Blinker Light Operating at Wye Mills Intersection

The State Roads Commission last week installed two blinker lights at the intersection of U.S. Routes 50 and 213, just north of Wye Mills in Queen Anne's county.

Because of several accidents at this intersection in recent months, in particular a Labor Day mishap in which three prsons were killed, various groups and individuals in the county had requested that full trafic lights be put up.

The commission compromised with blinker lights.

The lights flash RED for traffic on Route 213 nd YELLOW for motorists on Route 50.

These are the same types which have been operating at the 404 and 50 intersection just a mile south of this site.

FOR SALE—Baking and Stewing chickens, 30 cents a pound. Mrs. Mary Lister, Queenstown, Md., Phone Queenstown 2594.

NOTICE TO CREDITORS

REAL ESTATE ONLY

This is to give notice that the subscriber has obtained from the Orphans' Court of Queen Anne's County, Maryland, under Section 117 of Article 93, of the Code of Public General Laws of Maryland, letters of Administration on the Estate of

JOHN J. BUCKEY,

late of Cuyahoga County, Ohio, deceased, who died without leaving personal estate, but leaving certain real estate in the State of Maryland. Pursuant to the Order of said Court all resident and non-resident creditors of said deceased are hereby warned and notified to file their claims against said deceased, with the vouchers thereof legally authenticated in said Court on or before the 25th day of June, 1954. The law provides that no claim not filed on or before the date mentioned can thereafter be asserted against such real estate in the hands of a purchaser for value.

Given under my hand this 11th day of December, 1953.

ELLEN M. STEMPLESKI
Ancillary Administratrix of the estate of John J.Buckey, deceased.

When you must stop QUICK
You CAN on Concrete

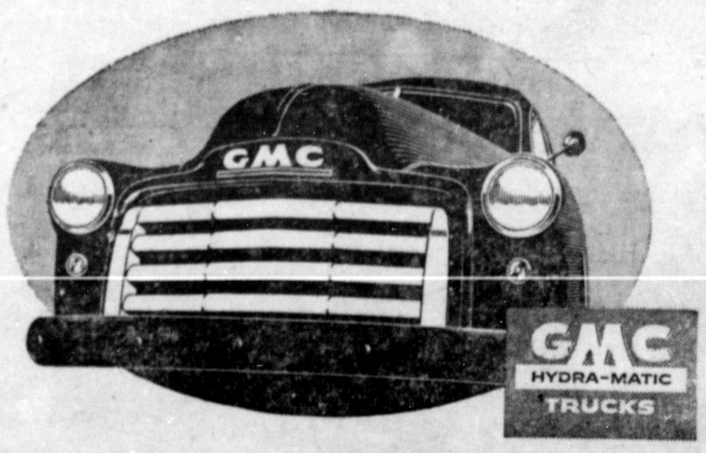
You're driving on a residential street. Suddenly, from behind a parked car, a boy cycles into your path. Seeing you, he swerves—too sharply—and falls. Your heart jumps as you slam on the brakes. Will you be able to stop in time?

Your chances will be much better if you're driving on concrete. Concrete's gritty texture grips your tires firmly, permitting you to stop fast, without skidding, even in wet weather.

That's one reason why fewer accidents occur on concrete. When you must stop quick, concrete often makes the difference between life and death. So insist on concrete pavement for all your streets.

PORTLAND CEMENT ASSOCIATION
1526 Walnut St., Philadelphia 2, Pa.
A national organization to improve and extend the uses of portland cement and concrete . . . through scientific research and engineering field work

INSIST ON CONCRETE . . . THE SAFETY PAVEMENT



For a real bargain — get a real truck!

SURE, you can save a few dollars now on a truck price-tagged slightly less than a GMC. But if you want a bargain that will still be a bargain after years of hard truck-work, ask these questions *before* you buy:

Does the truck give you a GMC's 105 H.P.? That's up to 19% *more* power than comparable sixes. It hustles a GMC's top loads up tough pulls—without engine strain.

Does it have a GMC's 8.0 to 1 super-high-compression? That gives you quicker getaways — more drive — better mileage. All on regular gas.

Does it offer a GMC's engine-sparing Truck Hydra-Matic*? With it, you say good-bye to gearshift wrestling. No more clutch repairs. Maintenance costs shrink.

Does it have the extra protection of a GMC's self-energizing brakes? The extra comfort of a GMC's "Six-Footer" cab? The handling ease of a GMC's ball-bearing steering action?

If all the answers are "yes," you have a *real* bargain—a GMC. And there are 19 handsome ½- to 1-ton models to choose from. How can you lose?

**Standard equipment on Package Delivery chassis; optional at moderate extra cost on all others.*

W. H. BISHOP

Queenstown, Md. Phone 2441

You'll do better on a used truck with your GMC dealer
