It is important that every member of the Methodist Church has a complete understanding of the doctrinal basis of his faith. During the fall season the three churches of the Queenstown Methodist Charge will be engaged in studying the doctrines of their church. This will be done through a series of Bible Study classes for teen-agers on every other Tuesday, beginning September 29. The adults will have a prayer and study group on the fourth Monday of every month. To supplement this program the sermons through the first of January will deal with the great biblical doctrines of the church. The sermon topics will involve the study of the Christian doctrines of God, Jesus Christ, the Holy Spirit, and their relationship in the Trinity. This will be followed with the Christian doctrine of man, in terms of sin, redemption, and sanctification, or holiness. There seems to be many questions in the minds of people concerning prophecy and the doctrines of the last days. Every effort will be made to study together in a spirit of love and harmony, for it is difficult for truth to come out of conflict.

From where I sit ... by Joe Marsh

Cream Whips Main Street Traffic

Big traffic jam in front of the office last week. Thought everybody in the county was coming in to buy *The Clarion*, but they weren't.

Seems a 5-gallon can fell off Whitey Fisher's truck, spilling cream all over the street. Our cop on duty, Tiny Fields, halted traffic so Whitey could pick up the can. Tiny was about to wave the cars on when a kitten ran out and started lapping up the cream.

Well, traffic piled up, but Tiny paid no heed. Light changed green three times. After the kitten had enough, Tiny waved the traffic through.

From where I sit, this was just a "Tiny" demonstration of the way people in our town are. They're usually pretty considerate and tolerant. If one of our neighbors prefers a good glass of beer to his friend's coffee at dinnertime, it's just each to his own taste and everything's "smooth as cream" between them.
