Now You Can Wax-Polish A Your Floors and Linoleum

" Easily—Electrically—ten times faster than by hand "

Gleaming waxed floors are no longer a luxury—NOW you can have their radiant glow in every room. The new Johnson's Wax Electric Treatment makes WAX the most economical of floor finishes. This treatment takes only a few minutes—there is no hard work — no stooping or kneeling — no messy rags and pails. It won't soil or roughen you hands! And it saves you all the bother and expense of frequent refinishing.

This Johnson's Wax Electric Treatment is so easy anyone can use it. Just spread on a thin coat of Johnson's Polishing Wax with a Lamb's wool Mop. This cleans as it waxes. Then run the Johnson Electric Polisher over the floor and let ELECTRICITY do all the work. This Electric Floor Polisher is much easier to run than a vacuum cleaner—it glides along silently, smoothly, leaving a path of beauty behind it. You don't need to push the Johnson Electric Floor Polisher.

It makes no difference whether the floors are old or new—of wood, linoleum, tile or composition. Nor how they are finished — with varnish, shellac, wax or paint.

You can rent this Electric Floor Polisher for $2.00 a day and in just a short time give all your floors and linoleums this beautifying wax treatment.

HOW CAN I HELP OUR FIRE DEPARTMENT ?

On Saturday, January 15th, Church Hill was visited by a disastrious fire. Fire Companies from Chestertown, Easton, Centreville and Millington responded to the call for additional help.

It was snowing hard, blowing and very cold, but the boys of the respective companies stuck to the task of checking the fire as quickly as possible, which was only accomplished after despatching extra hose to the scene in order to get sufficient water pumped from the mill stream, fully a quarter of a mile distant.

These men were all volunteer Firemen, without pay of any kind, they risk their lives, their health and their day's pay in many cases to serve others, who are in need of help when a fire suddenly takes place.

These men need encouragement, the public's good wishes and support and the glad hand at all times, visit their meetings, call on them and show in person you are thoroughly interested in their duties. You will be welcome I am sure.

At this particular fire in Church Hill, one of the members of a certain company came to one of the homes in the town, so cold he was hardly able to remove his Rubber Coat, which was coated with ice, his hands were stiff with the cold to such an extent he could not unfasten the clamps and not only this, but his water proof laced boots were full of water, his stockings soaked and his feet next to frozen. The man was furnished hot coffee, towels and dry stockings by the ladies of Church Hill, showing that they, whose property was not damaged by the fire, were trying their best to provide comforts to others.

In the above particular case, the writer was an eye witness as also a witness of others who were suffering severely wth the cold. This was not the only incident of hardships, but it was all over the entire town, every man doing his duty.

Let those who are not particularly interested in such work take a joy ride on a Fire Truck on a cold day going at a speed of from 45 to 55 miles per hour and in some instances even 60 miles per hour and if they think it is a warm job, then they had better buy a few palm leaf fans when the truck stops.

And right here what do you think of your own Firemen, when they responded to the gasoline gutter fire Thursday morning? did they do good work?, can they be depended upon? they have been tried many times but in this particular incident they more than proved their worth.

Visit their meetings and show by your presence you are proud of men who are ever ready to do their duty and help others.

A GROWING CONCERN

The growth of the Summons Finance Corporation, which has its main offices in Wilmington, Del., and branch offices at Baltimore, Md., and Reading, Pa., has been due in a large measure to the individuality of its president, D. H. Summons, aided by an unusually able board of directors. The recent acquisition of the Continental Mortgage and Credit Company of Baltimore by the Summons Finance Corporation is another marked step in the growth of the Summons Finance Corporation.

The Summons Finance Corporation was formed in November 1924 and occupied its Wilmington offices in May 1925. Since that time, the company has grown by leaps and bounds. It has already paid 3 dividends on the preferred stock, at the rate of 8 per cent per annum.

Mr. Summons had mace his way in the world largely through his own efforts. He lost his father while young and his mother struggled to keep her small family together. It was nothing for her to husk corn in the field or cut shingle-bolts with a cross cut saw in the woods. D. H. Summons as soon as he was able, went to work on a farm and earned $4.50 a month and gave half of that to his mother. He kept working, however, and his efforts were rewarded with success.

Messrs. Ellsworth C. Bowers and Charles N. Satterfield are local directors of this company.

CHEVROLET FOR HILLS

Driving a Chevrolet car daily in the rough, hilly districts of Missouri for a total repair cost of $23.85 for 20,000 miles of driving over a period of six years is the record attained by Mrs. Olen Gentry, of Mill Grove, Mo.

The sturdy endurance of the Chevrolet never was attested better than through its popularity among those who live in the mountainous localities, according to Mrs. Gentry.

In August, 1920, Mrs. Gentry purchased a Chevrolet touring car and in December of 1926, the owner figured that it was about time to buy a new model "Although my old car is still giving excellent service, I expect to turn it in soon on a new 1927 Chevrolet Coupe," Mrs. Gentry said.

The old car which she is now driving was purchased only after an earlier model Chevrolet had given her steady service from 1916 to 1920. Rough, rocky roads feature the mountain country and only cars with powerful motors, combined with staunch construction, are able to withstand the terrific grind of daily use, the owner says.

NOT very thick—is it? Yet by the thickness of the dollar bill they failed to bank, thousands of people have just missed success. The dollar bill in a bank account here is thick enough to support a man from disaster.

NOTICE TO DEALERS

At a meeting of the Executive Committee of the Law and Order League of Kent County held in Chestertown Tuesday, the sale of denatured alcohol by garages and others to parties who abuse this privilege was mentioned and the Executive Committee decided to ask the various business concerns to exercise more caution and discretion in these sales.

IN MEMORIAM

In loving remembrance of my dear son, Leslie P. Sewell, who died eight years ago January 24, 1919.

He who brought me so much sunshine
Cheered my thoughts through darkest days,
Making earth seem like Heaven
By his many loving ways.
Only a few lines, dear Leslie,
To say I will never fogret
The happy years we spent together
For the memory lies with me yet.
In our home you are fondly remembered,
Sweet memories will forever cling to your name,
The heart that loved you in deepest affection,
Loves you in death just the same.

Lonely Mother, Mary C. Ryan.

Eight long years have passed, dear Leslie,
But our hearts are just the same,
Many a silent tear has fallen
At the mention of your name.

1t* John C. Ryan.
