. The company is in a flourishing condition and has a membership of more than 100 active and honorary members.

"THE MODERN WOODMAN"

In summing up the year's business, we felt that the neighbors would be interested in knowing a little more agout their official paper, known as The Modern Woodman magazine.

During the year 1924 there were 13,615,539 copies of The Modern Woodman mailed. If these magazines were laid out end for end, it would reach 2195 miles, or, if they piled up one on top of the other, it would make a stack twelve miles high, considerably more than twice as high as Mount Everest the highest mountain peak in the world. It required eleven and one half tons of Kraft wrapping paper to wrap the packages that was necessary to get them ready for mailing distribution. It also required 2671 pounds of twine to tie these packages together. This twine, if in one piece and stretched across the country, would reach 306 miles. We use more than twelve tons of printing ink. To sack and route the mail, it required 32,209 mail sacks. Had this mailing occurred in any one month instead of covering a period of twelve months, it would have required seventy standard mail cars to haul the magazine to its destinations. The paste used during this period would have filled a well eighteen feet deep and four feet in diameter, or, if you wanted to place it in gallon cans, it would take 1650 to hold the same. The total output of magazines for the year weighed 2,254,821 pounds.

To give you a summary of the expenditures for this same period of 1924, the cost of the paper roll stock, proofing-paper, ink, freight and drayage was $188,972.94. The total cost of paste. wrapping-paper, twine, name-plates, electrotypes, halftones, zincs and postage was $43,122.88. The total cost of labor, which includes compiling, binding, composition, alerations and corrections, proof reading, presswork trimming, jogging, automatic mailer, wrapping and express, was $79,138.48. Cost of advertising department, which includes salaries, commissions and expenses, was $15,079.92. The total cost to get the magazine into the hands of the neighbors for the year 924 was $326,314.22.

The receipts that are credited to the expenditures, which include advertising, subscriptions (our by-laws provides that from the per capita tax 20 cents per year shall be credited to subscriptions), sale of waste paper and other bi-products, equaled $349,580.98, showing a net profit on the publication of the magazine of $23,266.76.—The Modern Woodman.

AUTO CRASHES ON HILL

Four automobilists narrowly escaped death or serious injury on Medical Hill, near Church Hill, at 5 o'clock Thursday afternoon, when the automobile in which they were riding turned turtle. The car was driven by Walter Morris and he was accompained by Mr. and Mrs. E. Nelson Hunter and their little four-yearold daughter, Helen.

Mrs. Hunter, who is a daughter of Mr. and Mrs. Isaac E. Dolby, of Centreville, suffered minor cuts and painful bruises, and Mr. Hunter, who is a son of County Treasurer and Mrs. F. Marion Hunter, also of Centreville, escaped unhurt. The child and driver were uninjured.

Mr. Hunter resides on the Dolby Farm, near Church Hill, and was returning home from Centreville in Mr. Morris' car. In descending the Medical Hill incline the car skidded in the snow and turned over.

CHIROPRACTIC

The method that succeeds after all other methods fail.

It is estimated that each year, at least one million people are turning to and finding permanent relief from their ills from the great Health System of Chiropractic.

Chiropractic does not claim to be a cure all, but successfully corrects the large majority of sufferers who turn to practitioners of the new system for relief.

Discovered in 1895 by a layman, D. D. Palmer, Chiropractic, has grown by leaps and bounds until today over 30 States legally recognize Chiropractic as a separate and distince healing art.

Chiropractic appeals to people who think. Its patients include some of the world's greatest men and women. It is not a new or untried method or seeking to hold out hopes for the "Miracle Seekers," or incurables, but it does offer to prove that thousands of so called incurables can actually be restored to health by this new method.

If you are sick of being sick do not let prejudice or anything else keep you from getting well. Consult Dr. Dill today.

The object of the Bill filed in the above entitled case is to procure a decree for divorce a vinculo matrimonii for the Plaintiff, a resident of Kent County, Maryland, from the Defendant, a non-resident of the State of Maryland.

The Bill states:

1. That on the 26th day of November, 1908, Catherine Bailey Shelton was married to her husband, Benjamin F. Shelton, at Smyrna, Delaware, by a minister of the Gospel. The certificate of marriage is herewith filed as Complainant's Exhibit No. 1.

3. That your Complainant, Catherine Bailey Shelton, is now, and has always been a resident of Kent County, State of Maryland. That at the present time her husband, Benjamin F. Shelton, is a resident of Newcastle, Delaware.

4. That although the conduct of your Oratrix towards her husband the Said Benjamin F. 5. That there has been one child born to them as a result of said marriage but said child died when six months old.

6. That ever since the abandonment of your Oratrix by her husband, the said Benjamin F. Shelton, he has never provided for her support and maintenance.
