LOCAL NOTES.....

The By-Kota Club will hold their Bazaar Saturday, May 26th.

The Old Maids' Convention will be repeated Monday evening in Chestertown Grammar School for benefit of P-T-A.

Hog cholera has made its appearance on the premises of J. Aubrey Faucett and Richard Barber, Chestertown.

The Ochatomaquath Camp Fire Girls planted flowers in the fountain in the Park last Saturday. They were cannas, celandies, petunias and sweet-alyssius.

Mrs. Samuel E. Cooper and Mrs. Fred T. Robinson, delegates, and Mrs. Annie E. Kirby, alternate, attended the annual convention of the State Daughters of America held in Baltimore this week, as representatives from the Chestertown Council.

At the annual meeting of the Juvenile Home Missionary Society of Christ M. P. Sunday School following the session on Sunday morning the following officers were elected for the year: President, Fred. G. Usilton Jr., vice president, W. Robert Huey, Jr., secretary, Miss Patience Pyle.

County Agent Horace B. Derrick and Farm Bureau officials are gratified that for the fourth consecutive month during the year not a single outbreak of hog cholera has been reported to exist on any of the farms in the county.

Miss Ethel Shirley was county winner in the essay contest regarding the early history of Maryland which is instituted each year by the Eastern Shore Society of Baltimore. She selected as a subject for the patriotic essay, "Captain Lambert Wickes" whose relatives are still living on Kent county soil. Captain Wickes was commander of the vessel that took to France Minister Plenipotentiary and Envoy Extraordinary Benjamin Franklin when he went to negotiate peace with Great Britain after the close of the Revolutionary War. This award carries with it a prize of twenty dollars in gold.

D. Raymond Hill expects a carload of Wisconsin dairy cattle at Kennedyville today. He sold a carload this week.

A marriage license was issued this week to Chas. T. McCleary, 22, and Mary K. Kennard, 18.

Mrs. Nell C. Westcott, executive secretary of the Kent County Chamber of Commerce, has returned to her office after attending the Sixteenth Annual Meeting of the National Chamber at headquarters in Washington, D. C. Other Kent countians who attended part of the session were Wilbur W. Hubbard and Mrs. Isaac Dixon, both members of the local organization. Complete copies of all speeches will be on file at the Chamber offices if any desire to read them in detail.

Ray Bonwill has purchased of Geo. E. Lambert his cosy residence and 45 acres adjoining H. Stockton Startt, near town.

Christ M. P. Church, Chestertown. N. O. Gibson, Minister. Sunday, May 20. Sunday school at 10 a. m., divine worship at 11 a. m. and 7.30 p. m., preaching by the pastor; Christian Endeavor at 6.45 p. m. Wednesday, church night, 7.30 p. m. Friday, Junior and Intermediate C. E. at 6.30 p. m.; Teacher Training Class at 7.30 p. m. Welcome.

Bond Chapel

Robert H. Green, Minister

Sunday school 10 a. m., A. C. Loud, superintendent. The superintendent is very anxious for every family of the community to be represented in the school to study God's word this Sunday. Preaching 11 a. m. by the pastor. Special music by the choir. A special meeting of the Sunday School Board will meet at the close of the morning service. Epworth League 7.30 p. m., Norman Lee, leader. Plan to worship God with us in the church by the side of the road.

Mowbray Chapel, Cliff City

Sunday school 2.30 p. m., Mrs. I. V. Kirby, superintendent. Great interest is being manifested by the members of the school. A delightful program was presented by the school last Sunday evening. Epworth League 7 p. m., Edward Beck, leader; preaching 7.30 p. m. by the pastor, Mr. Green.

MARY PICKFORD IN "MY BEST GIRL" AT LYCEUM THEATRE

Manager Russell of the Lyceum Theatre has not decided yet whether he is going to call the coming week, "Laugh Week" or "Love Week" at his popular playhouse. Mary Pickford in "My Best Girl," the feature picture which shows at the Lyceum on Thursday and Friday, May 24th and 25th, was directed by Sam Taylor, who is famous for the laughs he put into Harold Lloyd's productions; and the Pickofrd picture is said to teem with delightful comedy. On the other hand, "My Best Girl" was written by Kathleen Norris, whose love stories are a delight to lovers of romance and who knows the heart of youth as few other American writers do.

"My Best Girl," is the story of a shop girl, Maggie Johnson, who through all the hard knocks she receives, still retains a belief in better things. She is an enigma to her own family, who cannot understand the idealism with which she paints out the shadows in their lives. At the store she meets a new employee, Joe Grant, with whom she falls in love. She has no idea that he is the son of her employer. It is a marvelous romance of two youngsters walking headlong and blindfoled into the trap that Fate has set for them. Maggie has a sister whose friendship for a married man nearly wrecks the whole Johnson family and does play havic with Maggie's own romance.

Charles Rogers plays the part of Joe Grant, and it is expected that this handsome youngster, last seen in "Wings" will soon be one of the most popular leading men on the screen.

The beautiful Carmelita Geraghty is cast for the part of Liz Johnson, hard-boiled sister of Maggie. Hobart Bosworth, the well known character actor, is the wealthy owner of the big store and the father of the hero. In the several dramatic scenes he is called upon to play, his performance has received plaudits of all critics who have viewed the picture.

Lucien Littlefield is Maggie's Pa. Among the other members of the cast are Avonne Taylor, Sunshine Hart and Mack Swain, Charlie Chaplin's playmate in "The Gold Rush."

The Kathleen Norris novel was written as a screen play by Allen McNeil and Tim Whelan, with the technical adaptation by Hope Loring. Many unusual photographic effects have been contrived by Charles Rosher, who has been chief camera man for Miss Pickford during the past ten years.

The Chestertown Rotary Club was addressed last Monday evening at "Maplehurst" by Rev. Dr. Chas. L Atwater. His subject was "Boys" and he gave a most interesting and able talk.

GENERAL ELECTRIC REFRIGERATOR WORRY PROOF

In these busy days, when the house wife has numerous interests outside the home, it is necessary for the manufacturer of home appliances to make his product as free from mechanical worry as possible, without interfering with its efficiency.

The busy house-wife cannot be expected to remember to oil the mechanism, yet in most machines it is necessary that this attention be given at regular intervals to prevent serious damage and expense. Then, too, there is the inconvenience suffered by being temporarily deprived of some much needed household aid.

"The General Electric Refrigerator is one that can be plugged in the nearest convenience outlet and actually forgotten, in so far as the mechanics of the machine are concerned," states Chas. H. Brice, Betterton, Md. "However, the very beauty of the machine and the perfect service it renders it from becoming forgotten once it is installed in the kitchen," he continued. "We have had a number of inquiries from women who have seen General Electric Refrigerators in the homes of their friends. Its extreme simplicity invariably makes a lasting impression on them and has been the cause of quite a number of the machines being installed in homes throughout the city."

According to Mr. Chas. H. Brice, General Electric Refrigerators are made in a variety of sizes and are finished in porcelain and white lacquer.

PERSONAL AND SOCIAL NOTES

STRAW HATS

that "head" them all for style

THIS STRAW HAT IS IN THE LEAD

At the races, the country club, down town—every place, in fact, well dressed men wear this hat. Its cool, crisp straw gives you a whole season's wear.

Plain or fancy bands

$2.00 to $5.00

THIS IS THE RIGHT SOFT HAT

Its medium brim dips "fore and aft;" the square cut crown hugs the head just firmly enough. Its one of those hats you never want to loose.

Puggaree or fancy bands

$5.00 to $6.00

SPORT CAPS

Scotch tweeds, home spuns or white linen are the fabrics; very swagger, easy styles with medium peak.

$1.50 to $3.00

TELESCOPED MILANS AND FLORENTINES

In the new shades of tan brown and grey with silk bands of contrasting color. These hats have all been water proofed and are very light on the head, while the price is light on the purse.

$1.50 to $4.00

BORDLEY & SON

Chestertown, Md.

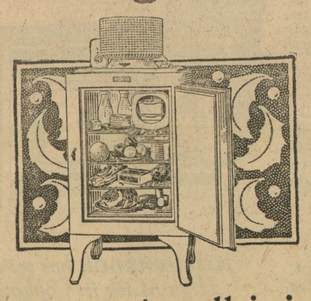
Also Whitewash Lime.

GENERAL ELECTRIC Refrigerator



We can install it in your home by Christmas

It is easy to have a General Electric Refrigerator installed where and when you want it. It takes just a few minutes. There are no plumbing or assembling jobs. Here is an electric refrigerator so simple that all you need to do is to plug it into the nearest electric outlet and it works.

Just say the word, and we will have it installed in your home in plenty of time for Christmas. Where can you find a gift that would bring more all-year-round joy than this?

CHARLES H. BRICE

Betterton, Md.

THE NEW FORD CAR

BODIES

The bodies of the new Ford are of steel, the only wood used being stripes for attaching interior trim, and in the soft roofing of the closed cars. In designing the new Ford car every precaution was taken to prevent squeaks, ratles or drumming sounds. The bodies are built with every feature necessary to eliminate metallic noises. The doors are of heavy construction and welded to give greater strength and rigidity. All body parts that are of steel stamping which might develop noises have re-inforcing beads which not only prevent drumming sounds, but also increases strength. In assemblying a body, panels and frame sections are welded and riveted together where ever there is a possibility of the body weaving, due to uneven conditions on the road, thus eliminating all chance of metallic squeaks of this nature. In the final assembly of the large units of the body where bolts are necessary stripes of anti-squeak material are used between the sections. Wherever there is two pieces of metal coming together which might cause squeaks a double ply artifical leather anti-squeak tape is put between them. Another feature of the body construction is the insulation of a heavy pad heat insulatior on the dash of each car. This pad not only keeps heat from the engine entering the front part of the body, but also serves to quiet noises.

WINDSHIELDS

The windshields of the new Ford cars are of triplex shadow proof glass, and important safety feature. When this glass is broken each small particle of glass adheres firmly to the pyroxlin plastic internal layer with the result that there is no flying glass. This is a highly important safety factor in automobile accidents, a large percentage of injury result from cuts by flying glass, particularly from the windshield. There are also other safety features of this glass. It softens direct sun rays, it beraks headlight glare, it eliminates condensation under windshield of closed cars during winter and is flexible under impact.

There are many more important features of the new Model A car which we will be glad to demonstrate to you if you will give us a call.

IT PAYS TO FERTILIZE A CORN CROP

Did you know, it pays to feed your Corn better than most any other crop, particularly with our regular Corn Fertilizer, that is especially adapted to its growth and maturity.

One of the requisites is to apply a sufficient quantity say: 350 lbs. to the acre, which is the amount used by the most successful Corn growers.

All of the County Agents and agronomists over the Country are now advocating the use of fertilizers on your Corn, as it not only increases the yield from 15 to 20 bushels more than the unfertilized, but also improves the quality, in that one user claims, he has now 50% more merchantable corn, than he used to have, before he commenced using fertilizer.

I know of one man, who bet his Son, it would not pay to use fertilizer, as he never had, they each put in a field, the young man fed his and the old man lost his bet, TRY IT.

For Tomatoes

Use Our Peerless Tomato Fertilizer, this has been on the market for years and many of the most successful Tomato Growers, will use no other.

We had one customer, who grew 19 tons to the acre a few years ago, with our goods and we will be pleased to supply you.
