WHEN Cook and Peary come together the North Pole fur will fly.

THE announcement by the Baltimore Sun that it will support the suffrage amendment has taken the puff out of the Republicans and put enthusiasm into the Democrats.

THE Cecil county court begins on Monday. It will probably be one of the most important sessions of court ever held in Elkton, owing to the very large number of murder cases. We understand there are four cases.

THERE ARE 60,000 negro voters in the State of Maryland. These voters are the backbone of the Republican party in the State so far as its numerical strength is concerned. Now which would the people of Maryland and Kent county prefer—a State and county governed by a white man's party or to live continually in fear and dread of negro domination which will surely confront us in the event of Republican success this fall?

THE Democratic campaign was opened in Baltimore on Thursday night with a rousing mass meeting in the Lyric. Ringing campaign speeches were made by Governor Crothers, Senator Isidor Rayner, and Dr J. W. Hering, candidate for State Comptroller. As is usually the case the Republicans will come after the Democrats. That will be the case in the election, too. They'll come after the Democrats.

THE ONE great desire of the Republican party is to secure control of the next Legislature in order to change the election laws in such a manner as will give their 60,000 negro voters, few of whom pay any taxes at all, the right to dictate the policies of our State government. This is a most dangerous thing to do, because the negro voter is simply awaiting another Republican victory in order to claim the right to hold office, which by means of their numerical strength, they have a right to demand.

FORMER GOVERNOR Warfield, through the columns of the Sun, on Wednesday declared emphatically in favor of the proposed suffrage amendment. The Governor declares that the present amendment is free from the objections he urged against the Poe Amendment, and that it conforms to his views of a proper disfranchisement amendment. The Governor's stand for the amendment puts another nail in the Republican coffin and is a winning stake for one of the best Governors the State of Maryland ever had.

Gadd and A. Sydney Gadd, defendants," the undersigned, trustee herein named, will offer at public sale in front of the Court House Door, in the town of Centreville, Queen Annes county, Md.,

MORE OR LESS.

The above farm is one of the most beautifully located water front farms on the Eastern Shore of Maryland, overlooking the waters of both Corsica and Chester rivers, and is in a high state of cultivation. There are a number of bluffs along the river front which would make exceptionally fine locations for building sites.

The farm is all under good fencing.

Most all of the entire water front is well set in fine chestnut timber. About 212 acres of this tract constitutes the main tract and is almost all arable. The remaining 56 acres is a little distant from the main tract and is well set in good timber.

This farm is about three miles from Centreville and affords a rare opportunity to purchasers desiring a water front location, and at the same time to realize a good income from their investment. All fertilizer for the use of the farm and all grain and produce may be landed on the shores of the farm.

THE NEWNAM FARM

All That Farm, Tract or Part of Tract

of land, known as the "Newnam Farm," also situate in Corsica Neck, in the said Third Election district of Queen Annes county aforesaid: adjoining the property of Samuel Middleton, the Bramble Farm of William J. Price and the property of others, containing

250 Acres,

3 Roods and 5 Perches of Land,
MORE OR LESS.

This farm is beautifully located on Corsica river, is particularly productive and contains several bluffs abounding in shade trees and well adapted for building purposes.

The improvements consist of a

Brick Dwelling

with new two-story frame back building attached, new barn, large new stable, with implement shed and carriage house attached, meat house, poultry houses and all other necessary out buildings and is all under comparatively new fencing. The land is nearly all arable, produces well and is in a high state of cultivation. The river shore is well set in chestnut timber. The farm is within two miles of Centreville and is in every respect a desirable farm. Boats may land at the shore for freight or grain.

Both of these farms being located within a short distance of the County Seat of Queen Annes county, are in easy access to trains on the M. D. & V. R. R. and the P. B. & W. R. R., where are two trains daily for Baltimore and northern cities, and are in easy access to long distance telephone and telegraph.

Plats of both farms will be exhibited and further particulars made known on the day of sale.

Terms of Sale as Prescribed by Decree.

One-third of purchase money for each farm payable in cash on day of sale, and the balance of purchase money payable in equal installments in one and two years from day of sale, or cash, at option of purchaser; the credit payments, if any, to bear interest from day of sale and to be secured to the satisfaction of the trustee.
