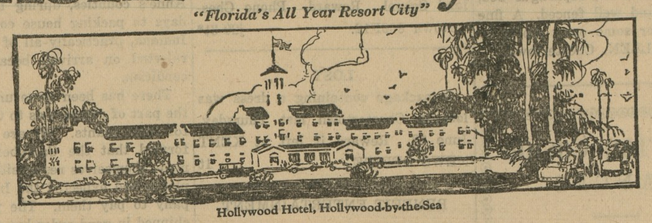
That Vacation of your Dreams at HOLLYWOOD-by-the-Sea

14 days of inspiring scenes—ocean trip—Living at a beautiful and well-appointed hotel—Bathing, sailing, auto rides, deep sea and tarpon fishing, and every form of beach recreation.

"Florida's All Year Resort City"



Hollywood Hotel, Hollywood-by-the-Sea

You who are shaping plans for vacation, look over the amazing opportunity presented by the "Vacation Fortnight" of Hollywood-by-the-Sea, and compare it with anything you have considered.

Compare it in allurement—and cost.

Nothing like it was ever before placed before vacationists in extent, in variety, in rest and recreation, and price.

Through a remarkable combination of arrangements, it is possible for the vacationist to go by steamer to Florida, and the peerless beach of the nation's romantic strand—*Hollywood-by-the-Sea*—live at the beautiful Hollywood hotels, surf bathe, idle on the glittering shore, and mingle with a host of other delights, all for $7 a day.

And this means *all*; transportation, sleeping quarters, meals and entertainment.

Mild, Refreshing Temperature, with the Invigorating Tang of the Sea

Imagination cannot exaggerate the charm and delight held forth in this unusual vacation trip. The sea voyage alone is a vacation in itself. Yet with all its charm, the ocean trip is but an inkling of the recreation, delights and rest that are to come.

Hollywood-by-the-Sea is an intriguing play spot for a visit in any month. Summer and winter, delightful breezes sweep in from the ocean, keeping the shore comfortable, refreshing.

There is the carefree restfulness of the tropics, enlivened by the spirit to be up and busy with pleasures and activities . . . the sea and the shore lay at your fingertips.

Here is climate that makes life easy; climate that stays the hand of age. The sun is kindly adding its wealth of color, as it rises and sets, to the colorful panorama of sea and land. Day skies and sun outpaint the rainbow in kaleidoscopic brilliance, night skies and moon out-romance the glamor of Orient.

The Atlantic seaside resorts rolled into one offer no more than Hollywood. Boating, Deep Sea Fishing, automobile rides through novel scenes, sailing, surf bathing and sightseeing.

And finally, here is the chance to see with your own eyes the realization of the dream of half the people of the United States. A marvelous chance to see what Florida is. A chance to visit Miami, Palm Beach, and all the other splendid seaside spots of the lovely strand which has more romance, more beauty, more to charm the imagination and senses than any other spot in the country.

TROLLEY SERVICE COMPLAINT FILED

Charles S. Smith, of Chestertown, filed formal complaint with the Public Service Commission regarding the discourtesy and indifference with which employes of the United Railways treat Eastern Shore patrons who connect with the No. 26 line of hte company at the Rock Hall Ferry, which discharges between Bay Shore and Sandy Beach.

Sevral times during the recent hot wave, according to Smith's complaint, trains have moved off almost in the face of 30 or 40 prospective passengers as they walked from the ferry to the car terminal, comvelling them to wait 20 minutes in the stifling heat for the next train.

FLORIDA MAKES BID FOR SUMMER VACATIONISTS

Clyde Line And Hollywood-By-The-Sea Announce Special Excursions To Convince East Famous Winter Playground Is Also Delighted Summer One.

Florida, the state of winter play, has no intention of conceding summer's crown to Atlantic City, Asbury Park and other Eastern watering places and retreats.

With temperatures according to government figures comparable for cool comfort to those existing along the Jersey shore and a beauty of scenery new to Northern eyes, the east coast of Florida, and particularly the southern portion, comes out with a bid for summer vacationists as tempting as Brooklyn's offer to its Florida charmed pitching star, Bill Doak.

Jointly the Clyde Line and the touring department of Hollywood-by-the-Sea a resort city 50 miles south of Palm Beach and 19 miles north of Miami, have announced excursions from New York to Hollywood-by-the-Sea. These vacation specials will consume fourteen days, Six days will be passed at sea, three on the outward bound trip and three on the homeward journey, the remaining eight at Florida's newest of all resort cities, Hollywood-by-the- Sea. Clyde Line steamers will carry the passengers to Miami, whence they will be taken by motor along the famous ocean drive to Hollywood-by-the-Sea. That the north may be convinced economically that the charms of Florida are as great in summer as in winter, the cost of this fourteen days excursion, including boat, hotel and meals afloat and ashore, has been set at $100.

Hollywood-by-the-Sea is the newest of all the all year resort cities of Florida. It is less than four years old and has been developed by Joseph W. Young, one of the present Florida developers.

Hollywood-by-the-Sea is directly on the Atlantic Ocean. In fact, it has seven miles of Ocean Beach on two miles of which is a 30 foot cement boardwalk electrically illuminated. Hollywood-by-the-Sea has surf bathing every day of the year, partly because of the gulf stream which is but three miles out. It has many beach activities, including a new bathing casino, one of the finest of its kind and a swimming pool, especially built for aquatic events. Some swimming events will be held in the pool next winter during the Florida social season which will bring some of the great swimmers of the world, male and female into competition.

On the beach at Hollywood is now under construction a $3,000,000 hotel of 500 rooms, which is promised to be one of the finest resort hotels in America. This hotel will be ready for the opening of the next winter season, January 1st.

Hollywood - by - the - Sea has two other hotels, the Hollywood and the Great Southern at which summer vacationists will be guests. The city has broad streets and boulevards; public utilities, apartments, business places, churches, schools—all done in Spanish type architecture. Hollywood-by-the-Sea has the two largest artificial lakes in Florida which will serve as yacht basins.

General George Washington Goethals, builder of the Panama canal is chief consulting engineer in the construction of a deep water harbor at Hollywood-by-the-Sea. This harbor will cost $15,000,000, according to estimate, and will be the finest harbor ,it is said, between New York and the Panama Canal. The building of the harbor is part of a plan of Joseph W. Young, builder of Hollywood-by-the-Sea to develop the industries, agriculture, and production for Florida by offering better and cheaper transportation, thus opening larger markets to Florida products.
