WINKLER LP* OIL BURNER

OWNERS REPORT FUEL SAVINGS UP TO 50%

You won't believe it till you see it, so come in today for a demonstration of the Winkler LP*. See it burn dirty oil, low grade oil, a mixture of oil and water, crankcase drainings, "hard-cracked" oil —without smoke or soot.

The main reason why a Winkler LP* saves oil and money is because it can be sized exactly to your heating requirements. It burns *just enough oil*—no heat wasted up the chimney.

Your service troubles are over when you install a Winkler LP* —its simple, dependable design and clog-proof nozzle save costly service work.

A demonstration will open your eyes . . . come *in today!*
