Picnic Areas Constructed Along Maryland Highway

More than 100 wayside picnic areas have been constructed along Maryland highways during the past year. The areas, located in every section of the State, will provide picnic table accommodations for more than 2500 persons and nearly a thousand cars.

Ranging from simple single table installations to elaborate scenic overlooks with as many as a dozen tables and fireplaces, the program was originated by Gov. Theodore R. McKeldin shortly after his Inauguration.

As he traveled over the State, the Governor noticed many people eating picnic lunches in their cars, parked on road shoulders, or seated on the grass at the edge of the roads. Knowing that Maryland had never had a program for building picnic areas and convinced that the State should undertake such an effort, Governor McKeldin evolved a plan under which the State Roads Commission would build the areas. No funds were appropriated for the work, which was done by State Roads Commission Maintenance Personnel, using materials native to the area and salvaged for the purpose.

Picnic areas in Queen Anne's County is US 50 7.8 miles east of Chesapeake Bay Bridge and one mile, more or less, from Queenstown. US 50 West Lane 7 miles East of Chesapeake Bay Bridge, or one mile from Queenstown.

A New Business Opens Today!

It's in a clean, modern, new building. And its success depends entirely upon your patronage.

Unless any business is founded upon a policy of fair, ethical dealing with the public, it cannot succeed. Yes . . . you can discount the fine new building and even the quality of its products. It demands integrity in the people who run it.

For that reason, Frank and Jack Draper's new business is confident of success. Here you will find the best quality beers, wines and liquors, priced as low as they can be bought. And here you will always find a courteous reception and a willingness to serve, backed by a sincere desire to please you!
